**GRANDMA HAD CONSUMPTION**

and I am afraid I have inherited it. I do not feel well; I have a cough; my lungs are sore; am losing flesh. What shall I do?

Your doctor says take care of yourself and take plain cod-liver oil, but you can't take it. Only the strong, healthy person can take it, and they can't take it long. It is so rich it upsets the stomach. But you can take

**SCOTT'S EMULSION**

It is very palatable and easily digested. If you will take plenty of fresh air, and exercise, and SCOTT'S EMULSION steadily, there is very little doubt about your recovery.

There are hypophosphites in it; they give strength and tone up the nervous system while the cod-liver oil feeds and nourishes.

The shot gun can be heard daily. We suppose the game will be scarce till the citizens come out in search of some. It may seem strange to some people that I left the other party out as citizens, but I can't regard a man who disregards the law. I think such a person should not have the protection of the United States. Every man who is protected by this government ought to have sense enough to obey the law, and if he has not he ought to be taught by giving him the full extent of the law.

**Excellent Farm for Sale.**

Wishing to quit farming, I am offering of private sale a most excellent farm containing 107 acres of rich farming land, 87 acres of which is clear and in a good state of cultivation. The balance is timber. On the land is a good large bank barn, excellent dwelling house, good size all kinds of outbuildings in good repair, good cane molasses factory, good never-failing water near the house and in the fields for the stock, excellent apple orchard, abundance of peaches, cherries, pears, and all kinds of small fruit, such as black and red raspberries, grapes, currants, plums, etc.

The property is located convenient to church, store and postoffice along the public road and is a very prominent farm. We raise excellent grain and grass; have good fences and a fine location for a fish dam within sight of the house. The soil is good, deep and rich, no stones to bother with, no ditching necessary, no slate and we have an easy road to the river. We will also sell 20 acres which will make a splendid farm for some one who does not care for much land.

This farm was twice sold for \$3,000 and is now offered at the very low price of \$2,900. If it were not for the fact that I wish to discontinue farming, the farm would not be offered at so low a figure. A clear title can be given.
