To our dismay the viewers for the new road in Centre township vacated it. We can little see or know for what reasons they have thus acted, unless in order to please the citizens in the east end of the township. We very well know and every person can see that the road would not be as great a benefit to them as it is to us. The should-be-road if granted and completed would have been as level and much used a road as Centre twp. can boast of possessing. But as the Holy Writ says: "Ye shall not murmur," we must be satisfied, but the doings of all who assisted in vacating the said road are burdens they must carry.

The metropolis of Herndon and our town have many interests at common; but the insurmountable obstacle, the Susquehanna river, and the vanishing hope for a bridge across the river at Port Treverton during the present century, has been relieved considerably by the Penn Telephone Co. bringing us face to face with the metropolis and now there is a ray of hope that the much needed bridge will be built some time during the next century.

The Kind You Have Always Bought
Bears the Signature of *Dr. J. C. Ayer*

FIFTY YEARS OLD
Why let your neighbors know it?
And why give them a chance to guess you are even five or ten years more?
Better give them good reasons for guessing the other way. It is very easy; for nothing tells of age so quickly as gray hair.
Ayer's Hair Vigor
is a youth-renewer.
It hides the age under a luxuriant growth of hair the color of youth.
It never fails to restore color to gray hair. It will stop the hair from coming out also.
It feeds the hair bulbs. Thin hair becomes thick hair, and short hair becomes long hair.
It cleanses the scalp; removes all dandruff, and prevents its formation.
We have a book on the Hair which we will gladly send you.
If you do not obtain all the benefits you expect from the use of the Vigor, write the doctor about it. Probably there is some difficulty with your general system which may be easily removed. Address, Dr. J. C. Ayer, Lowell, Mass.

Excellent Farm for Sale.
Wishing to quit farming, I am offering at private sale a most excellent farm containing 107 acres of rich farming land, 87 acres of which is clear and in a good state of cultivation. The balance is timber. On the land is a good large bank barn, excellent dwelling house, good size, all kinds of outbuildings in good repair, good cane molasses factory, good never-failing water near the house and in the fields for the stock, excellent apple orchard, abundance of peaches, cherries, pears, and all kinds of small fruit, such as black and red raspberries, grapes, currants, plums, etc.
The property is located convenient to church, store and postoffice along the public road and is a very prominent farm. We raise excellent grain and grass; have good fences and a fine location for a fish dam within sight of the house. The soil is good, deep and rich, no stones to bother with, no ditching necessary, no slate and we have an easy road to the river. We will also sell 20 acres which will make a small farm for some one who does not care for much land.
This farm was twice sold for \$5,000 and is now offered at the very low rate of \$2800. If it were not for the fact that I wish to discontinue farming, the farm would not be offered at so low a figure. A clear title can be given.

Railroad for Fulton County.
Surveys are being made in Fulton county, this state, which is now without a railroad, by a representative of the Baltimore and Ohio. The latter plans to send a new line into that territory. William Edwards, a geologist and mining expert from the south, is prospecting in that county in the interest of the railroad and has taken out samples of iron ore, baryta, ochre and other minerals. Citizens of the county have started a movement to raise a bonus to further the project of the Baltimore and Ohio to build a branch from Hancock, Md., to McConelsburg, the county seat of Fulton. Once this line is built the Tuscarora line, it is said, will be extended to McConelsburg, and after that to other points near to, but not touched by, the Pennsylvania lines.
