

**An Address to the Republicans of Snyder County.**

**WE ARE** upon the eve of an important political election, and in the closing hours of the contest, the Republican Standing Committee of the County, through its Chairman and Secretary, issue the following address. Large and enthusiastic meetings have been held in all portions of the county, which were ably addressed by prominent party workers from this and other counties in the State. The issues of the campaign have been ably and intelligently discussed, and the large attendance at all these meetings is conclusive evidence that the Republicans of Snyder County are fully aroused and the Committee is encouraged to believe that Snyder County will give no uncertain sound at the polls, on the 6th inst. Much literature has been distributed, while the papers of the county have given gratuitously, many columns of their space, to the advocacy of the cause of Republicanism, the press of the county has never been more unanimous, or worked more enthusiastically for the success of the entire Republican ticket, than during the present campaign. The Committee takes this method of thanking one and all, who have given them such a loyal support in the campaign up to this time, and calls upon every Republican to do his full duty, there should be no skulking, let every Republican get into line, stand up and be counted. The work has been done and it now becomes the duty of every Republican in the county to turn out on election day, and to see that his neighbors do likewise. As American freemen, let us exercise our God given prerogatives, by casting our ballots in the interest of that grand old party who gave us a Lincoln and Grant, a Garfield and McKinley—and which has done so much for the perpetuity of the American government and the prosperity and happiness of the people.

Go to the polls, put your cross, [X] in the circle at the head of the Republican column, which is the first one on the ticket. This is the only safe way to vote so as to be sure that your ticket will be counted. The ballot is too large and cumbersome, and by cutting or scratching it, you may lose your vote for McKinley. Don't take any risk, hence the best and only safe way, will be to make an X in the circle at the head of the Republican column, and then you will know that you have not made a mistake, and that it will be counted.

Our ticket, National, State and County, is a good one, the men are all well qualified for the various offices for which they have been nominated. They have one and all been fairly and honestly nominated, and should be supported by every Republican in the county.

The Committee will present a banner to the election district in the county, which gives the best proportionate vote for the entire Republican ticket, taking the vote of 1899 to base the decision on. Let there be a generous rivalry in every election precinct in Snyder County, to carry off the prize.

And now the Committee appeals to the intelligent and loyal Republican voters of Snyder County, to support the entire ticket, from President McKinley to Jury Commissioner. The

Committee has done what it could, every member has done what he could to make the campaign a success, but unless each and every Republican voter turns out and supports the entire ticket, our efforts will have been in vain.

Fellow Republicans, the issue is in your hands, if you remain true to your past history, Snyder County will give at least 1,200 majority for the entire Republican ticket.

Yours for a sweeping victory and the election of the entire Republican ticket.  
**EDWIN CHARLES,** Secretary.  
**J. A. LUMBARD,** Chairman.

**THERE IS NO DEATH**

SIR BULWER LYTTON

There is no death! The stars go down  
 To rise upon some fairer shore,  
 And bright, in heaven's jeweled crown,  
 They shine forevermore.

There is no death! The dust we tread  
 Shall change, beneath the Summer showers,  
 To golden grain, or mellow fruit,  
 Or rainbow-tinted flowers.

There is no death! The leaves may fall  
 And flowers may fade and pass away;  
 They only wait through wintry hours,  
 The coming of the May.

There is no death! An angel form  
 Walks o'er the earth with silent tread;  
 He bears our best loved things away,  
 And then we call them dead.

He leaves our hearts all desolate,  
 He plucks our fairest, sweetest flowers—  
 Transplanted into bliss, they now  
 Adorn immortal bowers.

The bird-like voice, whose joyous tones  
 Made glad these scenes of sin and strife,  
 Sings now an everlasting song  
 Around the tree of life.

Where'er he sees a smile too bright,  
 Or heart too pure for taint or vice,  
 He bears it to that world of light,  
 To dwell in Paradise.

Born unto that dying life,  
 They leave us but to come again,  
 With joy we welcome them the same,  
 Except the sin and pain.

And ever near us, though unseen,  
 The dear, immortal spirits tread—  
 For all the boundless universe  
 Is life, there is no dead.

**IMMORTALITY**

In all Nature—in tree, in plant, in earth and sky  
 and in the rock-ribbed sea, whose murmuring waves  
 ceaselessly whisper, "Forever and Forever"—in letters  
 of unchangeable gold—fixed by the Hand, and  
 bearing the imperishable Seal of The Great I Am,—  
 is written "Immortality." There is no death.

**WAR VETERANS AND THEIR SONS.**

**Patriotic Pennsylvanians Rallying For McKinley and Republicanism.**

**EXPERIENCES IN TWO WARS.**

**Bryanites of Today Are But Repeating Copperhead Attacks Which Characterised Their Party in the Days of Lincoln.**

In view of the malicious assaults upon the McKinley administration and the United States soldiers in the Philippines by the Bryanites of today, a profound sensation was made by the recent publication of the story of the arrest of P. Gray Meek, present Democratic candidate for auditor general in Pennsylvania, for his copperhead newspaper assaults upon Lincoln in the dark days of the rebellion. Meek's attacks upon Lincoln were no more bitter nor vindictive than are the tirades of his Democratic associates in this campaign against McKinley.

A feeling of intense hostility to the present leadership of the Democracy has been aroused among men who have served in the army and navy of the United States, both during the rebellion and in the recent war with Spain. Sons of veterans of the civil war who number many thousands in Pennsylvania, are thoroughly aroused, and they propose to make their influence felt at the coming election. Many of them who have been voting with the Democracy will vote for President McKinley and the entire Republican ticket.

National headquarters of the Veterans' Patriotic League have been established in Philadelphia, and great work is being done in the way of organizing the old soldiers and the sons of veterans. General Director Daniel Sickles, who is a conspicuous factor in this organization, has issued an appeal for support for President McKinley, which voices the sentiments of those with whom he is associated. "Let me urge every soldier and sailor," says General Sickles, "to lay aside party feeling and unite for national honor and for law and order, as you did in '61 and '65. The present crisis seems to me as vital to the welfare of the country as that which called us to the field."

**PROSPERITY AND SAFETY.**  
 "Let us re-elect Comrade McKinley. Let us help him to uphold and increase the prosperity the nation now enjoys. Let us run no risk by disturbing the conditions which are rapidly giving to us the control of the best markets in the world for the products of our mines, our manufacturing and of our farms. The re-election of McKinley means employment for labor everywhere at good wages, paid in gold. It means profitable markets for our wheat, corn and cotton, for our gold, iron and steel, for all of our manufactured products."

"It means the preservation of our national honor, by the fulfillment of our obligations to the creditors of the nation, to the veteran soldiers and sailors, and the widows and orphans entitled to pensions; to the public creditors who hold the securities of the government, to the holders of hundreds of millions of paper money, for which the credit of the nation is pledged."

The re-election of Comrade McKinley means security and safety to two thousand million dollars, deposited in our savings banks—the earnings of our mechanics and laborers, otherwise threatened by the loss of one-half of this vast sum, if Mr. Bryan is permitted to debase our currency to his silver standard of 16 to 1.

The re-election of Comrade McKinley means a preference to be given to worthy veteran soldiers and sailors; it means a continuation of our liberal pension policy.

The re-election of Comrade McKinley means tranquility and prosperity at home, peace in the Philippine Islands, the maintenance of our national honor, the vindication of our flag, and the augmented influence of our beloved country among the nations

of the world. "Let all of us vote for McKinley and Roosevelt—heroes of two wars—statesmen to whom the country may well confide its interests and its honor, patriots who have risked their lives in defense of our flag, illustrious citizens, both of them, who have given ample evidence in all their public employment and in private life, that they possess the attainments and the virtues which dignify the high stations for which they are nominated."

**COPPERHEAD DAYS RECALLED.**  
 "In 1864 copperheads prolonged the war and cost the Union army tens of thousands of lives by encouraging the south to hope for a settlement on their own terms with the Democratic party, if successful in the presidential election of that year. The re-election of Lincoln in 1864 saved the Union. The war Democrats voted for him and gave him victory. In 1900 copperheads are sacrificing the lives of our soldiers in the Philippine Islands by encouraging Aguinaldo and his foolish followers to hope for success if Mr. Bryan is president. The re-election of Comrade McKinley will bring peace and prosperity to the Philippine Islands and put an end to copperheadism in this country."

"Comrades, let us stand together once more for our country, its peace, its prosperity and welfare and honor. Let us again put patriotism above partisanship. Let us stand together, touching elbows, as Comrade McKinley stood with us in the ranks in 1861."

**DEAFNESS CANNOT BE CURED** by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Who is the Republican candidate for State Senator, if elected will vote for two Republican United States Senators. He has a record to be proud of and Republicans of Snyder county are advised to be on the lookout for cowardly eleventh-hour cards sprung to deceive voters, when the opportunity for answering is past. Make sure of your best interests by putting an X in the circle at the top of the first column.

The Boston Transcript tells of an Episcopal church that is being sued because it is not sufficiently "High church." It appears that a certain person left money to this church, with the provision that the services should come up to a certain standard of churchmanship. The minister has failed, it is claimed, to get as much ritualism into the service and the responses of his flock as the money calls for.

"English as she spoke" was exemplified at the bridge soon after the consolidation of the roads, when a public school-teacher of Manhattan was overheard to ask at a ticket window: "Does it make any difference what train you take where you buy your ticket now?" The ticket seller, stolidly oblivious to the ambiguity of the question, replied that it did not.
