Stop Coughing

Every cough makes your throat more raw and irritable. Every cough congests the lining membrane of your lungs. Cease tearing your throat and lungs in this way. Put the parts at rest and give them a chance to heal. You will need some help to do this, and you will find it in

Ayer's Cherry Pectoral

From the first dose the quiet and rest begin: the tickling in the throat ceases; the spasm weakens; the cough disappears. Do not wait for pneumonia and consumption but cut short your cold without delay.

Dr. Ayer's Cherry Pectoral Plaster should be over the lungs of every person troubled with a cough.

Write to the Doctor.

Usual opportunities and long experience, and a quality of giving you medical advice. Write freely all the particulars in your case. Tell us what your experience has been with our Cherry Pectoral. You will receive a prompt reply, without cost.

Address, DR. J. C. AYER,
Lowell, Mass.

Mr. Johnson, with a friend from Bethlehem Iron Works, is now stopping with J. M. Wagner, and expects to be here a few weeks in search of game.

What does that Middleburg party think now who sent cards around with "Schneider County Sherries, Dree cents a quart." There was too much gold in them for Brownie. Ha! Ha!

DEAFNESS CANNOT BE CURED by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
