

# Quality

It is the high quality of Royal Baking Powder that has established its great and world-wide reputation.

Every housewife knows she can rely upon it; that it makes the bread and biscuit more delicious and wholesome—always the finest that can be baked.

It is economy and every way better to use the Royal, whose work is always certain, never experimental.

There are many imitation baking powders, made from alum. They may cost less per pound, but their use is at the cost of health.

Editor and Proprietor.

Entered at the Post Office at Middleburgh, Pa., as second class mail matter.

HISTORY.—Established in 1844 as the Union Democrat, at New Berlin, a German Whig paper. Changed name to the Post in 1861. Oldest Republican newspaper in Snyder County.

"Red letter" days will those of November 20, 21 and 22 be to the thousands of young people who will

attend, in Philadelphia, the State (Pennsylvania) Christian Endeavor Convention, active preparations for which have been going on for many months.

William J. Jackman, editor of the Democrat and Register, of Middletown, for thirty years, died at his home in that place Monday evening. Mr. Jackman had been in failing health for some time and the editorial management of the newspaper has been done by his daughter, Miss J. Gertrude Jackman. Deceased was a veteran of the civil war, having been a member of Company A, First Pennsylvania Cavalry. He is survived by his wife and three daughters.

Numerous inquiries have been made as to what action was taken in the last Legislature in regard to the scalp law. To these inquiries we answer, no action was had on this matter at all in the last Legislature. The whole trouble arises from a decision of one of the courts to the effect that the scalp law was unconstitutional, and after this decision the County Commissioners refused to pay bounty on scalps.

The organ contest will close Dec. 15, 1900, at five o'clock P. M.

# Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

**SCOTT'S EMULSION OF COD LIVER OIL**  
WITH HYPOPHOSPHITES OF LIME & SODA

will generally correct this difficulty.

If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.
