 There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional remedies. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer \$100 for any case of catarrh they cannot cure. Send for circulars and remedies. Address: F. J. CHENEY & CO.

Rheumatism.

Nobody knows all about it; and nothing, now known, will always cure it.
 Doctors try Scott's Emulsion of Cod Liver Oil, when they think it is caused by imperfect digestion of food. You can do the same.
 It may or may not be caused by the failure of stomach and bowels to do their work. If it is, you will cure it; if not, you will do no harm.
 The way, to cure a disease is to stop its cause, and help the body get back to its habit of health.
 When Scott's Emulsion of Cod Liver Oil does that, it cures; when it don't, it don't cure. It never does harm.
 The genuine has this picture on it, take no other.
 If you have not tried it, send for free sample, its agreeable taste will surprise you.

Creeping Consumption

Do not think for a single moment that consumption will ever strike you a sudden blow. It does not come that way. It creeps its way along. First, you think it is a little cold; nothing but a little hacking cough; then a little loss in weight; then a harder cough; then the fever and the night sweats. The suddenness comes when you have a hemorrhage. Better stop the disease while it is yet creeping. You can do it with

Ayer's Cherry Pectoral

You first notice that you cough less. The pressure on the chest is lifted. That feeling of suffocation is removed. A cure is hastened by placing one of
Dr. Ayer's Cherry Pectoral Plaster over the Chest.

He Wasn't Afraid.

Little Tommy and his younger sister were going to bed without a light. They had just reached the bottom of the stairs when Tommy, after vainly endeavoring to pierce the darkness, turned round and asked:
 "Ma, is it polite for a gentleman to precede a lady when they have to walk single file?"
 "No, my son," replied the mother, "the lady should always take the lead."
 "I thought so," said Tommy, delightedly; "go ahead, Sue." —Brooklyn Eagle.

"It was a lucky thing for me, perhaps," remarked Daniel, referring to the matter some time afterward, "that it was only a piece of rather blind handwriting that Belshazzar wanted me to decipher. If it had been a physician's prescription I believe it would have floored me." —Chicago Tribune.
