**\$100 Reward, \$100**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials, A. D. 1899.

**Retraction.**

Whereas a report has been lately circulating to the effect that H. G. Homberger of Allene, Pa., and his wife have attempted to extort money from certain sheep buyers in a fraudulent manner, which report has been circulated through me telling the story to certain parties, and since I discovered that such reports were entirely false and untrue to the best of my knowledge, and therefore make this report to the public in justice to the aggrieved hereby retract all which I have said. Gentlemen:—I must say in regard to GRAIN O that there is nothing better or healthier. We have used it for years. My brother was a great coffee drinker. He was taken sick and the doctor said coffee was the cause of it, and told us to use GRAIN O. We got a package but did not like it at first, but now would not be without it. My brother has been well ever since he started to use it. Yours truly,  
LILLIE SCHOR.

"Gentlemen:—Our family realize so much from the use of GRAIN O that I feel I must say a word to induce others to use it. If people are interested in their health and the welfare of their children they will use no other beverage. I have used them all, but GRAIN O I have found superior to any, for the reason that it is solid grain. Yours for health,
