 Gentlemen:—I must say in regard to GRAIN O that there is nothing better or healthier. We have used it for years. My brother was a great coffee drinker. He was taken sick and the doctor said coffee was the cause of it, and told us to use GRAIN O. We got a package but did not like it at first, but now would not be without it. My brother has been well ever since he started to use it. Yours truly,

Pity and Beauty

The most beautiful thing in the world is the baby, a simple and joy. The most pitiful thing is that same baby when he is in pain. And the mother does not know that a little fat makes all the difference.
 Dimples and joy have gone and left hollows and fear that at that, that was comfort and color and curve—all but pity and love—is gone.
 The little one gets no fat from her food. There is something wrong; it is either her food or food-mill. She has had no fat for weeks; is living on what she had stored in that plump little body of hers; and that is gone. She is starving for fat; it is death, be quick!
 Scott's Emulsion of Cod Liver Oil is the fat she can take; it will save her.

The genuine has this picture on it, take no other.
 If you have not tried it, send for free sample, its agreeable taste will surprise you.
