Genesee Pure Food Co., Le Roy, N. Y.  
Gentlemen:—I must say in regard to GRAIN O that there is nothing better or healthier. We have used it for years. My brother was a great coffee drinker. He was taken sick and the doctor said coffee was the cause of it, and told us to use GRAIN O. We got a package but did not like it at first, but now would not be without it. My brother has been well ever since he started to use it. Yours truly,

**Consumption**  
The destruction of lung by a growing germ, precisely as mouldy cheese is destruction of cheese by a growing germ. If you kill the germ, you stop the consumption. You can or can't, according to when you begin. Take Scott's Emulsion of Cod Liver Oil: take a little first.

It acts as a food; it is the easiest food. Seems not to be food; makes you hungry; eating is comfortable. You grow stronger. Take more; not too much; enough is as much as you like and agrees with you. Satisfy hunger with usual food; whatever you like and agrees with you. When you are strong again, have recovered your strength—the germs are dead; you have killed them. If you have not tried it, send for free sample, its agreeable taste will surprise you.

Miles to Be Liew... General of the...  
THREE MORE... GENERAL.

Wade, Merriam, Young, MacArthur, Ludlow, Chaffee and Wood mentioned in the Eligible List—Ten Brigadier Generals to Be Named.

Washington, Feb. 5.—Secretary Root said yesterday afternoon that the nominations of general officers, authorized by the new army law, would be sent to the senate today. The nominations, he said, included a lieutenant general, three major generals and ten brigadier generals. In military circles it is believed that Gen. Miles will be made lieutenant general, but there is considerable uncertainty with regard to the other general officers. Gens. Wade, Merriam and Young are the three ranking brigadiers in the present regular establishment, in the order named, with Gen. MacArthur number four and Gen. Ludlow number five. Gen. Chaffee stands number seven in the list of colonels of cavalry, and Gen. Wood is number sixty in the list of captains' relative rank. All these officers have been mentioned as possible major generals, and the three successful ones are undoubtedly among the number. If Gen. Miles is promoted it will leave a vacancy in the list of major generals yet to be filled. The order of seniority of the new major generals undoubtedly will determine which of them will have command of the military forces in the Philippines, which command it is generally understood will become vacant by the relief of Gen. MacArthur during the coming summer.

The army appropriation bill making provision for the army under the plan of reorganization recently enacted was completed yesterday by the house committee on military affairs and reported by Chairman Hull. It carries approximately \$118,000,000, as against estimates of about \$120,000,000, made by war department officials. The total of army appropriations, general and deficiency, last year aggregated \$119,000,000. Chairman Hull says the present bill will be ample and will not entail a deficiency measure later. The contingency appropriation of \$1,000,000 to meet "emergencies constantly arising" was struck out by the committee.

The main items as allowed are: Pay of officers, \$5,000,000; pay of enlisted men, \$14,000,000; pay of retired officers, \$1,500,000; nurses' corps, \$130,000. The total for subsistence approximates \$13,000,000, of which amount \$12,000,000 is for regular rations and \$500,000 for sick and convalescent rations. The aggregate for the quartermaster's department is the largest in the bill, reaching about \$57,150,000.

### THE SUNDRY CIVIL BILL.

Washington, Feb. 5.—The sundry civil appropriation bill, one of the most important and most general supply bills of the government, was completed yesterday in the house committee on appropriations. The bill appropriates \$59,705,084, which is \$10,889,197 less than the estimates and \$5,748,221 less than the bill for the current fiscal year. The items for river and harbor work, now in progress under contract, aggregate \$6,810,623, or about half the amount appropriated last year. The debt of Hawaii, assumed on the annexation of the islands, is provided for, amounting to \$3,147,535. For public buildings in course of construction in various cities, \$6,746,625 is appropriated.

Following are the more important provisions which are not permanent annual appropriations: Twelfth census \$3,516,210; enlargement of military posts, \$1,900,000; transportation of soldiers' remains from abroad, \$100,000; transportation of remains of civil employees of the army who die abroad and of soldiers who die on transports, \$50,000.

Among the building items are: Altoona, Pa., \$75,000; Annapolis, Md., \$50,000; Baltimore, \$250,000; Wilkes-Barre, Pa., \$75,000.

The river and harbor items include the following: Allegheny river, locks and dams, \$126,000; Buffalo, \$200,000; Delaware river, \$61,000; Hudson river, \$100,000; New York harbor, \$130,000; Patuxent river, Md., \$175,352; Potomac river, \$98,000; Delaware bay, harbor of refuge, \$213,000.

Alleged Thieving Express Clerk.  
New York, Feb. 5.—Richard Murphy, who was employed as a clerk by the Adams Express company in Jersey City, was arraigned in that place yesterday on a charge of grand larceny and held in \$500 bail. For several weeks past packages sent from Philadelphia to various points have been missed, and last Friday a package arrived on which the original address, Woonsocket, R. I., had been changed to No. 33 Park street, New York. When this package was delivered at the New York address a detective arrested Tony Prozano and William Kane, who received the package. The name Richard Murphy was found in papers found in Kane's room, and that fact led to his arrest.

Mexico City, Feb. 5.—A contract for eight steel bridges on the National Tehuantepec railway has been given to an American firm of this city. The same firm has been awarded a contract for a railway bridge in Costa Rica. American bridges are preferred on account of their quality and the rapidity with which orders are filled.

Copenhagen, Feb. 5.—The finance committee of the landsting, or upper house of the rigsdag, has been informed that the cabinet is in favor of selling the Danish West Indies to the United States, provided certain conditions are agreed to which are not considered insurmountable.

New York, Feb. 5.—John Rann, who was arrested a week ago charged with selling horseflesh in his butcher shop in this city, was arraigned in police court yesterday and sentenced to pay a fine of \$100 or stand committed for 30 days in jail.

Washington, Feb. 5.—The volume of business before the present congress was shown yesterday, when the total of house bills introduced reached 14,083, which is the highest record ever attained for an entire congress.

Springfield, Ills., Feb. 5.—A prize fight was scheduled to take place at Belvidere last night, and on hearing of it Governor Yates placed himself in telephonic communication with the sheriff of Boone county. He told the officer to prevent the fight, and that if he needed any assistance a company of militia would be sent to Belvidere subject to his orders. The sheriff replied that he had sworn in 100 special deputies and believed he could handle the situation. The governor made it emphatic to the sheriff that the fight must not take place, and when the Belvidere sports assembled to witness the contest they were informed that the fight was off. It is said the fight was pulled off privately in another county.

The coroner's office was notified yesterday of the death of Mrs. Florence May Williams Nason at a private hospital. Death was caused by pneumonia following the inhalation of smoke at the Hotel Jefferson fire last Wednesday. Her husband, Waldo Emerson Nason, died Saturday from the same cause. Mr. and Mrs. Nason's child died at the Jefferson several days before the fire. The nurse who was in attendance, Elizabeth Downing, was thrown to the pavement by the breaking of a fire escape and was killed. Thus, in less than a week, the father, mother, child and nurse met death.

Numerous royal personages are arriving at The Hague to attend the wedding of Queen Wilhelmina and Duke Henry of Mecklenburg-Schwerin. Her majesty, attended by the queen mother and Duke Henry, met Grand Duke Vladimir of Russia, his daughter, Grand Duchess Helena, and his son, Grand Duke Boris, at the railway station yesterday afternoon. Queen Wilhelmina was warmly cheered as she drove through the streets. Others who arrived yesterday were Princess Louise of Wied, the hereditary Princess and Princess of Wied and the Prince and Princess of Bentheim-Steinfurt.

At the end of the third day's session of the senate committee of the joint interstate coal conference it can be said that miners and operators are no nearer an agreement than when the conference first met. The Illinois operators have broken over the traces again and voted with the miners on another proposition and are now in line with them on the demands of a run-of-mine scale and a uniform day wage in the mines of Jackson county, Ohio. Both miners and operators say that some agreement will be reached on the eight hour demands, of which there are three.

The body of Polleeman Thomas J. Fitzpatrick, who was reported missing after the fire in the Wicke building, Thirty-first street and First avenue, last week, was found in the ruins yesterday. This is the fourth body accounted for. The searchers last night found the head and left arm of a body near where Polleeman Mullins was found. Emil Beshel, who was employed as a fireman in Wicke & Co.'s plant, and who was hurt by the explosion in the place before the fire occurred, died from his injuries yesterday.

Richard Murphy, who was employed as a clerk by the Adams Express company in Jersey City, was arraigned in that place yesterday on a charge of grand larceny and held in \$500 bail. For several weeks past packages sent from Philadelphia to various points have been missed, and last Friday a package arrived on which the original address, Woonsocket, R. I., had been changed to No. 33 Park street, New York. When this package was delivered at the New York address a detective arrested Tony Prozano and William Kane, who received the package. The name Richard Murphy was found in papers found in Kane's room, and that fact led to his arrest.

Washington, Feb. 5.—The volume of business before the present congress was shown yesterday, when the total of house bills introduced reached 14,083, which is the highest record ever attained for an entire congress.
