Getting Thin

is all right, if you are too fat and all wrong, if too thin already.

Fat, enough for your habit, is healthy; a little more, or less, is no great harm. Too fat, consult a doctor; too thin, persistent thin, no matter what cause, take Scott's Emulsion of Cod Liver Oil.

There are many causes of getting too thin; they all come under these two heads: overwork and under-digestion.

Stop over-work, if you can; but, whether you can or not, take Scott's Emulsion of Cod Liver Oil, to balance yourself with your work. You can't live on it—true—but, by it, you can. There's a limit, however, you'll pay for it.

Scott's Emulsion of Cod Liver Oil is the readiest cure for "can't eat," unless it comes from doing no work—you can't be well and strong, without some sort of activity.

The genuine has this picture on it, take no other. If you have not tried it, send for free sample, its agreeable taste will surprise you. SCOTT & BOWNE, Chemists, 409 Pearl Street, New York.

THINKS THERE WILL BE A STRIKE

Two Officials Assert That the Men Insist on Recognition.

Shamokin, Pa., March 19.—Secretary George Hartlein, of District No. 9 of the United Mine Workers, and who will vote at the forthcoming caucus of the national and executive boards to decide on a course to pursue if the operators do not meet the miners' representatives, returned from Hazleton yesterday, and said he thinks there will be a strike. Secretary Hartlein said:

"Although the sentiment of the conference was against a strike, the men demand recognition of their union. The operators' suggestion to incorporate the union would render the organization ineffective. It could then be controlled by the operators, sued for conspiracy and rendered a dead organization. No labor union is incorporated."

Miles Dougherty, district organizer, said that if the operators refuse to meet the men they will cause one of the greatest strikes that has ever taken place among miners. "It will be a fight to the bitter end," he declared, "and every colliery in the region will be closed. The men are a unit on the subject."

Declines Philippines Judgeship. Washington, March 19.—Lamar C. Quintero, of New Orleans, has advised the war department that on account of illness in his family it will be impossible for him to accept one of the supreme court judgeships of the Philippines.

Treasurer of Cuba. Washington, March 19.—In accordance with President McKinley's order that the treasurer of Cuba should be a citizen of that island, Governor General Wood yesterday cabled to the war department that he had appointed Carlos Rolos as treasurer of Cuba. Secretary Root confirmed the appointment.

Death has again visited our midst and called from our side, old mother Hendricks, wife of John Hendricks, but we have every reason to believe that she is now reaping the fruits of the seed which she has sown on good ground. She was a member of the St. Luke Evangelical congregation. I have every reason to believe that she was a devoted Christian, the summer's hot sun did not detain her from going to her Sunday School and church, neither a winter's chilling breeze. She fell asleep on Tuesday night at eleven o'clock, so calmly did she pass away that her daughter, Mrs. Stumph, really thought she was sleeping until she got hold of her arm when she was dead. She was laid to rest on Friday forenoon. Rev. Ott officiated.

The exercises rendered by the Mission Band of Susquehanna University were very highly appreciated by all people so far as I have learned. They have indeed given a clear conception of heathen life and no doubt our people have learned many new things which now ought to be pondered well. These young men are without doubt devoted to the work and they deserve much credit. They have gained the good will of all who heard them. Such men are a blessing to a country and I am sure that they would be welcome to come into our midst again.
