SEABOARD AIR LINE

(THE CAPITAL CITY LINE)
 Its Significant Through and Local Passenger Service between the East and South and Southwest

THE SEABOARD AIR LINE RAILWAY is called THE CAPITAL CITY LINE, because it enters the Capital of the six States which it traverses—Virginia, North Carolina, South Carolina, Georgia, Florida and Alabama. It runs through the heart of the South, connecting the most important cities between the East and the West.

This route will continue to run through the Florida and Metropolitan Limited and the Florida and Atlantic Coast Limited, affording the only through limited service daily, including Sunday, between New York and Florida, and is the shortest line between these points.

These splendidly modern trains of the SEABOARD AIR LINE RAILWAY arrive, and depart from Pennsylvania Railway Stations at Washington, Baltimore, Philadelphia and New York, carrying Pullman's most improved equipment, with unexcelled dining car service, compartment, drawing-room and observation cars. It has Pullman service five times per week en route from Washington to that celebrated resort, Palm Beach, N. C.

It has the short line to and from Richmond, Norfolk, Portsmouth, Raleigh, Southern Pines, Columbia, Savannah, Jacksonville, Tampa and Atlanta, and the principal cities between the South and East. It is also the direct route to Athens, Augusta and Macon.

At Atlanta, direct connections are made to the Union Station for Chattanooga, Nashville and Memphis, also for New Orleans and all points in Texas, California and Mexico.

In addition, it is the only line operating through trains, and Pullman sleeping cars between A. J. and Norfolk, and connections are made with the A. J. and Norfolk, Savannah, from New York, the M. & M. P. Company, from Boston and Providence, the Norfolk and Washington Service, at Company, from Washington, the Baltimore Steam Packet Company, from Baltimore, and the N. Y. & N. R. Lines, from New York and Philadelphia.

Through Pullman cars also operated on the A. J. and Norfolk, and between Norfolk and St. Louis via Monticello, and between Jacksonville and New Orleans, in addition to the through trains of the A. J. and Norfolk, between Savannah and New Orleans.

The best train service is first class with most convenient schedules.

For the SEABOARD AIR LINE RAILWAY will accept passengers, baggage, freight, mail and express on its through service. Its 1000 mile track will carry 2000 tons of freight a week, and 1000 tons of mail a week, and will carry 1000 passengers a week.

Knife fork and Spoon Experience

Over half a century of it is one of the reasons why goods stamped

"1847 Rogers Bros."

the product of this long experience are best. They are sold by leading dealers. For catalogue No. 191 explaining points of interest to buyers, address the makers

THE GAINSBOROUGH PORTRAIT.

C. Moreland Agnew Returns to London With His Celebrated Picture.

London, April 9.—C. Moreland Agnew, who arrived at Liverpool on the steamer Etruria yesterday with the Gainsborough portrait of the duchess of Devonshire, came at once to London, and on his arrival gave the picture to the picture to the clerks and detectives, who deposited it in a safe in the office.

Mr. Agnew says the statements to the effect that Pat Sheedy had anything to do with the recovery of the picture are not true, and that he (Mr. Agnew) did not pay any money in America. The bill for the detective work in the United States will be paid through Scotland Yard.

"The papers are filled with many misleading statements concerning the Gainsborough," added Mr. Agnew. "I went to America with many misgivings, after so many years of search. When I reached New York I found it necessary to proceed to Chicago, where I met the Pinkertons. By the most natural process in the world the portrait was turned over to me by them. The history of the picture during its detention for a quarter of a century is as much a mystery to me as it is to the rest of the world. The portrait is in as perfect a state of preservation as any Gainsborough I ever saw."

PHILIPPINES GOVERNMENT.

Judge Taft Will Probably Be Governor of the Islands.

Washington, April 9.—The news from Manila regarding the establishment of civil government in accord with information already made public here that the new Philippine government will be established about July 1. One of the most interesting features is the question as to who will be in supreme authority under the president. The law gives the president power to name some one to have supreme command.

Judge Taft, it is understood, is to be the governor of the islands, but it will be necessary to have some one in Washington to act as the medium of communication between the president and the governor, and some cabinet officer will be selected to have charge of the Philippines as well as other insular affairs.

Authority over the islands probably will be exercised by the president through Secretary Root, as the secretary is familiar with the governmental machinery of the islands.

General Clay Belligerent.

Lexington, Ky., April 6.—Sheriff Colyer and two deputies went to White Hall, the palatial residence of Gen. Cassius M. Clay, ex-minister to Russia, to serve papers in a civil suit instituted by the general's daughter, Mrs. Mary B. Clay. The old general, however, refused to receive the papers and opened fire on the officers, who returned the fire from behind trees. Then he barricaded himself in his room and issued orders that no one should be admitted to the house. Subsequently the daughter withdrew the suit, which was for possession of some furniture.

Block Coal Miners on Strike.

Brazil, Ind., April 9.—The block coal miners, by a unanimous vote, yesterday rejected the proposition made by the operators Saturday, which was practically the same as the settlement in the bituminous field. The hitch comes on the powder question. The operators insist upon the miners purchasing powder from the company at \$1.75 a keg, and the miners refused to sign the contract unless the powder clause shall be eliminated. The miners are still idle and no work will be done until a settlement shall be reached.

Voting on the Strike Question.

Wilkesbarre, Pa., April 9.—It is said that a vote is now in progress among the employees of the Central Railroad of New Jersey as to whether or not a strike shall be ordered. After the vote is taken the result will be submitted to the chief officers of the various brotherhoods, who can either sanction the strike or veto it. Two-thirds of the employees must vote in favor of a strike before one can be declared. Out of the 3,000 men in the employ of the Central railroad it is said that 2,600 are brotherhood men.

Morgan Syndicate Still Working Out.

St. Louis, April 9.—The Post-Dispatch says: John Arthur Rice, said to be a representative of J. P. Morgan, has left for the east, after a visit here, for the purpose, it is said, of furthering a deal involving the purchase, by a syndicate said to be headed by Mr. Morgan, of the entire output of spelter, or blende, of the Missouri-Kansas district, which produces seven-eighths of the zinc in the entire country.

The Independent Furnace Combine.

Pittsburg, April 9.—A conference was held here yesterday by the independent furnace operators for the purpose of forming a combine of all these plants, with a capitalization of \$12,000,000. It is said the combine will undoubtedly go through in a short time. Satisfactory progress has been made in the venture, and nearly all the plants wanted for the new company have been optioned by the promoters.

ADMINISTRATORS' NOTICE.

Letters of Administration in the estate of David Weaver, late of Union township Snyder County, Pa., deceased, having been granted to the undersigned, all persons knowing themselves indebted to said estate are requested to make immediate payment, while those who have claims against the said estate will present them duly authenticated to the undersigned.

A. H. TROUTMAN, Administrator.

Grip brings weakness, exhaustion, nervous prostration. Dr. Miles' Nervine cures them.

HARRISBURG LETTER.

Measures That Occupy the Attention of the Lawmakers.

LANDS OF THE COMMONWEALTH.

Information Wanted as to Whether Rights Have Been Granted to Private Parties—Resolutions Creating Two More Commissions.

Harrisburg, April 9.—A resolution was offered in the house last night by Mr. Coray, of Luzerne, requesting Attorney General Elkin and Secretary of Internal Affairs Latta to inform the house not later than April 17 whether any applications were filed in or warrants granted by the internal affairs department since Jan. 1, 1901, for any public lands of the commonwealth in beds of rivers or minerals thereunder, and if so whether any such warrants were authorized or issued by direction of the board of property, and if so by what authority and what act of assembly. The resolution lies over one day under the rules.

Mr. Palm, of Crawford, offered a concurrent resolution that a commission of five be appointed, two from the senate and three from the house, to inquire into the subject of capital punishment with a view to ascertaining its effect toward the repression of crime.

Mr. Harris, of Clearfield, offered a concurrent resolution, which was adopted, that a commission consisting of nine persons learned in the law be appointed by the governor to report to the next legislature a general and comprehensive law regulating the incorporation and management of corporations.

Mr. Dixon, of Elk, made a formal announcement of the death of Representative P. R. Cotter, of McKean, whose funeral took place this afternoon at his late home at Eldred. A committee was appointed to attend the funeral.

These bills were read in place: Appropriating \$5,000 to the Fredonia Institute, at Fredonia, Mercer county; appropriating \$25,000 for the erection of a hospital for injured miners in the anthracite region at Taylor, Lackawanna county.

The bill providing for the election of members of the board of revision of taxes in Philadelphia was recommitted. A legislative apportionment bill was introduced in the house on Tuesday of last week by Mr. Patterson, of Blair. The bill increases the number of members of the house of representatives from 204 to 207.

Mr. Reynolds, of Lackawanna, introduced a bill prohibiting the employment of children under 13 years in and around mines, breakers and washeries under a penalty ranging from \$20 to \$250 and 30 days' imprisonment.

Mr. Colville, of Philadelphia, presented a bill for the establishment of a state naval militia.

The Laird local option bill was defeated on final passage by 78 to 73. The Willard fox hunting bill was also defeated on final passage.

The bill providing for the election of mine inspectors in the anthracite region, instead of appointment by the governor, passed finally by 82 to 32. The bill taxing store orders, etc., was reconsidered and passed finally, as was the bill requiring coal to be mined by weight only, the bill providing for the appointment of checkweighmen and requiring all coal to be weighed before screening.

In the senate Wednesday of last week the amended Guffey ballot reform bill passed second reading.

Among the bills read in place in the house Wednesday of last week was one to prevent the acceptance by public officers and employes of free transportation on railroads, railways and other transportation companies and providing a penalty of \$100 and forfeiture of office for violation of the act.

Among bills passed finally by the house were: Making it willful trespass to hunt, trap and take elk, deer or fawn from enclosed lands; increasing the number of factory inspectors from 20 to 25.

The Fox capitol building bill came in for considerable discussion when it came up in the senate on third reading on Thursday of last week. Mr. Flinn, of Allegheny, offered an amendment that the names of State Treasurer Barnett, Auditor General Snyder and Speaker Marshall be stricken out as members of the commission and those of J. B. Jackson and William McConway of Pittsburg, John C. Buhitt of Philadelphia and William Hannon of Venango be substituted. The amendment was defeated by a vote of 23 to 14, and the bill postponed for the present.

Among bills introduced in the senate Thursday last were: By Mr. Grady, Philadelphia, providing for submitting to the people at the next general election a proposed constitutional amendment which will permit the use of voting machines at elections; by Mr. Fox, of Dauphin, allowing legitimate and illegitimate children born from the same mother dying without children to inherit real and personal property from each other, in exclusion to the grandmother of the illegitimate children, as though they had been born in lawful wedlock (the same bill was introduced in the house).

In the house last Thursday Mr. Kendall, Somerset, presented a bill providing for the appointment by the chief of the bureau of mines for four sealers of weights and measures for the bituminous coal mines, who shall be paid a salary of \$1,000 annually. To falsify scales, cars or other vessels is punishable by a fine of \$500 and six months' imprisonment.

Among bills passed finally in the house were: Providing that there shall be kept at the bottom of every slope and shaft in the anthracite region a chest containing surgical appliances for use in case of accident; repealing the act of April 28, 1899, exempting pianos, melodeons and organs leased or hired from levy or sale on execution or distress for rent; providing a pension of \$2 a month for Philip L. Brastrington, late of Sixteenth regiment, N. G. F.

GRAND SPRING OPENING
