EDWARD YIELDS TO KANSANS.

The British Sovereign Corrects a Message of Thanks.
Topeka, May 14.—Governor Stanley yesterday received a letter written by Foreign Minister Lansdowne, at the request of King Edward VII, thanking the Kansas legislature for their resolution of sympathy on the death of Queen Victoria. This is the third communication the legislature have received from King Edward since they passed their resolution of sympathy. In the first they were thanked for their "sympathy and loyalty." They objected to this phraseology, which placed them in the attitude of being loyal to the British throne, and the King's letter was expunged from the record. The King heard of this action and immediately expressed his regrets to Ambassador Joseph H. Choate, explaining that a subordinate had sent out the wrong letter of thanks. The letter received yesterday is an acknowledgment in proper form.

Electrocuted at the Exposition.

Buffalo, May 14.—One man was shocked to death by electricity and two of his companions who tried to rescue him from spluttering wires were severely burned at the Pan-American exposition grounds yesterday. The dead man is Martin Klefzig, and the injured are Benjamin Stromplewiz and Andrew Koszicki. The men were engaged in wheeling dirt, and Klefzig was struck by a falling live wire. In falling forward he grasped several other wires and pulled them from their fastenings. Klefzig's comrades rushed to his assistance, and their hands and arms were frightfully burned in their efforts to release him. They were packed up unconscious, and their condition is serious.

Jacksonville Needs More Funds.

Jacksonville, Fla., May 14.—At a meeting of the executive committee of the Jacksonville Relief association yesterday afternoon it was the consensus of opinion that the amount of money so far contributed for the relief of the fire sufferers was far from adequate to meet the demands, and President Garner, of the relief association, Bishop Weed, of the Episcopal diocese of Florida, and Mayor Bowden were appointed a committee to issue an address to the people of the United States in which it is declared impossible to meet the needs of the people with the funds on hand.

Porto Rico's Exhibit Seized.

Buffalo, May 14.—The exhibit of Porto Rico, which arrived at the Pan-American grounds yesterday, has been seized by Collector of Customs Henry W. Brandel. All the exhibit buildings at the Pan-American grounds are practically bonded warehouses, where a careful record is kept of all foreign goods received. The deputy inspectors discovered yesterday that no warehouse entry had been made for the Porto Rican goods. The goods will not be confiscated as smuggled goods, but will be held pending an investigation.

The Presbyterian General Assembly.

Philadelphia, May 14.—The advance guard of the Presbyterian army began to appear here yesterday, when several of the active workers of the church arrived to take part in the annual conference of the board of foreign missions, which always precedes the meeting of the general assembly. This conference will begin at 9 a. m. tomorrow. The general assembly will open at 11 o'clock Thursday morning and hear the sermon of Moderator Charles A. Dickey, of this city. The meetings will be held in Calvary Presbyterian church.

Firemen's Killed.

New York, May 13.—Of 26 young people who started for College Point, L. I., Saturday night on what is locally known as a "starlight ride" two were carried home dead yesterday, five are in a hospital, four were allowed to leave the hospital after having their wounds dressed, and over one of the remainder was more or less bruised. A collision with a trolley car caused the accident. The dead are Michael Schneider, 23 years, and Joseph Pickel, 20 years, both of College Point. The motorist was arrested, though claiming to be without blame in the matter.

Nine Years For Westervelt.

Newark, N. J., May 14.—Charles R. Westervelt, the defaulting cashier of the Dime Savings bank, was arraigned yesterday before Judge Skinner in this city. He retracted a plea of not guilty and was sentenced to two years' imprisonment by the court. He had several days ago pleaded guilty to two indictments for forgery and uttering. On these indictments he was sentenced to seven years' imprisonment. The two terms of imprisonment are not concurrent, and he will have to serve both terms.

The Powers' Ultimatum to Turkey.

Paris, May 14.—It is said on trustworthy authority that unless the sultan of Turkey yields on the question of interference with the foreign post-offices the powers will probably present an ultimatum in a few days, backed by a naval demonstration. The powers, including Germany, are acting in perfect union in this matter.

THE PRESIDENT'S TOUR

Marred By the Illness of Mrs. McKinley.

A BRIEF VISIT TO SAN JOSE.

He Ran Down From San Francisco For an Hour, Made a Brief Address, and Was Rewarded With a Sight of the Biggest Bouquet on Record.

San Francisco, May 14.—President McKinley returned late yesterday afternoon from San Jose to the bedside of his wife at the Scott residence. If Mrs. McKinley's condition shall be still favorable today the president will carry out the arranged program, with some curtailment. He will visit Leland Stanford, Jr., university at Palo Alto and make brief stops at San Mateo and Burlingame. At Palo Alto he will be joined by his entire party, and the president's official entry into this city will take place this afternoon, in accordance with the previously arranged schedule. Secretary Cortelyou said last night: "Mrs. McKinley rested well and comfortably today."

Thousands of people between Del Monte and San Jose, who have been anticipating a sight of the president for months, were disappointed yesterday. The president's presence in San Jose for an hour yesterday afternoon took the edge off of the disappointment there, where the rose carnival was being held in his honor and where the floral display surpassed anything ever before seen in this part of the country. After leaving Del Monte in the morning the cabinet carried out the itinerary originally planned, stopping at Pajaro and Santa Cruz and visiting the big trees in the San Lorenzo valley, but they had no heart to put into the festivities in the absence of their chief, and the keen regret of the people was written on their countenances. Many expressions of kindly sympathy for Mrs. McKinley were heard at each stopping place. At Santa Cruz Secretary of State Hay was the representative of the president to the address of welcome made by the mayor.

The president's presence at San Jose barely saved the day. He ran down from San Francisco in his special car, arriving there just as the cabinet train pulled into the city from the south. But he remained only for the formal exercises. When they were concluded at 3:30 o'clock he was driven back to the station and left immediately for San Francisco. At St. James square, opposite the court house, a handsomely decorated stand had been erected, and here the formal exercises took place, the president responding briefly to the mayor's address of welcome.

Immediately in the rear of the stand was the big bouquet of which so much has been heard. It was 90 feet in circumference and stood in its frame 25 feet high. The stem was a telegraph pole sunk in the ground. It was composed of cut flowers of every variety that blooms. The idea of presenting this immense floral offering to Mrs. McKinley originated with the ladies of San Jose, and the presentation was made to the president by Mrs. E. O. Smith, who presented tender words for Mrs. McKinley's illness and hopes for her quick recovery.

The members of the cabinet took the long drive through Santa Clara valley which had been planned for the president, visiting on the way the Jesuit college at Santa Clara and the University of the Pacific.

Great preparations had been made along the route to receive the president and the disappointment at not seeing him was very keen.

A big reception had been planned for the president at the Vendome hotel in San Jose last night, and the program was carried out. The members of the cabinet and the ladies of the party all attended this function.

A Negro's Magnificent Heroism.

Indianapolis, May 13.—William Phelps, of Richmond, Ky., and James Stansbury, of this city, both colored were cleaning the inside of an eight foot upright boiler at the Cerealine mills yesterday afternoon when an employe turned on the steam, thinking the cock was tight. It leaked, and the scalding steam poured in on the two men. The only exit was up a ladder to the manhole in the top. Both jumped for the ladder. Phelps reached it first, took one step and stopped. He jumped aside and shouted: "You go first, Jim; you're married." Stansbury escaped with slight burns, but Phelps died from his scalds.

The Big Shipbuilding Combine.

Philadelphia, May 14.—The North American says: "Control of the Bethlehem Steel company as the first positive step in the organization of the Vickers-Maxim-Cramp shipbuilding combination will probably be definitely arranged for this week. Negotiations to this end, actively begun ten days ago, have reached a crisis, and in the opinion of Bethlehem stockholders the deal will be closed this week. It is believed the purchasers will have to pay \$30 a share, or an approximate total of \$10,000,000."

HARRISBURG LETTER.

Measures That Occupy the Attention of the Lawmakers.

TO ATTEND THE QUAY RECEPTION

Legislature Has Adjourned Until Wednesday of This Week—The Juvenile Court Bill Passed the House. Guffey Ballot Bill Defeated.

Harrisburg, May 11.—A short session of the house was held yesterday, the order of business being bills on first and second reading. Among the bills passing first reading was the Fox measure appropriating \$5,000,000 to complete the capitol.

Mr. Harrison, of Philadelphia, moved that when the house adjourned it be to meet at 3:30 next Wednesday afternoon. The motion was adopted. The adjournment is to permit members to attend the reception to Senator Quay in Philadelphia next Tuesday.

Mr. Coray, of Luzerne, made a speech in opposition to the motion to adjourn. He said that collectively the members were a lot of asses to permit themselves to be used as pawns by politicians high in authority for political purposes. He warned his colleagues that the repeated adjournments would delay the date of final adjournment and suggested that they remain in Harrisburg and attend to their legislative duties. His was the only speech on the motion.

The Patterson legislative apportionment bill, which increases the membership of the house from 204 to 207, was reported. The bill will be read the first time next Wednesday and then re-committed for amendment.

Representative Dixon, of Elk, is critically ill with pneumonia at the Bolton House. Representative Palm, of Crawford, and several other members are also ill at their homes.

In the house on Tuesday last the bill providing for the publication in separate pamphlet form of a certified list of all charters of incorporation was defeated. Under the present law the charters are published biennially in the same volume with the pamphlet laws.

The senate met at 8 o'clock Tuesday night and held a brief session. The order of business was the consideration of bills on first and second reading. Among the bills reported favorably from committees was the Carbonale paving bill and the bills repealing the local option laws in the Fifteenth and Twenty-ninth wards of Philadelphia. The house renovated butter bill was re-committed to the committee on health and sanitation for the purpose of giving those interested a chance to be heard.

In the house on Wednesday last the Voorhees bill providing for a submission to a vote of the people at the November election the question of changing the location of the capitol from Harrisburg to Philadelphia was taken up on a special order for third reading and final passage. After an extended debate the bill was defeated by a vote of 75 to 103.

The Guffey ballot bill, which does away with the party circle, was also defeated on final passage by a vote of 95 to 87, 103 being necessary for passage.

The Fox capitol completion bill was reported to the house from the committee on public building with an amendment that the state shall erect its own lighting and heat plant, and will be read the first time tomorrow. The bill as it passed the senate appropriates \$5,000,000 to complete the state house by a commission, one of whom shall be a Democrat, to be appointed by Governor Stone.

The Fayette City local option repealer, which was defeated last week, was reconsidered and postponed for the present.

Senator David Martin, of Philadelphia, who has been ill with pneumonia, was in his seat in the senate yesterday for the first time since January.

The governor Wednesday signed a number of bills, among them: Requiring foreign corporations, limited partnerships and joint stock associations to pay a bonus of one-third of 1 per cent on their capital actually employed in Pennsylvania; imposing a bonus of one-third of 1 per cent upon the capital and increase thereof of partnership associations; regulating the proceedings in actions of ejectment; repealing the local option law in the borough of Donora, Washington county.

In the house Thursday the juvenile court bill passed finally. The bill provides that the judges inoyer and terminer, jail delivery and quarter sessions shall designate one of their number to hold a child's court for the trial of juvenile offenders. A jury trial may be demanded, but in the absence of this demand the court can sentence these infant malefactors to the care and oversight of "probation officers," to be appointed by the court and to serve without pay. Over 12 years the court can sentence to the house of refuge and under 12 the child is to be placed on "probation."

The senate has adjourned to Wednesday evening next.

Miners May Yet March to Harrisburg

Wilkesbarre, Pa., May 13.—A big mass meeting of miners was held at Plymouth Saturday night. The action of two assemblies of United mine workers in expelling two of their members who went to Harrisburg to oppose the mine bills before the legislature was endorsed. National Organizer Dilcher made a speech in which he said that the threatened march of miners to Harrisburg was no idle threat. If the senate failed to pass the legislation demanded 40,000 hard coal workers would surely start on a march to the state capital. They would go as law abiding citizens looking for their rights under the constitution.

Constipation

Does your head ache? Pain back of your eyes? Bad taste in your mouth? It's your liver! Ayer's Pills are liver pills. They cure constipation, headache, dyspepsia. 25c. All druggists.
