

Over-Work Weakens Your Kidneys.

Healthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidneys.

Kidney trouble causes quick or unsteady heart, and makes one feel as though he had heart trouble, because the heart is overworking in pumping thick, kidney-poisoned blood through veins and arteries.

It is to be considered that only urinary wastes were to be traced to the kidneys, new modern science proves that nearly constitutional diseases from their beginning in kidney trouble.

If you are sick you can make no mistake in first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmor's **Root**, the great kidney remedy is realized. It stands the highest for its beneficial cures of the most distressing cases.

It is sold on its merits in fifty-cent and one-dollar sizes.

You may have a bottle by mail.

Home of Swamp-Root, 1111 Broadway, New York, N. Y.

Also pamphlet telling you how to find if you have kidney or bladder trouble. Send this paper when writing Dr. Kilmor, 1111 Broadway, New York, N. Y.

THE SUNDAY SCHOOL.

Lesson in the International Series for June 2, 1901—Jesus Our High Priest in Heaven.

(Prepared by H. C. Lenington.)
THE LESSON TEXT.
Hebrews 9:11-14, 24-25.

11. But Christ being come as high priest of good things to come, by a greater and more perfect tabernacle, not made with hands, that is to say, not of this building:

12. Neither by the blood of goats and calves, but by His own blood He entered in once into the holy place, having obtained eternal redemption for us.

13. For if the blood of bulls and of goats, and the ashes of an heifer sprinkling the unclean, sanctifieth to the purifying of the flesh:

14. How much more shall the blood of Christ, who through the eternal Spirit offered Himself without spot to God, purge your conscience from dead works to serve the living God?

24. For Christ is not entered into the holy places made with hands, which are the figures of the true; but into Heaven itself, now to appear in the presence of God for us;

25. Nor yet that He should offer Himself often, as the high priest entereth into the holy place every year with blood of others;

26. For then must He often have suffered often, since the foundation of the world; but now once in the end of the world hath He appeared to put away sin by the sacrifice of Himself.

27. And as it is appointed unto men once to die, but after this the judgment:

28. So Christ was once offered to bear the sins of many; and unto them that look for Him shall He appear the second time without sin unto salvation.

GOLDEN TEXT:—He ever liveth to make intercession for us.—Heb. 7:25.

NOTES AND COMMENTS.

The true significance of the life, death and resurrection of the Saviour is the essence of the lesson given for to-day. It shows that Jesus did not finish or complete His work when He left this world of ours. In a very real sense He had but begun it. The world had wandered far from His Maker through sin and willful disobedience. Jesus came to show the world the way back to God. The mission of Jesus was to bring all men into intimate relations with the all-wise Father. To do this Jesus came to earth to give an example in right living, of a noble character. He made the sacrifice of the ages on the altar of human ignorance and bigotry, and then rose triumphant from the grave in which His enemies had put Him. But this was not enough. While in the physical form on earth the work of Jesus was localized. So He ascended to the Father, sending the Holy Spirit to instruct the hearts and consciences of His followers the world over. Nor was this enough. He had become the sacrifice for human sin; at the right hand of His Father in Heaven He became the great High Priest hearing the confessions of stumbling, falling Christians, receiving the repentance of the sinner, and acting as mediator between all and the great Father of whom sin had made the world afraid. This we take it is the central truth to be presented.

In making an analysis of the lesson we would present not alone the lesson text as printed, but also certain other references bearing on the priesthood of Christ:

Christ Our High Priest.....Heb. 9:11-14
His Holy Character.....Heb. 7:23-25
The New Holy of Holies.....Heb. 9:24-25
Christ the Mediator.....Heb. 12:24
Christ Our High Priest.—The better priesthood of Christ is seen in its better sanctuary (verse 11); its better offering (verse 12); its better purifying (verses 13, 14). The high priest among the Jews represented the people before God; he was imperfect in nature, sometimes wicked. In contrast is Christ being come, etc., rather "of good things that are come"; a better priesthood and offering a better hope, a complete salvation. The Jews had a tabernacle, then a temple, great and glorious, with courts, a holy and most holy place. As the high priest passed through the outer courts into the holiest, so Jesus passed through the skies into the true temple, Heaven, far more glorious than earthly temple. The Lord is the maker of the true temple, all human works are imperfect. It was a Divine command to use blood of calves, but it was a temporary arrangement; they could bring sins to remembrance, but could not remove sin (10:2). Contrast with the blood of animals Jesus' own blood, that of the Son of God, of infinite worth, procuring eternal redemption from the power and love of sin to a life of holiness.

His Holy Character.—Christ's sinlessness is a point not to be overlooked. The priests of the olden time were human and faulty, often grossly unrighteous. Into the pure and heart of Jesus our confessions of trouble and trial and short-comings are safe. He loves to forgive and bless. But not only is there purity, but in that He was tempted as a man like as we are tempted, no Christ can enter sympathetically into all our experiences.

The New Holy of Holies.—Christ, in contrast with the Jewish high priest, did not enter any material place constructed by men's hands. The new holy of holies is at the very throne of God.

Christ the Mediator.—This is another phase of Christ's priestly function, and really the heart of the matter. Sin has separated us from God. Christ, the sinless One, brings us again to that condition in which alone we can have communion with God.

Spear Points.

Only the clean can see clear.
Fast living is really but slow dying.
Only he is fit to lead who can be led.
The dwarfs of earth may be the giants of Heaven.
The distress of another may be God's touchstone for our virtues.
A diamond must remain dirt if it be not willing to lose half itself.
It takes a great man to preach a good sermon to a small congregation.
Grit is a good thing to have so long as you don't fire it in your neighbor's faces.—Ram's Horn.

BIG SHOW DEDICATED.

Managers of the Buffalo Exposition Fully Satisfied.

AN INTERESTING SPECTACLE.

The Procession That Marched Through the Gates Included Men From Nearly Every Country in the World—Vice President Roosevelt Guest of Honor.

Buffalo, May 21.—The formal dedication of the Pan-American exposition was fully up to expectations. The day was fair, and the industrious, energetic men who planned this great enterprise rejoice in the flattering success. The day began with a parade, in which there were men from nearly every country in the world, and ended with an aerial bombardment from flying bombs and a brilliant electrical illumination. Between the two were the formal exercises of the dedication, with oratory that took its theme from the lesson of the time, prayer for right, music, song and poetry. The city was bright in dress of flags and bunting, the exposition group brilliant in color, the moving crowds were in holiday garb and the whole effect was highly pleasing. The record of attendance for the day was fully up to expectations of the most enthusiastic.

The procession that formed at the city hall and marched by way of the main thoroughfares to the exposition grounds was an interesting spectacle, and thousands lined the route.

Vice President Roosevelt was the guest of honor, and when he reached the hall the parade was started with a volley of aerial bombs. Two thousand troops, who got their time from four bands, led the way, and after them were a hundred carriages with the officials and guests. Behind them came the concessionaries from the Midway, Western Indians mingled with the children of the tropics, the orient and the Mediterranean, and gave the procession its touch of color. They were in native costume, had a score of artistic floats and fifteen bands furnished their music.

The entry of the procession to the exposition grounds at noon was a magnificent spectacle. The crowd in the grounds at the time numbered fully 40,000, and the greater part of it was mused in the esplanade.

President Millburn, of the exposition, and Vice President Roosevelt led the way and the crowd cheered them as they advanced. A hundred yards from the Temple of Music they halted, and at the other end of the esplanade several thousand carrier pigeons were suddenly released. Confused at first by their own numbers, they circled low in wild flight and then gradually soared upwards on graceful wing. High up, where they got their bearings, they parted and took flight to every quarter of the compass. Below the crowd looked on in silent admiration. The vice presidential party then filed on into the Temple of Music, and the parade, reforming, marched on through the grounds.

The formal dedicatory ceremonies in the presence of a crowd limited only by the size of the hall, were impressive. There were strong words for closer union among the American republics and the remarks of Vice President Roosevelt at that point and the congratulatory telegrams from the presidents of the American republics excited the greatest enthusiasm.

All of the American republics were represented at the dedication and their military attaches and commissioners were given conspicuous places in the group of special guests.

The exercises began with the rendition of Handel's Alleluia by the Seventy-first regiment band. Then the venerable Bishop Charles H. Foxley led in prayer, after which President Millburn read a series of congratulatory telegrams, and their reading provoked cheer upon cheer. Mayor Samuel Lodge was then introduced, and when the cheers over his speech had subsided Robert Cameron Rogers recited a poem.

The Orphans society gave a magnificent rendering of Strain's Liberator and Vice President Roosevelt was presented. He was vigorously cheered, and made several attempts to speak before he found quieted auditors. His brilliant speech was frequently interrupted by applause.

Emilio de Goyarraz sang the prologue from I Pindaric and Senator Lodge was presented. He, too, was very cordially welcomed. When he had finished Frederic Atmy read a poem, and Lieutenant Governor Timothy Woodruff made the concluding address.

After the Lieutenant governor had concluded the chorus, audience and band united in America. The benediction was by Bishop William D. Walker. The closing musical number was an inspiring march rendered by the Seventy-first Regiment band.

At the conclusion of the exercises in the Temple of Music there was a grand display of day fireworks on the esplanade and about the court of fountains, ending with a grand salute of 500 large guncock rockets.

The midway was the place where the set program ended and the beauties of the esplanade, tower, court and mall were no match for its charms in popular affection. An unusual number of concessions are included in the midway and many of them give extensive and attractive performances.

The feature last night was the electrical show. The electrical tower was a dazzling column of light, and the play of lights on fountains below produced some beautiful effects.

Skin Diseases

When the excretory organs fail to carry off the waste material from the system, there is an abnormal accumulation of effete matter which poisons and clogs the blood, and it becomes sour and acid. This poison is carried through the general circulation to all parts of the body, and upon reaching the skin surface there is a redness and eruption, and by certain peculiarities we recognize Eczema, Tetter, Acne, Salt Rheum, Psoriasis, Bryopselia and many other skin troubles, more or less severe. While the skin is the seat of irritation, the real disease is in the blood. Medicated lotions and powders may allay the itching and burning, but never cure, no matter how long and faithfully continued, and the condition is often aggravated and skin permanently injured by their use.

The disease is more than skin deep; the entire circulation is poisoned.

The many preparations of arsenic, mercury, potash, etc., not only do not cure skin diseases, but soon rain the digestion and break down the constitution.

S. S. S., nature's own remedy, made of roots, herbs and barks, of great purifying and tonic properties, quickly and effectually cures blood and skin troubles, because it goes direct to the root of the disease and restores normal, healthy action to the different organs, cleanses and enriches the blood, and thus relieves the system of all poisonous secretions. S. S. S. cures permanently because it leaves none of the original poison to re-form in the blood and cause a fresh attack.

Healthy blood is necessary to preserve that clear, smooth skin and beautiful complexion so much desired by all. S. S. S. can be relied upon with certainty to keep the blood in perfect order. It has been curing blood and skin diseases for half a century; no other medicine can show such a record.

S. S. S. contains no poisonous minerals—it is purely vegetable and harmless.

Our medical department is in charge of physicians of large experience in treating blood and skin diseases, who will take pleasure in aiding by their advice and direction all who desire it. Write fully and freely about your case; your letters are held in strictest confidence. We make no charge whatever for this service. Our book on Blood and Skin Diseases will be sent free upon application.
