COUNT BISMARCK DEAD.
Was the Second Son of the Great German Chancellor.
Varsia, Prussia, May 31.—Count William Bismarck, second son of the late Prince Bismarck, died yesterday after an illness of six days, aged 48. The cause of death was peritonitis from which he has suffered greatly. He leaves a widow, three daughters and a son.

DARING HIGHWAY ROBBERY.
Wealthy Resident of Ellwood City Robbed of \$1,700.

New Castle, Pa., June 4.—One of the most daring holdups ever perpetrated in this part of the state took place in Ellwood City yesterday afternoon. Costen Burns, an aged and wealthy resident of that place, started yesterday to his quarry with \$2,100 to pay his hands. Just in the rear of the Ellwood Seamless Tube works, almost in the heart of the town, he met three strangers in a rig. They accosted him and he entered into conversation with them. Suddenly one of the trio, a large man wearing black goggles, stepped into Burns' buggy and seized him by the throat. One of the others seized the satchel containing the cash intended for the quarrymen and jumped into his own rig. The man with the goggles followed and the three lashed their horse to a run and disappeared before Burns could recover from the attack.

A posse was hastily organized and came upon the highwaymen about two miles from the scene of the robbery. A heavy exchange of shots took place between pursuers and pursued. One of the robbers was crippled by a shot and was an easy victim, while the leader, the man with the goggles, was captured after his ammunition was exhausted. Over \$400 was found on the second robber's person, but the third man escaped, and is yet at large with \$1,700 of the stolen money.

Satisfied With the Independence.
Boston, June 4.—Another intended cup defender, the Independence, was given an airing, nothing more than a jogging to stretch sails and rigging, in Massachusetts bay yesterday, and from what little actual sailing was done the Crowninshield yacht certainly showed herself to be very speedy, particularly with started sheets. The Independence was just in the wind for two hours, and under three lower sails she skipped about very lively. She answered her balanced rudder quickly, and in fact acted most satisfactorily to her master, Capt. Haff, her designer, Mr. B. Crowninshield, and finally her owner, Mr. Thomas W. Lawson.

Cyclist's Probably Fatal Dive.
Buffalo, June 4.—Teddy Oliver, 19 years old, was perhaps fatally injured while doing his act in a midway show at the exposition grounds last night. Oliver's turn was to ride a bicycle off the edge of a platform 40 feet high and dive into a pool of water below. The water in the basin into which Oliver made the dive is 18 feet deep in the center, the bottom slanting upward toward the edge of the pool, where it is only five feet deep. Just as he reached the edge of the platform his wheel swerved, and Oliver was thrown head foremost into the shallow water on the outer edge of the pool.

Medal For Woman Life Saver.
Iowa City, Ia., June 4.—Irving Institute, a literary society of the Iowa State university, has conferred on Miss Caroline Jarvis a medal for bravery in saving the life of R. M. Fagan, a student of the university. Fagan and Miss Jarvis were boating, when wind capsize the boat, throwing both into the water. Fagan was unable to swim and Miss Jarvis assisted him to secure a hold on the boat and then swam to shore, pushing the boat ahead of her.

Mrs. McKinley's Condition.
Washington, June 4.—Dr. Rixey, after remaining in the White House for nearly three hours last night, said that there had been no change in the condition of Mrs. McKinley. At 11 o'clock she was resting comfortably. The complaint which manifested itself while Mrs. McKinley was away from Washington, and which has so seriously sapped her strength, has been checked, but its effect has been to leave her in a very weak condition.

The German Tariff Conference.
Berlin, June 4.—The tariff conference which began today in Berlin, and at which the larger German states are represented, will endeavor to reach a general understanding between the various governments of the empire as to the basis upon which the new commercial treaties must rest. The deliberations of the conference are likely to be prolonged. Count Von Buelow, the imperial chancellor, presides.
