THE PAN-AMERICAN.

Editorial Correspondence. IN my letter last week, I promised the readers of the POST to give them some facts concerning the Pan-American Exposition.

In compliance with that, I shall endeavor to do so, but permit me to preface this letter with the statement that the most powerful pen can not adequately portray the many things to be seen and heard at this exposition. There are all kinds of amusements and entertainments and the visitor can select those that appeal more particularly to his or her individual taste.

This gives us a chance to travel without losing so much time on the train. This comparison is made to show that Snyder County people can go to Buffalo as quickly as to Philadelphia and with about the same expense. Tickets were sold last Thursday for \$7.50 for the round trip from Middleburg to Buffalo.

during the last five months. The electrical display is beautiful, the electric tower is the finest electrical display ever exhibited on the American Continent. There are four concerts by two different bands every day. We had the pleasure of hearing Sousa's grand concert band and the Mexican band.

My attention was particularly called to a handsome card table in the Forestry building containing over 700 different kinds of wood and the top alone contains 12,118 different pieces of wood.

There are 39 different places of amusement and entertainment on the midway. Three or four of these were not open last week. Of the remainder the writer was given the pleasure of a visit to 21 different places as follows:

IN A WRECK.

After having spent four days on the grounds, we boarded the Buffalo flyer last Thursday evening at 8:30 and were soon making a rapid pace for the Keystone State. We had traveled 17 miles, the air brakes were put on and the conductor called out, "East Aurora." The next moment the conductor and two passengers were lying in a tangled mass at the end of my seat as the result of a very unaccountably sudden stop.

TWO MARINE DISASTERS

Ferryboat Northfield Sunk and Transport Ingalls Capsized.

New York, June 17.—After more than 48 hours' search for dead bodies in the Staten Island ferryboat Northfield, which was sunk by collision with the Jersey Central ferryboat Mauch Chunk on Friday evening, only two bodies have been found.

The dead: Jere V. Wright, note taker of the Oriental bank, of this city, residing at New Brighton, S. I.; Juan Benitez, a clerk in the steamship office of French, Edye & Co., of this city.

Missing: Gen. Charles G. Bartlett, 65 years old, of Livingston, S. I.; Charles Dickerson, of Brooklyn; Francis Xavier Xiques, of Port Richmond.

Although more than 600 lives were endangered, the fatalities appear to have been remarkably few, owing to the fact that the Northfield was able to get so close to an East river pier before sinking. Half a dozen horses and wagons have been taken from the wreck.

The transport Ingalls, which capsized in Erie basin Friday has been righted. Bert Miller, a carpenter, and Martin Anderson, a painter, were killed in the accident. It is supposed 30 Italians were drowned in the hold.

Dothan, Ala., June 18.—Prof. W. A. Rankin, until Saturday assistant to the principal of the Dothan public schools, yesterday shot and killed George H. McNeill, principal of the schools, and then turned the revolver upon himself, with fatal effect.

Governor Odell For President. New York, June 18.—The Journal and Advertiser says: "It seems to me that Governor Odell will be re-elected, and that he will later be president."

This was Senator Thomas C. Platt's reply to a question put to him yesterday by a reporter as to whether Governor Odell is likely to succeed him in the senate two years hence.

If the idea is acceptable to the owners of the Constitution, Independence and Columbia I will enter the two Shamrocks. I believe it would be one of the best sporting events in recent years."
