Plymouth, July 6.—Miss Mary Connel, who disappeared mysteriously last Tuesday, returned today as the wife of John Rudge, also of Plymouth. They went to Binghamton and were married. There seems to be no reason for the elopement. The young people just thought it would be romantic.

Harrisburg, Pa., July 9.—William T. Creary, of Columbia county, chairman of the Democratic state committee, with his clerk, James A. Sweeney, of Hazleton, came to Harrisburg yesterday and opened state headquarters. The active work of the campaign will not begin until after the nomination of the state ticket on August 15.

Wilkesbarre, Pa., July 8.—John Mulick, a Hungarian, while going to his home in Dicksville, near here, last Friday night, was assaulted by foot-pads who robbed him. The man was found the next morning in the road with his skull crushed. He died while being taken to his home. Two men were arrested on suspicion of being the murderers.

Lancaster, July 6.—The court has refused permission to the Young Men's Christian Association to sell its old building and apply the proceeds toward the payment of the debt of the new \$150,000 building. The court ruled that as the building is no longer used for Young Men's Christian Association purposes it reverts to the contributors, who paid for it. The building is worth \$10,000.

Bellefonte, Pa., July 9.—The citizens of this county, under the auspices of the veterans of the Civil War, last night gave an enthusiastic reception to fourteen young men of the county who have spent the past two years as soldiers in the far East, and who returned home yesterday. Fifteen men enlisted from this county, but one of them died in Manila. Among those who delivered welcoming addresses were former Governors Beaver and Hastings, Judge Love and State Senator Heinle.

Wilkesbarre, Pa., July 8.—While freight train on the Lehigh Valley Railroad was nearing Pittston at 6 o'clock yesterday morning one of the cars was found to be on fire. There was danger of the flames spreading to the other cars. The engineer opened the throttle wide and pulled into the Pittston depot at fast speed. An alarm was sent in and the city fire department responded quickly. The burning car was one sheet of flame, but the fire was extinguished in a short time.

Pittsburg, July 6.—Mrs. White, a well-to-do young widow, was married last evening to John Pratt. A charivari party gathered before the house during the wedding dinner, and serenaded with tin pans and horse fiddles, and when admittance was refused broke in and began to break up the furniture. Mrs. Pratt stepped in and fired a bullet into Bert Pound's shoulder, and the charivari broke up. The bride sat down to the table again, was arrested a half hour later, gave bail and returned to the dinner.

Harrisburg, July 6.—A unique letter was received at police headquarters in this city today, addressed to "Any Policeman, Harrisburg, Pa." from James M. Searles, of Nagle, Kingfisher county, Okla. He manifests the desire to become the husband of a Harrisburg woman, either a maiden, a widow, good or bad looking, just so she is a woman who will marry him and look after his 8 year old daughter. He prefers a woman about 28 years of age, and is not particular whether she has children or not, providing that there are not too many of them.

Hazleton, July 6.—A notice, announcing an indefinite suspension of the colliery and the strippings, employing in all about 800 men, was posted by C. Pardee & Co., at Lattimer, this afternoon. The cause of the suspension, which is to go into effect Monday, is unknown. It is said that the company took this course to forestall the mine workers in their determination to prevent over-production, while another report is to the effect that there is a dispute with the Black Creek improvement Company on account of royalty. The colliery has been operated on full time for several years past.

STEEL WORKERS STRIKE

Ordered by President Shaffer of the Amalgamated Association.

WILL INVOLVE 35,000 MEN.

Fight Not for Wages, but for the recognition of the Organization—Two Branches of the United States Steel Corporation Arrayed Against the Association.

Pittsburg, July 2.—As a result of the refusal of the representatives of the American Steel Company and the American Steel Hoop Company, subsidiary companies of the great United States Steel corporation, to sign the workers' new scale at Saturday's conference, circulars were sent out from the national headquarters of the Amalgamated Association of Iron, Steel and Tin Workers Sunday and yesterday declaring a strike at all the plants of the two combines.

The great strike is now on, but it will be several days before its actual extent is known. At the outset, however, over 35,000 men will be involved.

These men are employed at mills in Western Pennsylvania, Ohio and Indiana.

What the strike just inaugurated may eventually lead to is problematical. Three months ago when a strike occurred in the Wood plant of the American Sheet Steel Company at McKeesport, because the company refused to allow its men to become members of the Amalgamated Association, President Shaffer threatened if the McKeesport strikers could not win with their own strength he would order a strike in every plant of the company.

If the latter would not yield he would then call out the union men in every plant of the United States Steel Corporation. Such a course would now end in the biggest strike the country has ever seen, involving several hundred thousand men.

For the first few weeks the situation will not show the strength of the association. Almost all the plants of the company, union and non-union, will be compelled to shut down during the early part of July to give the men a rest.

It will be after, perhaps, the first of August when the combine makes a serious attempt to start up in full, that the real battle will begin if no settlement has been reached at that time. The urgent orders now on the books can scarcely wait through July. Thus the association has almost a month or more to prepare for the coming struggle. It is the boast of the Amalgamated Association officials that by that time they will control 80 per cent. of the capacity of the combines' plants.

The strike against the American Sheet Steel Company has been ordered because this portion of the United States Steel Corporation has thus far stood out against the increase in union mills, now recognized as union, to remain so. The American Steel Hoop Company stands in the same position.

Thus is arrayed against the union organization the two branches of the United States Steel Corporation. The strike now threatened in the bar mills, following so closely upon that of the sheet mills, has therefore a most serious aspect and may spread to enormous proportions.

The fight is not for wages, but for organization. Either the Amalgamated Association must bow to the will of the greater combine, or else the greater denied that there was any need of non-union mills.

The rumor that President Schwab, of the United States Steel corporation, might be asked to come to Pittsburg to settle the trouble now pending, caused some little discussion, but both Secretary Jarrett and President Shaffer denied that there was any need of his services.

The indications are that President Shaffer himself expects an early adjustment of the complication. A well known independent sheet manufacturer stated to-day that indications pointed to a peaceful settlement of the trouble.

Tugs' Crew of Five were Drowned.
Houghton, Mich., July 2.—The tug Fern, of Algona, Mich., foundered off here Saturday morning. She carried a crew of five men, all of whom were lost. Three were from Algona and the other two were Frank Johnson, of this place, and Will Anderson, of Eagle Harbor. The wreck of the yacht Marguerite, of Hancock, was also discovered between here and Eagle Harbor. Two men are supposed to have been lost on her.

President to go to Canton Friday.
Washington, July 2.—The president saw few visitors today. He is very busy clearing up public business prior to his departure for Canton on Friday, and only those having urgent matters to bring to his attention will be seen during the remainder of the week. The extreme heat of the past few days has not affected Mrs. McKinley.

Officer Killed in the Philippines.
Washington, July 2.—General MacArthur cables to the war department from Manila that First Lieutenant Edward E. Downes, First Infantry, was killed in Southern Samar. Downes was appointed to West Point from Texas in 1896.

Tornadoes Rage in Iowa.
Des Moines, Iowa, July 2.—Tornadoes are reported near Holstein, Cambridge and other Iowa points, but details are lacking. Communication with Cambridge cannot be secured from here.
