

EASY FOR CONSTITUTION

In Second Race, the New Yacht Is Again Victorious.

BEST OF ITS KIND EVER BUILT.

Yesterday's Contest the Most Remarkable of All Races for America's Cup—Columbia and Independence Defeated, but not Dismayed.

Bateman's Point, Newport, R. I., July 9.—The race yesterday between the Herreshoff yachts, Constitution and Columbia, and the Crownshield yacht Independence was won handily by the Constitution, which finished at 4.34, beating the Columbia over three miles and the Independence nine and one-half miles.

Of all the conquests in the history of the renowned races for the America's cup that of yesterday is the most remarkable. The Constitution proved herself the best light weather craft of this generation. Volant, Vigilant, Defender and Columbia have in the past achieved wonderful and glorious things in the cause of defending the cup, but the new Bristol sloop's work yesterday capped the climax and established her as a record breaker in light airs. She has accomplished what yachtsmen considered impossible in so summarily beating the Columbia, while her performance has put the independence entirely out of the running in conditions like those of yesterday. What her showing may be in heavy weather is still a matter of conjecture, as it is with the Independence, but the experts are now almost ready to accept any achievement of the Constitution without surprise.

Mention should be made of the valiant efforts the old ship Columbia made to escape from the hoodoo of greater merit on the part of the Constitution. The brave and determined efforts of F. D. Morgan, the plucky amateur Barr, the able skipper and a crew whose like can never be surpassed, who kept up the great fight to the finish and in the smart handling of the sails never lost a point, were all recognized by appreciative spectators. That she lost was owing to the same reason that Defender lost the contest. She was outclassed as a vessel.

REFUSE WELSH'S OFFER.

Reading Railway Shop Hands Resolve to Stay Out.

Reading, Pa., July 9.—Indications this morning are that the strike of Reading Railway shop hands will continue for an indefinite period. The strikers held a lengthy session yesterday afternoon and by a unanimous vote, though one thousand men were present, agreed to reject the second proposition of Acting President Welsh and to stand out for better terms.

In their grievance addressed to the company the men have requested that their wages be advanced from 14 to 18 cents per hour. They want a nine-hour day, claiming that the twelve and fourteen hours made are too long in this hot season. They ask for double time for all over time on Sundays and holidays and time and half on all other overtime.

Word has been received from Wayne Junction and Newberry Junction, the only points along the entire line where the company would be in a position to reload its freight, that the men there would refuse to allow that work to be done at either point.

Sunday School Reform in Question.

Detroit, Mich., July 8.—The fourth annual convention of the American Society of Religious Education opened yesterday afternoon in the Central M. E. church with an attendance of two hundred. At the first session Prof. J. N. Jones, Ph. D., of Cleveland, Ohio, and Francis Wayland Parker, of Chicago Institute, spoke on "The Sunday School as it should be." Both speakers advocated teaching children what they ought to be morally at the same time they are instructed in their books, in the day schools. Prof. Jones argued that normal schools should be established for the instruction of Sunday School teachers and that they should be paid salaries. Mr. Parker came out strongly against the singing of such hymns as "I want to be an angel," and urged that the Sunday Schools be put on a more common sense, practical basis.

St. Louis Starts Fair Work Early.

St. Louis, July 9.—President David R. Francis, of the Louisiana Purchase Exposition company, returned from the east yesterday and immediately will take up the work of the world's fair with the executive and other committees. The selection of a director general has not yet been made and the appointment is looked for with interest. Wm. I. Buchanan, who holds a like position with the Buffalo Exposition, is no longer considered, owing to his disinclination to engage further in exposition work.

Killed Innocent Party.

Cumberland, Md., July 9.—As John Deemer, a clerk in a drug store here, was removing a revolver from a shelf in the store yesterday afternoon the weapon was discharged and the bullet struck and killed Clinton Billmyer, a customer.

Paris Banking House for Morgan.

London, July 9.—It is reported here, says the Paris correspondent of the Daily Mail, "that John D. Rockefeller and J. Pierpont Morgan have decided to establish a banking house in Paris with a capital of £10,000,000.

PIERRE LORILLARD DEAD

Famous Millionaire and Sportsman a Victim of Uraemic Chills.

FOUNDED FASHIONABLE TUXEDO.

First Winner of the Classic English Derby and Controlling Spirit in the Great Tobacco House Which His Father Established.

New York, July 8.—Pierre Lorillard died at the Fifth Avenue Hotel, where he was taken from the Deutschland, when that steamer arrived from Europe, July 4, at 2.10 o'clock yesterday afternoon.

PIERRE LORILLARD.

Pierre Lorillard was the eldest son of Peter Lorillard, architect of the fortune which made the family famous. He inherited much of the business ability of his father and marked success attended the commercial enterprises which he planned and executed. At the death of his father he received about \$1,000,000 and an interest jointly with his brothers and sisters in the tobacco house of which his father had been the head. He at once purchased from his brothers a control of the house and by shrewd management greatly increased his fortune. He built a handsome residence at Fifth avenue and Fifty-sixth street, and entertained in princely manner. In 1874 he became interested in the turf. His first horse was Parole, and with Iroquois in 1881 he was the first American to win the classic English Derby. He was also an enthusiastic yachtsman and once ran Vesta across the Atlantic. He founded and controlled at the time of his death the fashionable resort at Tuxedo. He was nearly 68 years old. He is survived by his wife, son Pierre Lorillard, Jr., and daughters, Mrs. William Kent, and Mrs. T. Suffern Taylor. He leaves a large fortune.

"DAMASCUS" DAWSON PARDONED

Inventor's Freedom Demanded or He Would Die With Secret.

Des Moines, Iowa, July 6.—S. W. Dawson, who has served five years of a ten years penitentiary sentence for shooting Walter Scott, his son-in-law, on Christmas night, 1895, has been paroled by Governor Shaw. "Damasus" Dawson, as he is known, claims to have recovered the art of making Damascus steel and of hardening copper. Capitalists who are interested in a movement to develop Dawson's processes, secured the evidence upon which he was paroled, as he had asserted that he would die with his secrets rather than reveal them while in prison. It was shown that Dawson was excited to the verge of insanity at the time of the shooting.

Cleaning Up in New York Morgue.

New York, July 8.—There was a cleaning up of the Morgue in this city yesterday after the hardest two weeks works the attendants had ever experienced. The law compels the authorities to keep unidentified bodies five days before burial and this law during the recent torrid spell worked great hardship. There are only 60 cold storage vaults for bodies in the place and the consequence was that as the victims of the heat multiplied the morgue space was soon overtaxed and the keepers were compelled to place the dead in pine boxes in various parts of the building as well as in adjoining buildings. During the last week 250 bodies were sent to the morgue.

Women Fell in Boiling Geysers.

Helena, Mont., July 9.—A report from Mammoth Hot Springs is that two women, whose names were unknown, met with a shocking accident while inspecting the boiling mud "paint pots" at the Thumb on Yellowstone lake in the National Park yesterday afternoon. The women, a mother and daughter, who entered the park by the Monida route, fell into the natural cauldron where the boiling mud was waist deep and could only be rescued with difficulty. They were taken by boat to the Lake Hotel, where a physician said their injuries might prove fatal.

Younger Boys May Be Pardoned.

St. Paul, July 9.—The State Pardon Board yesterday considered a long list of application for parols, the most important among them being those of Cole and James Younger, who are now serving life sentences for their connection with the Northfield Bank raid in 1876. Their application is made under the provisions of a law enacted by the last state legislature, which gave the state board of pardons power to parole life prisoners who have served 25 years.

FOUR NEGROES HANGED.

Executed in a Florida Town Witnessed by Thousands.

Orange, Fla., July 6.—At Vernon, sixteen miles from here, yesterday morning, four negroes, Belton Hamilton, John Simons, Jim Harrison and Will Williams, were hanged for murder. Williams, Harrison and Hamilton had been convicted of murdering a helpless negro and attempting to kill his wife. It was adduced in the evidence that the three had warned their victim, Jeff Davis, to leave a certain turpentine camp. Davis obeyed instructions at once, but was forced to return on account of lack of transportation of his household goods. He came back on October 2 last and was spotted at once by his enemies, who surrounded him in his home and stationing themselves behind convenient trees proceeded to riddle the cabin with rifle bullets. Davis was told to put his gun outside, which he did, and afterwards was dragged from his house and shot to death while in his wife's arms. During the trial Hamilton on cross examination confessed, saying, "I'm guilty, before God I am guilty, and I ought to be hung until dead." By his confession the others were convicted.

CROWNSHIELD CLAIMS HONOR.

Says He is Author of the Famous Dispatch to Dewey.

Washington, July 9.—Rear Admiral A. S. Crownshield, Chief of the Bureau of Navigation, yesterday issued a formal statement to the effect that he is the author of the famous dispatch to Admiral Dewey ordering him to proceed from Hong Kong to Manila and there capture or destroy the Spanish fleet. Admiral Crownshield states that he wrote the dispatch in the White House and submitted it to both Attorney General Griggs and the President, and that the only change made in the dispatch as he wrote it was the addition of either the word "capture" or the word "destroy."

The dispatch, according to Admiral Crownshield, then was handed to Lieutenant Whittlesey, who took it to Secretary Long, and after the latter had signed it sent it to Admiral Dewey.

"SOONERS" IN OKLAHOMA.

Trouble May Be Caused By Settlers Locating Before Drawing Day.

El Reno, O. T., July 9.—Judge Fitzpatrick, special allotting agent of the Kiowa-Comanche Indian reservation, says that Caddo county is full of "sooners," and that trouble is likely to occur, notwithstanding the county is to be opened by lottery and not by run. Two troops of cavalry, one each from Fort Reno and Fort Sill, have been ordered to these posts and are ordered to arrive on Wednesday. Lew Hornbeck, of Minco Newstrel, has a small following here, who declare they intend to locate now, regardless of the president's proclamation, naming certain days upon which the land is to be allotted by drawing. Already some of Hornbeck's followers have entered the forbidden country. It is estimated that there are now 5,000 prospective settlers in Oklahoma.

A Labor Temple for U.

Chicago, July 9.—First steps toward the founding of a labor temple in this city were taken by the Chicago Federation of Labor yesterday. It is the purpose to make the "temple" a home for all the Chicago labor unions, a place where they can hold meetings, have their offices and develop in addition, through clubs and benevolent societies, the social side of life that is now too often neglected wholly in trades organizations as at present conducted.

Acres of Wheat Went Up in Flames.

Great Bend, Kan., July 9.—Fifteen thousand acres of wheat went up in flames here yesterday afternoon. The fire was started by an unknown man throwing a lighted cigar into a field of wheat stubble. Everything was as dry as tinder, and soon a destructive fire was in progress. Roughly estimated the loss in wheat will aggregate 300,000 bushels, nearly all of which was in stack.

Many years ago The Hayner Distilling Co., finding it impossible to prevent the adulteration of their product as long as it was distributed through irresponsible dealers, decided to sell direct to the consumer only. As a result, it is now supplying nearly 200,000 customers with pure whiskey, and that, too, at a lower price than pure whiskey costs otherwise. See offer elsewhere in this issue.

Butte, Mont., July 9.—A special from Malta says all hope of capturing the Great Northern train robbers has been abandoned. One by one the men who accompanied the authorities in the chase to the southward have returned and the general opinion appears to be that the robbers have made good their escape. The men composing the sheriff's posse sent out from Glasgow, have despaired of capturing the men, and the chase has been given up from this end of the line.

Albert Johnson Left a Million.

New York, July 9.—The will of the late Albert L. Johnson was opened and read at the family residence yesterday. Mayor Thomas L. Johnson of Cleveland, who is named as sole executor, stated that the document was a brief one, and bequeathed all of the estate to the widow and her four children. There were no separate bequests to anyone, and nothing was made public as to the value of the estate, which is reputed to be upwards of \$1,000,000.

Twelve-Year-Old Girl Shoots Burglar.

Parkersburg, W. Va., July 9.—At Griffithsville, W. Va., Minnie Waddell, 12 years old, shot a burglar as he was entering her home during the absence of her parents, and then stood watch through the night over him. The burglar, who will die, has been identified as Walter Morris.
