He used them for three or four days without relief, called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to him the next morning. He said his bowels were in a terrible flux, that they had been running off so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured." ## TOUR TO THE PACIFIC COAST.

Another Opportunity to Visit California under the Auspices of the Pennsylvania Railroad's Personality-Conducted System.

In view of the great popularity of transcontinental travel under the Personality-Conducted System, as evinced in the recent Pennsylvania Railroad Tour to the Pacific Coast and Canadian Northwest, that company has decided to run another tour to the Pacific Coast, including in the itinerary a visit to the world-famous Grand Canyon of Arizona, in the early fall. The tour will leave New York, Philadelphia, Baltimore, Washington, and other stations on the Pennsylvania Railroad east of Pittsburg, on Monday, September 23, and reach New York on the homeward trip Tuesday, October 22.

As in former tours to California under the auspices of the Pennsylvania Railroad, a special train, composed of the highest class of Pullman equipment, will be utilized during the entire trip. Excellent meals will be served in the dining cars attached to the train during the entire journey, except during the stops at San Francisco and in Chicago. An observation car will appeal to all who delight in scenery. Few trips afford so great a diversity in Nature's beauties as the one outlined below. Westward bound, the tourists will pass through the wild slopes of the Colorado Rockies, around the Great Salt Lake, and over the fastnesses of the Sierra Nevada. After visiting all the beautiful resorts on the sunny California slopes, the eastward journey will be through the Arizona desert to the Grand Canyon of Arizona. Its beauties cannot be painted in mere words. Magnificent in coloring, awful in its depths, it stands among the natural wonders of the world. Thence across the plains to St. Louis, and eastward through Illinois, Indiana, Ohio, and Pennsylvania, the tourists reach their destination just thirty days after leaving home.

The various transcontinental lines having made low rates on account of the General Triennial Convention of the Protestant Episcopal Church, the Pennsylvania Railroad Company is enabled to offer this superb trip at a low rate of \$185 for the round trip from New York, Philadelphia, Baltimore, Washington, or any point on the Pennsylvania Railroad east of Pittsburg, one in a berth; and \$165 for the round trip, two persons occupying the same berth. The rate from Pittsburg will be \$5 less.

Diagrams are now open, and as the number who can be accommodated will be strictly limited, names should be registered immediately.

For further information and descriptive pamphlet, apply to George W. Boyd, Assistant General Passenger Agent, Broad Street Station, Philadelphia.

Purity is the great consideration in what we drink or eat. All risk of getting into a bad key is avoided by buying direct from the Hayner Distilling Co. They also save you the wholesale and retail dealers' profits. Read their announcement in this paper. It means money in your pocket.

## \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby by destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
