Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let six hours elapse between meals and when you feel a fullness and weight in the stomach after eating, indicating that you ate too much, take one of Chamberlain's Stomach and Liver Tablets and the heartburn may be avoided. For sale by The Middleburg Drug Store.

An Old Pastor.

No man in the capital city of the State of Ohio is better known than the Rev. James Poindexter. For many years he has been the successful pastor of the Second Baptist Church of that city. Every day his venerable figure and kindly face may be seen on the streets of the city where he has labored for so many years. What a history of benevolence and self-sacrifice might be written by simply giving the details of the every-day life of this faithful pastor and eloquent preacher. But old age comes to the best of men. The rheumatics peculiar to advanced age had already begun its insidious ravages when it became necessary to find a remedy, if possible, that his days of usefulness might not be shortened. An efficient nerve tonic that would stimulate the circulation, improve the digestion, and increase the tone and vigor of his whole system, was needed. The only remedy capable of meeting all these indications was found to be Peruna. In a recent letter to Dr. Hartman, he states: "My attention was called some time ago to your medicine for rheumatic troubles by Mr. Cook, an old reliable druggist of this city, and take pleasure in saying that I have tried them and found them good. It is my opinion that the remedy, Peruna, is justly entitled to the fame which it has throughout the United States." Address The Peruna Medicine Co., Columbus, O., for free catarrh book.

Moyer has a gang of men at work remodeling his house on the old Troxel farm. The present compulsory school law should be read by every parent and should be enforced. It seems some people don't know that it is unlawful for a person to give tobacco to another person under sixteen years. The school directors have adopted the Blaisdell's Physiologists and elected their teachers for the coming term. The salary which is to keep soul and body together is \$25 per month. The teachers are glad to hear that their neighboring teachers are getting better wages, but sorry that they have not also been favored the same way, and still other people would rejoice if it would be but fifteen or at most eighteen. Why is it so? \$100 Reward, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
