A New Buffalo correspondent writes thus to the Perry County Advocate: "James Low, of Watts township, who has for many years been digging for gold, etc., along the base of the Half Mountain, in said township, and has had some ore tested that yielded \$21.80 a ton, now claims that he has found a much richer vein, and all that is needed now is some person to furnish the money necessary to develop what he believes will prove to be a veritable bonanza."

The writer had the pleasure of being present at Rev. Haas' Harvest Home Services at Selinsgrove Sunday morning. The Reverend preached a very interesting sermon. He had the church tastefully decorated with both cereals and fruit. A tedious piece of work was the making of the words "Bless God" with kernels of corn and filling in the back ground with grains of wheat, while a border was made with peach seeds.

All parties for whom I have threshed are requested to make payment to me for threshing done up to this date.

Adopted by the Snyder County Republican Standing Committee. The First Was Presented by Prof. F. C. Bowersox,

the Second by J. A. Lombard

and the Third by D. P. Ritter.

WHEREAS, in the Providence of God,

the American Nation is now steeped in deepest gloom and the very heart strings of the citizens of the United States profoundly touched by the said calamity which has befallen the Nation in the foul assassination of that generous, pure-souled, noble-minded statesman, his Excellency, the Hon. William McKinley, Chief Magistrate of the United States, for whose cruel and untimely demise the civilized world has expressed its sense of horror, and offered the tenderest sympathy. Therefore be it,

RESOLVED, That the members of the Snyder County Republican Standing Committee in convention assembled, do hereby express their sorrow in the personal bereavement occasioned to each member by the horrible removal of our President.

That we deplore the loss to our party of its most brilliant and conspicuous leader, to our nation its wise counselor and great captain, and to the world one who ruled not by force or passion, but

who by cool, calm, intelligent statesmanship, proved himself to be the equal to any emergency, and made the Government of the United States honored and respected throughout the world.
