GUILTY, SAYS CZOLGOSZ

Disallowed By Court, However, on Technical Grounds.

JURY WAS QUICKLY SECURED

Burgeons Tell of the Death of the President and the Effect of the Assassin's Shot Upon the Various Organs. District Attorney's Charge.

Buffalo, Sept. 24.—Leon F. Czolgosz was placed on trial yesterday morning charged with the murder of President William McKinley. He entered a plea of "guilty" which was subsequently changed to "not guilty" by direction of the court.

All the events of the day indicated that the trial will be short. Court convened at 10 o'clock and within two hours eight jurors had been secured. Technicalities were not raised by examining counsel, but it was significant that every man who said he had not formed an opinion on the case was excused by the district attorney. Those who acknowledged they had formed an opinion or stated that they were pre-

colleagues and myself that I should say something regarding our presence here as attorneys for the defendant. At the time my name was suggested I was out of the city and knew nothing of what was transpiring here with reference to the selection of counsel for the defendant. When the circumstances of my selection were told to me I was extremely reluctant to accept. But the duty had been imposed and I considered it my duty, in view of all the circumstances to defend this man.

"I ask that no evidence be presented here—that the court will not permit the acceptance of any evidence unless it would be accepted at the trial of the most meagre criminal in the land."

"I am familiar with these circumstances," said Justice White in reply, "and I wish to say I will give you every assurance that the prisoner will have a fair and impartial trial, and that during the progress of the trial he will receive such treatment as the law demands in any criminal case."

Securing the Jurors.

Following is the jury selected:
 FREDERICK V. LAURER, plumber.
 RICHARD J. GARWOOD, foreman.
 HENRY W. WENDT, manufacturer.
 SILAS CARMER, farmer.
 JAMES S. STYGALL, JR., plumber.
 WILLIAM LOTOR, farmer.
 WALTER E. EVERETT, blacksmith.
 BENJAMIN C. RALPH, bank cashier.
 SAMUEL P. WALDO, farmer.
 ANDREW J. SMITH, merchant.
 JOACHIM H. MERTENS, merchant.
 ROBERT J. ADAMS, contractor.

The presentation of the government's case began shortly before 3 o'clock when Assistant District Attorney Haller began, with much deliberation, to address the jury. He spoke very briefly.

"We shall show," said he, "that, for some days prior to the shooting this defendant had premeditated the shooting of the president. He knew that on the Sept. 6 the president would receive the populace in the Temple of Music; that on that day he went to the exposition, got into line with the people and approached the president; that he had a weapon concealed in his hand, and as the president extended his hand in kindly greeting he fired the fatal shot.

The Fatal Shot.

"He fired two shots, in fact. One of them took effect in the abdomen and caused that mortal wound which resulted in the President's death. That, in brief, is the story which we shall show you. Witnesses will tell you this story, and I am sure that when you have heard the evidence you will have no difficulty in reaching a verdict of murder in the first degree."

The first witness, Samuel J. Fields, chief engineer of the Pan-American Exposition, described the ground floor

plan of the temple of music, and was followed by Perry A. Billis, a photographer, who presented views of the interior of the building. The remainder of the afternoon was taken up with the testimony of three physicians, two of whom had attended the President during his last days, while the other performed the autopsy. The latter, Dr. Harvey A. Gaylord, was the first of the trio to be called. He described the location of the wounds in the stomach and the direction of the bullet. The cause of death was attributed to the gunshot wound, fundamentally, he said, and it was due to the changes in the sack of the stomach, in the pancreas, caused by the "breaking down" of the material of the pancreas as a result of the passage of the bullet.

Dr. Herman Mynter followed, and his testimony was of importance, inasmuch as it brought out the fact that the reason why the fatal bullet had not been located at the autopsy was because of the unwillingness of the President's relatives to have the body further mutilated by their instruments.

Dr. Mann went over the ground covered by Dr. Mynter and described the operation performed at the exposition hospital. "To find the track of the bullet, back of the stomach," he explained, "it would have been necessary to remove the bowels from the abdominal cavity. The performance of that operation would probably have resulted fatally as the president already had grown very weak as a result of the first operation."

Both surgeons testified that the primal cause of death was the gunshot wound in the stomach. One effect of this wound was, they said, to cause the gangrene to form in the pancreas, and the spot of poisoned tissue was as large as a silver dollar.

The prisoner, Czolgosz, during the morning evinced no interest whatever in the proceedings, but as the testimony was introduced he paid more attention to what was said and looked at the various witnesses closely.

BUSY DAY FOR THE PRESIDENT

He Promises Hearty Aid to the St. Louis Exposition.

Washington, Sept. 24.—President Roosevelt had a busy day of it yesterday. In the afternoon he saw Rear Admiral Walker, retired, and ex-Senator Pasco, of the Isthmian canal commission; Senator McComas, of Maryland; Rear Admiral Bowles and ex-Senator Carter, of Montana, president of the St. Louis exposition commission. Mr. Carter talked to the President about securing a complete exhibit at the exposition from our insular possessions, and the President promised that the exposition management would be heartily seconded. The war department will be asked to co-operate to this end. In addition to the exhibits

of the resources of Porto Rico, Hawaii and the Philippines, an effort will be made to have the ethnological exhibit, which has been of little prominence at former expositions, absolutely complete. There are more than 70 types of savage and semi-barbarous people to be represented, and all of these are to be found in the Philippines.

Secretary Gage called yesterday with the principal officials of the treasury department. Postmaster General Smith also spent an hour with the executive. In the afternoon the President went for another long horseback ride in the suburbs of the city. Last night he slept in the White House for the first time.

RAILWAY SAFES ROBBED

Money Stolen From Holmesburg, Tacony and Frankford Office.

Philadelphia, Sept. 24.—Eight masked men yesterday morning entered the car barn of the Holmesburg, Tacony and Frankford railway, in the extreme northwestern section of the city, and, after binding and gagging two watchmen, proceeded to the office, where they blew open two safes and stole the day's receipts, amounting to about \$1,200. George Nolan and Clarence Depew, the watchmen, were the only occupants of the building at the time. After securing their booty the robbers went to the Tacony water works, on the banks of the Delaware river, where they stole a rowboat and escaped. Nolan succeeded in loosening his hands after a half-hour's work. He released Depew, and they notified the police.

Hanna Has Not Stopped Talking.

Cleveland, Sept. 24.—Senator Hanna declared yesterday that he had been misunderstood when he refused to discuss the policy of President Roosevelt a few days since, and that while he then did not feel disposed to express an opinion on the subject, he did not mean to imply that he would never again talk for publication. "If President Roosevelt follows McKinley's policy," said Mr. Hanna, "I sincerely believe that the present prosperity of the country will continue indefinitely."

New Cable Line to the Philippines.

Albany, N. Y., Sept. 24.—The Commercial Pacific Cable company, with a capital stock of \$100,000, was incorporated here yesterday. John W. Mackay, one of the incorporators, said yesterday that the company had been organized for the purpose of laying a cable from California to the Philippine Islands by way of Honolulu, in the Hawaiian Islands. The length of the cable will be about 8,500 miles, the part to be first laid being that from California to the Hawaiian Islands.

A Series of McKinley Stamps.

Washington, Sept. 24.—A special issue of stamps commemorative of the life of the late President McKinley is under contemplation at the postoffice department. Consideration of the subject, however, has not progressed sufficiently to indicate definitely what action may be taken.

Mrs. McKinley Visits Westlawn.

Canton, O., Sept. 24.—For the third day in succession Mrs. McKinley took two drives yesterday. The first one was to the cemetery where she and Mrs. Barber and Dr. Rixey again entered the vault to look at the casket containing all that remains of the devoted husband.

CUMMINS ON RAILWAY TAXATION

Railroads Should Be Assessed in Comparison With Other Properties.

Centerville, Iowa, Sept. 24.—The Iowa campaign was formally opened here last night by A. B. Cummins, republican candidate for governor. After a severe arraignment of anarchy he concluded by saying that in regard to railway taxation he believed the present laws of the state needed reformation.

"I know of no other species of property," said Mr. Cummins, "so fit for comparison in determining the assessed value of the railroads as the real property of the state; that is to say, the farms of the country and the lots of the cities. The railroad companies cannot complain if they are compelled to pay taxes upon a valuation which puts them upon an equality with the owners of lands and lots."

SHAMROCK AND COLUMBIA

The Two Cup Yachts Getting Ready for the Contest.

New York, Sept. 24.—Both the Columbia and Shamrock received a thorough cleaning and overhauling at their docks yesterday. Both will be measured today and then towed to Sandy Hook where they will seek their respective mooring buoys. Sir Thomas Lipton was feeling better yesterday and said he hoped to be on the Shamrock during the races. Yesterday he received a handsome wreath of pure shamrocks and heathers from the Royal Cork Yacht club, the oldest yacht club in the world. Bob Fitzsimmons, the pugilist, sent a gun metal horseshoe bearing the following words engraved upon it: "From Robert Fitzsimmons to Sir Thomas Lipton. May the best boat win. Good luck."

It Will Be Bishop McGarvey Nov.

Altoona, Sept. 24.—Right Rev. E. A. Garvey, of Pittston, will arrive here this evening to be installed as bishop of the new diocese of Altoona. Archbishop Ryan, of Philadelphia, and other high dignitaries of the church are expected to witness the ceremonies.

Seth Low Named for Mayor.

New York, Sept. 24.—The committee of 18 appointed by the anti-Tammany organization to nominate a ticket for this fall's election completed its labors last evening by naming Seth Low for mayor.

Tin Workers Postpone Action.

Pittsburg, Sept. 24.—The tin workers last night decided to postpone action on their plan to secede from the Amalgamated Association until the settlement of the strike is better understood. As long as they retain their charters they are strikers and entitled to strike benefits.

A GOOD THING.

German Syrup is the special prescription of Dr. A. Boschee, a celebrated German physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cts. PROFILE VIEW OF CZOLGOSZ.

judged, but admitted that their opinion could be changed by evidence, were accepted by each side.

Justice Truman C. White, one of the oldest and most experienced of the supreme court judges was on the bench. Immediately after the opening of the court and after the prisoner had pleaded, Justice Loran L. Lewis, senior counsel for the defendant announced that together with his colleagues, former Justice Robert C. Titus and Mr. Carlton E. Ladd, they were ready to act in behalf of the prisoner.

"I thought it best," he said, "for my
