Quite a number of houses in Bellefonte, says the Watchman, are quarantined on account of scarlet fever and diphtheria, but the majority of the cases are of a mild form. Nancy Hunter, little daughter of Mr. and Mrs. Robert F. Hunter and Mrs. Percy Blackford and her two children are ill with diphtheria, while Lillian Hall, daughter of Conductor John D. Hall, and Helen Hartranft are scarlet fever patients.

The Lewistown Junction correspondent to the Lewistown Gazette last week says: "There is considerable talk about the Lewistown division changing hands again January 1st, but the report cannot be verified by any one in authority so I guess we will have to wait and see. No one seems to know whose hands it will go into this time, but the supposition is that it will either go back to the Middle division or the old relations will be re-established."

Every married man and every married woman should read the article by Dr. Ball in this issue. It would not hurt single persons to read it either.

Some of the men and boys who go to the woods for game are not fit to be trusted with firearms. Hunting accidents are of almost daily occurrence now that the season has opened and they will continue to occur so long as thoughtless and reckless persons fail to realize the danger of shooting at everything that resembles a bird or an animal or do not know any better than to handle their guns as if they were pieces of wood. There should be a law passed for the protection of careful hunters as well as the game.

**ONE ON THE BACHELOR**

A One Dollar Gift.

If you have friends living at a distance who are interested in Snyder county news, you can buy nothing for them that will be more acceptable than the Post. It will be like a weekly letter to them, giving all the news in a most complete way. Fifty times each year the Post will be sent to your friends for one dollar, and fifty times each year will you be blessed by these friends.

**Fatal Injury from Bursting Gun.**

William Bishop, a young man of McClure, went out on Monday, near Maitland, to shoot a rabbit with an old rifle heavily charged. The gun exploded and the breech of the gun was blown into his temple, just above the left eye, penetrating the brain. Dr. Parsons was summoned and gave surgical aid, but his recovery was not expected. Bishop formerly resided above Lewistown.

**May Abandon Horse Shoe Curve.**

The P. R. R. are considering plans to do away with the celebrated horse shoe curve above Altoona, and thus shorten the distance from that city to Cresson by tunneling the mountain. If built, this would be the longest tunnel in the world. According to the plans the tunnel will begin near the horse shoe curve and will come out at a point west of Cresson. The length would approximate seven miles. The distance between the horse shoe curve and Cresson over the present line is approximately ten miles. The tunnel would save at least three of these miles, to say nothing of the steep grades to be eliminated.

**Letter to Adam Showers, MIDDLEBURGH, PA.**

Dear Sir: H. M. Hooker & Co., Cooperstown, N. Y., have sold Devoe paint for 42 years. D. T. McGown of that firm, built a house in '85 and painted Devoe, of course. The paint lasted ten years. A year or two later, a neighbor built a house, and painted it lead and oil. The neighbor's house was repainted twice in the same time. This looks as if the neighbor's house was painted three times in eight or nine years, and McGown's once in ten years. We are not quite sure—we tell the tale as it comes to us. It is enough to say that Devoe lead and zinc lasts twice as long as lead and oil. Yours truly, F. W. Devoe & Co.

It is filled with articles of interest to every one, more especially business men and those who have a desire to improve their talents. Dr. Twing, President of Western Reserve University, contributes an article, "If I were a College Student."

**Fault-Finding Helps Nobody.**

Contentedly helps nobody; least of all he one who administers it. Pessimistic remarks dampen the enthusiasm of others, discourage honest effort, and react on the grumbler. Chronic fault-finders command no favor with employers or fellow employees, and are not the ones selected for advancement. Talking failure makes failure easy. A gloomy, melancholy disposition is largely a matter of habit and materially retards one's advancement. It does not matter if one is unconscious of these habits, they all figure in the final result of life work, just the same. Watch your chance remarks. Make them count for hope and encouragement.—November "Success."

Three-Quarters of a Century.

For seventy-five years "The Youth's Companion" has been published every week as a family paper. In these seventy-five years the paper's constancy to a high standard has won the confidence of the American people. It has kept pace with the growth of the country. Its stories, its special articles, its editorials, its selections represent all that is best in American life. For 1902 the foremost men and women of the English speaking world have been enlisted as contributors. The work of an unprecedented number of new and promising writers has also been secured. Thus the constantly increasing demand for the best reading suited to all members of the intelligent American household will be fully met.

A twenty-eight-page Prospectus of the 1902 volume and sample copies of the paper will be sent free to any address. Those who subscribe at once, sending \$1.75, will receive all the issues for the remaining weeks of 1901 free from the time of subscription; also "The Youth's Companion" Calendar for 1902, lithographed in twelve colors and gold.

THE YOUTH'S COMPANION, 195 Columbus Ave., Boston, Mass.

No Caterpillars Next Year.

Those whose trees have suffered during the summer from the plague of caterpillars may breathe a sigh of relief, for State Entomologist Smith assures them that there is no danger of another invasion of the pest next summer. He has discovered that a small parasite has been killing off all the cocoons in which the caterpillars wrap themselves during the winter months. The parasite is a strange looking insect, which strongly resembles a fly, but has many features common to a small fly. Before the caterpillar retires to its cocoon the fly lays one egg on the caterpillar, which is wound up in the silk ball with the caterpillar. In the course of time this egg hatches out the grub of the fly, which feeds on the caterpillar inside. The wholesale killing off of the caterpillar by this little insect will cause a great scarcity of butterflies in this State next summer. The visit of the pests in such large numbers was largely responsible for the poor crop of apples and pears this year. Their presence has been felt by farmers every section of New Jersey.

### TEACHERS' INSTITUTE.

The annual Snyder County Teachers' Institute will be held in Middleburg during the week beginning Monday, Nov. 25, 1901.

Educators of large and varied experience will be present to give instruction during the day sessions, notably among whom will be Prof. R. F. Heydrick, Professor of Literature, Millersville Normal School; Mrs. T. B. Noss of California Normal School; Supt. J. M. Coughlin of Wilkes-Barre, Pa.; Supt. D. A. Harman of Hazleton, Pa.

Monday evening will be devoted to a miscellaneous program in which a number of prominent teachers will participate.

Tuesday evening, a lecture by Hon. Fred. Ikeler, subject: "Agitators."

Wednesday evening, a musical entertainment by the Patriotic Concert Co. Thursday evening, a lecture by Dr. E. E. Hagerman, subject: "The World We Live In."

Directors' Day will be observed on Thursday afternoon. Prof. Wm. Noetling will address the meeting on the subject: "Defects in the Administration of Our Public Schools as Seen by a Director." Other addresses will be made by prominent speakers.

Prof. Paul Billhart will have charge of the music. Mr. W. F. Brown will preside at the piano.

The Middleburg orchestra will furnish music for the evening sessions save Wednesday evening.

I can assure the teachers, directors and public that no pains have been spared to procure the very best talent for day and evening instruction and entertainment. It is our special desire to present on this occasion a strong program. That we have succeeded will be justified, we believe, by the verdict of all who shall attend the Institute.

All tickets will be sold by Mr. J. N. Brosius, Commissioners' Office, Court House.

The admission will be as follows: Monday evening, free; Tuesday evening, Children under 12 years, 15 cents; Adults, 25 cents.

Wednesday evening, reserved seat, 40c, general admission, 30c.

Thursday evening, reserved seat, 35c, general admission, 25c, season tickets, 75c.

Pennsylvania Railroad's Winter Excursion Route Book.

In pursuance of its annual custom, the Passenger Department of the Pennsylvania Railroad Company has just issued an attractive and comprehensive book, descriptive of the leading winter resorts of the East and South, and giving the rates and various routes and combinations of routes of travel. Like all the publications of the Pennsylvania Railroad Company, this "Winter Excursion Book" is a model of typographical and clerical work. It is bound in a handsome and artistic cover in colors, and contains much valuable information for winter tourists and travelers in general. It can be had free of charge at the principal ticket offices of the Pennsylvania Railroad Company, or will be sent postpaid upon application to Geo. W. Boyd, Assistant General Passenger Agent, Broad Street Station, Philadelphia.

Shooting Stars in November.

According to the conclusions of a writer in the Scientific American, November 15 will bring the notable meteoric display which the world beholds three times a century. It was predicted for last year, on the theory that the meteor swarm made the circuit of its orbit in 33 years. This, however, is an error for closer calculation shows the period to be 34 years and one day; or more accurately, 14,419 days. The first recorded shower was witnessed on the nights of November 11-12, 1799, the next on November 12-13, 1833; the third on November 12-14, 1876. The coming shower would seem to be due, therefore, on the nights of November 14-15, 1901. This will be Thursday night and the moon, new on Monday, with a slender crescent, following the sun down behind the western hills.

Football at Lewisburg.

On Saturday, Nov. 16th, Bucknell plays her last game of football on the home grounds this year. The game is with Susquehanna University. A hard contest may be expected. Game called at 2:30 P. M. Admission 35 cents.

Susquehanna and Bucknell.

The people of Lewisburg and vicinity will have but one more opportunity to see the great Bucknell team, the strongest in years, play football at home. This is the last game scheduled for Bucknell on the home grounds this year. Susquehanna has a good team, and a more closely matched game can be looked for on Saturday than the one with Gettysburg two weeks ago. A big crowd is expected.

WHY HE FAILED.

A young man who failed by only three points in an examination for admission to the marine corps, appealed to his Representative in Congress for assistance, and together they went to see the Secretary of the Navy in the hope of securing what is known as "re-rating" of his papers.

"How many chances do you want?" asked Secretary Long. "This is your third time." And before the young man had a chance to answer, the Secretary continued: "How do you expect to get along in the world when you smoke so many cigarettes? Your clothes are so saturated with their odor. Pull off your gloves and let me see your fingers. There, see how yellow they are?" pointing to the sides of the first and second fingers.

Before the young man found his tongue to offer an explanation, the Secretary asked him if he drank.

"Only once in a while," was the sheepish reply.

Secretary Long then invited the Congressman into his private office, and while offering to do everything that he could consistently, added: "I am sick of trying to make anything of these boys that are loaded with cigarette smoke and drink once in a while." They are about hopeless.

When they left the department building, the young man, half apologizing for his poor showing, remarked: "Drinking, my father says, is the bane of the Navy."
