The Eminent Kidney and Bladder Specialist.

The Discoverer of Swamp-Root at Work in His Laberatory.

There is a disease prevailing in this country most dangerous because so decep-Many sudden deaths are caused by it-heart disease, pneumonia, heart failure or apopiexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, or the kidneys themselves break down and waste away cell by cell. Then the richness of the blood-the albumen -leaks out and the sufferer has Bright's

Disease, the worst form of kidney trouble. Dr. Kilmer's Swamp-Root the new discovery is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases, after all other efforts have failed. At druggists in fifty-cent and dollar sizes. There was a time when hospitals, being badly administered, were centers of infection and therefore undesirable neighbors. That time has long since passed. It has left its mark, however, upon the laws of some states where the location of hospitals in certain portions of cities is prohibited. It would seem that the time had come for the repeal of such laws, as they are simply relics of barbarism, and tend to promote igtorant misapprehensions in the minds of the people. Isn't it Worth 25c. To Be Cured of **Constipation**

People who suffer from habitual constipation with all its attendant ills, elogged stomach and bowels, sluggish liver, heartburn, indigestion, and thin and impure blood, are too apt to believe that the only remedy is violent purgatives. The contrary is the case. Such eatharties, even if they do move the bowels, are irritating and griping, leave the stomach inflamed and enfectled and the constipated condition recurs with greater difficulty of cure and the sufferer constantly growing worse. There is a laxative that moves the bowels without pain or griping, cleanses the stomach, sharpens the appetite, stimulates the liver, strengthens the nerves, and purifies the blood, while its marvellous tonic properties tone up the entire system and keep it healthy.

Laxakola Does It

Its remarkable tonic properties reach every organ-the liver, kidneys and stomach, nerve, heart and brain-and removes the cause of your debilitated condition. This is the only way to secure an absolute and permanent cure.

Laxakola is the only medicine for babies, is purely vegetable and its action is gentle, speedy and effective. For coated tongue, simple fevers, colds, chills and languid feeling it is the ideal medicine.

It tastes good. IF Children like it and ask for it.

Lavakola, the great tonic lavative, is not only the most efficient of family remedies, but the most economical, because it combines two medicines, vir : lavative and tonic, and at one price, remedy gives so much for the money.
