A Pleasant Surprise.

On Wednesday evening, Feb. 19th, about a score of the Krenmer congregation, of the United Ev. church, made a moonlight trip to Middleburg, where they took possession of their pastor's home, while he and his family had gone to church, and completely surprised the family when they returned.

For a while the leading centre of admiration was a valuable rocking chair together with other valuables, which were presented with an able address by Miss Mabel Gutelius. The address was well adorned with words of good cheer and encouragement, and teemed with skillfully placed tokens of appreciation. The response was made with an extemporaneous address by the pastor. The evening was pleasantly spent until 11 o'clock, when several hymns were sung while Mrs. Lillie Gordon presided at the organ, and prayer was offered by the pastor.

This visit was much appreciated by the inmates of the parsonage, and made an impression that time will not obliterate. Many thanks to all the donors for their kindness.

The Kratzerville U. E. Sunday school also remembered the pastor with the gift of a good, warm robe, for which they deserve a repetition of all the above expressed thanks.

DEER OBJECT TO CONFINEMENT.

Two Broke Their Necks Endeavoring to Break Through Their Cage.

The game preserve at Edgewood Park is to be stocked with deer from the Billmeyer farm at Washingtonville and those who seek to transport the wild animals are having much trouble. So far but one deer has arrived. The deer are enticed from the large enclosure at Washingtonville into a cage and then the door is closed. When the deer finds himself a captive he beats his head against the wire sides of his prison in a vain effort to escape. In this way two broke their necks Saturday and another was killed in a similar manner earlier in the week. Mr. Billmeyer has sent to Philadelphia for some netting elastic enough to give when the deer assault it yet strong enough to keep them prisoners. Until this new netting for the cages arrives no further effort will be made to capture the beautiful and spirited animal.

A most elaborate supper consisting of all those things which most delight the palate, was served, at the close of which a rising vote of thanks was extended to the entertainers for a most enjoyable evening.

There is but one Painkiller, Perry Davis, 25 and 50 cts.

Narrowly Escapes Death From Neuralgia of Heart.

Millinburg Telegraph.
Tuesday forenoon Mr. Murry E. Wittenmyer, a clerk in Gast & Son's store, had a narrow escape from death, caused by a severe attack of neuralgia of the heart. He had gone to the cellar to charge the acetylene gas plant when he experienced severe pain at his heart. He at once returned to the store room and took position on a stool over the register, thinking the warmth there would bring relief; but he became worse, when Mr. Wells Rothermel and Mr. Guy Roush carried him to a lounge, at which moment he became unconscious, his pulse beat hardly being perceptible. Dr. F. B. Brubaker was quickly summoned, and found him almost pulseless, greatly fearing he would pass away; but happily, through rubbing and the use of medicine, restored him to consciousness and in due time relief from the excessive pain. The doctor says it was a close call for Murray, for a delay of a few minutes more of proper attention would certainly have resulted fatal.

At about five o'clock in the evening of said day he was carried on a couch to his home in the west ward by a delegation of Modern Woodmen, of which organization he is a worthy member.

He is said to be improving and his many friends hope he may soon be able to be out again.

SMALL-POX SCARE.

Supposed Case at Lewistown Turns Out to be Measles.

There was considerable anxiety among the doctors and board of health at Lewistown, Tuesday and Wednesday of last week, over what appeared to be a developing case of small-pox in the person of Charles E. Gossard, residing on Logan street. There was much mystery as to how the child could have contracted the disease and this increased the doubt as to what it was, but there being some small-pox symptoms every precaution possible was taken to prevent contagion and the case was watched closely for developments, and there was great relief Wednesday when those in charge were able to pronounce it an aggravated case of measles, which it was afterward learned had been contracted from a child which visited Lewistown from Snyder county. Small pox and measles have symptoms that are common to each, hence the early uncertainty in this case and the wisdom of the care exercised in regard to it.

Letter to Jacob Gilbert,

MIDDLEBURGH, PA.

Dear Sir: What would be the result of selling poor paint with this guarantee? "If you have any fault to find with this paint, either now in putting it on, or hereafter in the wear, tell your dealer about it. We authorize him to do what is right at our expense." That means pay damages, don't it? Here's another guarantee: "If your state chemist finds this paint adulterated we will pay his bill, and send you \$100." We stand by both of these guarantees; as we are the maker, we know all about it.

Yours truly,
F. W. DEVOS & Co.
