Fifty-one of our politicians spent the night before the election at Selingrove, believing that they ought to have some of the spoils, but while some were encouraged by rosy promises and intended to rent a house in town and keep boarders, that it would pay better than farming, others were disgusted with their first attempt and came home without breakfast.

AFTER THE GRIP COMES CATARRH.

LIKE A TERRIBLE CYCLONE grip bacillus has passed over our country, from the Atlantic to the Pacific, leaving behind it a dark cloud of anguish and despair.

Catarrh follows grip as effect follows cause.

A multitude of catarrh victims will spring up in the trail of the awful epidemic of grip that has just passed over our fair country.

The hope to these people is Peruna. Most people know this already.

Everyone who has had the least touch of grip, should not fail to take a course of treatment with Peruna.

Peruna eradicates every vestige of the disease and leaves the system in a normal condition.

Hon. Joseph B. Crowley, Congressman from Illinois, writes from the National Hotel, Washington, D. C., as follows:

"After giving Peruna a fair trial I can cheerfully recommend your remedy to anyone suffering with coughs, colds, la grippe and all catarrhal complaints."

Hon. George H. White, Congressman from North Carolina, writes:

"I am more than satisfied with Peruna, and find it to be an excellent remedy for the grip and catarrh. I have used it in my family, and they all join me in recommending it as an excellent remedy."

Hon. J. P. Megrew, Superintendent U. S. Capital Police Force, of Washington, D. C., says:

"Having suffered from the grip, I was advised by a friend to use your Peruna."

I also used it for my catarrh, and I can now cheerfully recommend your remedy to anyone who is suffering from the grip and catarrh."—J. P. Megrew.

Miss Anna Russell, Past Worthy Counselor, Loyd Mystic Legion, 203 Endicott Building, St. Paul, Minn., writes:

"For years I have unfortunately found my system in a peculiarly receptive condition for catarrh when I was exposed in any way to inclement weather. At those times I would be severely afflicted with la grippe and its unpleasant consequences."

"Now for the past year and a half I have used Peruna in such cases and have found that it not only cures me quickly, but it also cleanses my blood and renders me less liable to catch cold. It is the finest preventative of colds that I know of and a very superior tonic."

Anna Russell.

Miss Emily Milburne, President of the Westside Young Woman's Club, No. 152 West Congress street, Chicago, Ill., writes of several members of the club of which she is president, who have had the Grip and have been quickly restored to health by Peruna.

Mr. Nicolas F. Rossiter, of 463 Norwood avenue, Cleveland, O., had a severe attack of the Grip, was very sick and under the physician's care. He, like many others, passed the acute stage but did not receive strength. Peruna not only quickly restored him to his former health, but to much better health than he has had for years. He gives Peruna all the praise.

Hon. Max J. Forges, Alderman of the Eighth District, residing at 30 Rivington

street, New York, suffered with the Grip. Two bottles of Peruna cured him. He also writes that he knows a large number of people who have been cured of the Grip by Peruna.

Hon. Charles W. Calkin, Alderman of the Seventh Assembly District of the Borough of Manhattan, residing at 45 Eighth avenue, New York, writes that he was laid up several days with the Grip. On the fifth day he was advised to try Peruna. He did so and found himself better within twenty-four hours. This remedy soon restored him to his usual vigorous health.

Mr. Martin Edwards, President of the County Clare Men's Benefit Society, 522 West Forty-Ninth street, New York, writes that he was cured of the Grip by a short course of treatment with Peruna.

Miss Blanche Dumont, President of the Athenia Club, 410 Aldrich avenue North, Camden Place, Minneapolis, Minn., says she was cured of the Grip. Nothing helped her until she tried Peruna. Felt better next day after beginning its use. Was able to be out of bed the third day. She also tells of others who were cured by Peruna.

La Grippe is epidemic catarrh. Peruna cures catarrh, hence Peruna is a specific for la grippe.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Colds

"I had a terrible cold and could hardly breathe. I then tried Ayer's Cherry Pectoral and it gave me immediate relief."
W. C. Layton, Sidell, Ill.

How will you be tonight? Worse, probably. For it's first a cold, then a cough, then bronchitis or pneumonia, and at last consumption. Coughs always tend downward. Stop this downward tendency by taking Ayer's Cherry Pectoral.

Three doses 25c. enough for an ordinary cold; 50c. just right for bronchitis, hoarseness, hard colds, etc.; \$1. most economical for chronic cases and to keep on hand.
