a few hours among friends in town. George Campbell died Wednesday last, at the advanced age of 76 years, 9 months and 13 days. The cause of his death was dropsy, but old age and general debility confined him to his house for the last six months. He lived in this community for the last fifty years, and was a useful man and noble citizen, loyal to his country and a soldier during the rebellion. He leaves a widow, four sons and three daughters, all married except the youngest son. He passed away peacefully and was laid to rest at the Witmer United Evangelical Cemetry, the church which he helped to erect a few years ago, last Sunday by the Grand Army Post which he was a member.

**BECRETARY LONG HAS RESIGNED** 

Representative Moody, of Massachusetts, Accepts Naval Portfolio. Washington, March 11.-The third change in the cabinet of President Roosevelt occurred yesterday, when Secretary Long submitted his resignation in a graceful letter, to take effect May 1, it being accepted in one equally felicitous by the president. The change was made complete by the selection of Representative William Henry Moody, of the Sixth congressional district of Massachusetts, as Mr. Long's successor in the navy de-

partment. This change has been expected for a long time. Mr. Long had intended to retire at the beginning of the late President McKinley's second term, but he consented to remain until certain lines of policy in which he was involvel were more satisfactorily arranged. Then when President Roosevelt succeeded, though anxious to return to private life-for Secretary Long will never again enter public life—a strong feeling of loyalty towards Mr. Roosevelt induced the secretary to defer his retirement until it was convenient for the president to

make a change. The news that Representative Moody had been offered and had acsemall oil stove is placedvy portfolio reached the yesterday afternoon, and Mr.

who was on the floor of the . se, was showered with hearty congratulations. For several minutes he held a regular levee in one of the side aisles on the Republican side, Democratic members noticed the demonstrations and crossed over to join in the ovation, his congratulations from that quarter being fully as hearty and sincere as those from his own side of the house.

RURAL MAIL BILL PASSED It Increases Salary of Carriers From

\$500 to \$600. Washington, March 11.-The bill to classify the rural free delivery service and place the carriers under the contract system, which has been debated in the house for over a week, was passed yesterday, but in a form that completely changed the purpose for which it was framed. Before it was passed the bill was altered radically by its opponents. All the provisions relating to the placing of the carriers under the contract system were atricken out and the salary system not only continued, but the maximum salary of carriers was increased from

\$500 to \$600 per annum. As passed the bill classifies the rural free delivery service and fixes the compensation of employes as follows: Special agents in charge of divisions, not exceeding \$2,400 per annum; special agents, four classes, graded from \$1,300 to \$1,600; route inspectors, four classes, from \$900 to \$1,200; clerks, four classes, from \$900 to \$1,200; the compensation of carriers is not to exceed \$600.

WANT WU TING FANG REMOVED Claimed He Corruptly Retained \$80,000

to Repair Chinese Legation. Pekin, March 11.-A prominent Manchu censor has memorialized the throne for the removal of Wu Ting Fang, the Chinese minister to the United States. The censor asserts that Wu Ting Fang corruptly retained, ostensibly for repairs to the Chinese legation at Washington, \$50,000 of the

American government. According to a dispatch from Washington, dated January 23, Secretary Hay that day handed to Minister Wu Ting Fang a draft on the United States treasury for \$376,600, the value of the silver bullion captured by the American marines at Tien Tsin.

CORONATION TRIP OFF files Roosevelt Will Not See King

Edward VII Crowned. Washington, March 8.-Miss Roosevelt will not attend the coronation of King Edward VII. next June. While this is not officially announced. it is admitted at the White House to be true. The canceling of Miss Roosevelt's plans to participate in the coronation is said to be the result of the adverse criticism that has come from all parts of the country upon the unofficial announcement of the proposed visit. Many persons did not hesitate to express their displeasure that the daughter of the president of the American republic by attending the coronation of a king, should give sanction to

such a form of government. It was learned last night that an other reason why Miss Roosevelt will not attend the coronation of King Edward is because it has been found to be practically impossible for her to go simply as a young American girl traveling privately in the household of Special Ambassador Reid. It was learned that London court circles were considering seriously the question of the status she would occupy in all coronation functions. When Miss Roosevelt's status became a matter of international discussion the president first considered the advisability of canceling the visit, but not until it was found that an invitation to visit the Emperor and Empress of Germany was on the way to America was it decided that in view of the extreme youth of Miss Roosevelt and the international conditions as well as courtesies she would be called on to meet, the English visit and all its de-

lights would have to be relinquished. Miss Roosevelt Left For Cubs. 700 MEN KILLED IN BATTLE Colombian General Forced His Way

Through Rebels' Lines. Panama, March 11.-The govern ment General Castro was sent to Agua Dulce last December by the late General Alban to attack the Indian revolutionary chief, General Lorenzo. About this time the revolutionary General Herrera landed an expedition from Tumaco at Tonosi.

General Herrera attacked Agua Dulce with a strong force on February 20. General Castro resisted him for four days, but as he was probably short of ammunition, he then abandoned the town. To do this he had to force his way through the Liberal lines. The government here has positive information that the revolutionists had 700 men killed or wounded during these engagements.

Paid \$500,000 For Rare Porcelain. New York, March 10 .- At a price said to have been \$500,000, J. Pierpont Morgan has purchased the great Garland collection of porcelains, and they are to remain in this country. For years the Garland collection has been one of the most notable art treasures in the Metropolitan Museum of Art. By connoisseurs it is regarded as possibly the finest in the world. There are many single pieces which would easily bring \$50,000 as a first bid. One in particular is the "red hawthorn" vase. It is jet black, with enameled peach blossoms scattered upon it. There is nothing else like it

in the world, connoisseurs say. Miners' Scale to Be Continued. Hasleton, Pa., March 11.-The various coal companies in the anthracite region will probably follow the same plan in dealing with the miners this year as they did last spring. Notices announcing a continuation of the present wage scale for the ensuing year, and the settlement of local grievances between the men and the officials at each colliery will be posted at all the mines the latter part of March. This according to present arrangements will be the only recognition the mine workers will receive from the

operators. Tembs Prisoners Vaccinated. New York, March 11 .- Three hun fred and ninety-two prisoners in the Tombs were vaccinated last night because of the discovery early last even hag of a case of small-pox in the prison. The more prominent prisoners compelled to submit to the ordeal were Albert T. Patrick, Roland B.

Melineux and Florence Burns.
