VISITANT CANCER CURED.

Startling proof of a wonderful advance in medicine is given by Druggist G. W. Roberts of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case was hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. The Home of Peruna

As is well known, Dr. Hartman is the principal of the Hartman Sanitarium, an institution which has a department devoted exclusively to the treatment of female diseases. He is thus brought to see thousands of such cases every year.

THE GREATEST OF AMERICA'S SANITARIUMS.

The principal remedy he relies upon in such cases is Peruna, which every woman should have, who has any affection of this kind.

In view of the great multitude of women suffering from some kind of female disease, and yet unable to find any cure, Dr. Hartman, the renowned gynecologist, has announced his willingness to direct the treatment of as many cases as may make application to him during the summer months without charge.

The treatment will be conducted by correspondence. The doctor will prescribe all medicines, applications, hygienic and dietary regulations necessary to complete a cure. The medicines prescribed can be obtained at all drug stores. This offer will prevail during the summer months. Any woman can become a regular patient by sending a written statement of her age, condition of life, history and symptoms of her derangements.

All cases of female diseases, including menstrual irregularities, displacements, ulcerations, inflammations, discharges, irritation of the ovaries, tumors and dropsy of the abdomen, should apply at once and become registered as regular

patients. All correspondence will be held strictly confidential. No testimonials of cures will be given to the public except by the express wish of the patient.

No one knows better than Dr. Hartman how much the women suffer with diseases peculiar to their sex. No one knows better than he does how many of them suffer with such diseases. Patiently, hopefully, wearily, and often silently, they eke out a miserable existence year after year.

A woman confined to the house several years with a chronic female derangement had finally given up all hope of being cured. She had tried physician after physician, and remedy after remedy, without any permanent improvement. Her treatment had cost her husband, who was a poor man, hundreds of dollars. They had been obliged to deny themselves many comforts of life in order to get money enough to pay the physicians.

Picking up the paper one day she happened to read an item which contained the news that Dr. Hartman would treat such cases free of charge by letter. She immediately wrote the doctor, describing her case, and giving him all her symptoms. She soon received a letter telling her exactly what to do and what medicines and appliances to get. She began the treatment (the principal remedy being Peruna) at once, and in a few weeks was well and strong again and able to do her own work.

Another woman who used Peruna without becoming one of Dr. Hartman's regular patients furnished the following experience: MISS IDA GREEN writes from Baldwinville, Ga.:

"Peruna is wonderful and good, and a certain cure for female weakness. I have been ill and have been taking doctor's medicine for several years, and found that none did me any good.

"Every day it was a worry. I was always sick. I had come to the conclusion to give up, and not use any more medicine. I was sick indeed for the past two years. Just before I began to take Peruna I was very weak, besides I was bilious and constipated.

"I had pains in my back and side and falling of the womb, with bearing down pains.

"One day while reading my newspaper, I came across an ad. read of the book for women entitled, 'Health and Beauty,' and sent for it. Then I began to use Peruna. After using several bottles I am now thoroughly cured."—MISS IDA GREEN.

Mrs. Theresa Keller, of Fremont, Wash. writes:

"Peruna not only cured me of female trouble but prevents me catching any cold, and as long as I have a bottle in the house my family needs no doctor."—Mrs. Theresa Keller.

Ring the Village Bells.

It was in a country village that the swain had proposed for the hand of the village beauty, and had been successful and carried off the palm. He had bought the engagement ring and was hurrying as fast as his two feet would carry him to the home of his adored one. A friend tried to stop him to make inquiry concerning his haste.

"Hello, there, Bob! Is there a fire?"

"Yes," replied Bob, with what breath he had left, "my heart's on fire and I'm going now to ring the village bells."—Yonkers Statesman.

Deafness Cannot be Cured by local applications, as they reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
