Advice to Young Men.

The following we clip from an exchange and should be read by every young man: "Young man, did you ever stop to think that you are 'spotted' in the community where you live? The older men have their eyes on you and your character and habits are being more accurately observed than you imagine. When vacancies occur in business establishments, or other places of responsibility are to be filled those that control them do not go after young men who loaf around public places nor to those who put in their time smoking cigarettes or in any form of dissipation; but the boy who has a clean record for sobriety, industry and integrity—the straight, clean and manly boy is the one always wanted. The stock of trade of a dealer are the goods on his shelves; the capital of a young man consists of his good moral character and correct habits."

Bryan, the Prophet.

With a catchy phrase William Jennings Bryan captured the nomination for the Presidency at Chicago and four years later compelled his second nomination at Kansas City. In both campaigns his mouth was an important factor and with strenuous vocal effort he managed to disseminate his views from ocean to ocean. Thousands watched his long-winded performance with amazement, but they were not convinced. They cheered the young man as one might cheer a champion long-distance pedestrian or pugilist, but his availability as a candidate for the Presidency did not appeal to the long-headed men of his party.

Defeated a second time it was supposed the prophet of the West would retire from public view, but Mr. Bryan is not of a retiring nature. He evidently suffers under the delusion that he is the only real thing in the Democratic party and all others must make way for him. His prophecies uttered with which freedom and frequency in his former campaigns all failed of fulfillment. Calamities which were to overtake the nation did not come to pass and his wail of pessimism was drowned in the hum of busy industry. But Mr. Bryan was not discouraged. His hopeful and sanguine nature rises above the failure of his prophetic vision and once more he prances into the open with predictions to burn.

Cleveland and Hill and Gorman may imagine for brief period that they are going to reconstruct the Democracy on new lines, but the great public can already see the shadow of Bryan falling athwart their schemes and hear the voice of the prophet utter his denunciations.

Bryan will either carry the party standard in 1904 or dictate who shall bear it aloft. They can't lose him and his recent speeches have served to chill the reviving enthusiasm of the Democrats throughout the country who were hopeful of reorganization without Bryan. He insists upon being heard and every time he opens his mouth the gold Democrats and those who believe that our prosperity is a condition and not a theory groan in spirit. But the voice cannot be stilled.

The anti-imperialists have broken out again. This time their frenzy takes the form of an open letter to the President, who is asked to read a tale of woe that is heartrending from the anti-imperialists point of view. The fulmination occupies considerable space which might be used to much better advantage in certain well-conducted newspapers. The weeping signers of this woeful document describes the land-like Filipinos as a much-abused people and our soldiers as a lot of cut-throats and marauders. Our civil and military authorities are held up as merciless wretches bent upon murder and rapine and not a word is said in extenuation. It is not possible that any consideration number of citizens of the United States share these views.

There are indications throughout the State that the Republican county leaders are thorough- aroused to the importance of the pending campaign. The work necessary to get out the vote is being taken up in time and the Bryan aggregation will find it difficult to convince the intelligent voters of this State that Bryan is not the paramount issue. Mr. Pattison has proven himself a devoted follower of the Nebraska prophet and his candidacy for Governor cannot be separated from the Kansas City platform. Of course, the Democratic managers in this State will endeavor to persuade innocent voters that alleged State issues are paramount, but with a full delegation in Congress to be elected no intelligent man will be fooled.

The Democratic talk of Hill, Gorman, or any new man for a Democratic Presidential candidate sounds like some awakening spark of common sense in that party whatever may be said of their chances. Cleveland served eight years in the White House without being able to build up or strengthen the Democracy. Bryan secured two Presidential nominations and failed ignominiously of election. These two leaders have practically monopolized the Democratic party for twenty years and have brought it nothing but disaster and dissension. It is no wonder that there is a strong sentiment in favor of pushing them aside and putting up some new man.

A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered, and is now (nearly a year since) a vigorous healthy girl. I have recommended this remedy frequently and have never known it to fail in a single instance." For sale by Middleburg drug store.

All Were Saved.

For years I suffered such untold misery from bronchitis, writes J. H. Johnston, of Broughton, Ga., that often I was unable to work. Then when everything else failed, I was wholly cured by Dr. King's New Discovery for consumption. My wife suffered intensely from asthma till it cured her, and all our experience goes to show it is the best croup medicine in the world. A trial will convince you it's unrivaled for throat and lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at the Middleburg drug store, Graybill, Garman & Co., Richfield, Dr. J. W. Shatters All Records.

Twice in hospital, F. A. Gulledd, Verbena, Ala., paid a vast sum to doctors to cure a severe case of piles causing 24 tumors. When all failed, Bucklen's Arnica Salve soon cured him. Subdues inflammation, conquers aches, kills pains. Best salve in the world. 25c at the Middleburg drug store, Graybill, Garman & Co., Richfield, Dr. J. W. Sampsel, Penns-creek.

A YOUNG LADY'S LIFE SAVED.

At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy. Dr. Chas. H. Utter, a prominent physician, of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by Middleburg Drug Store.
