Japanese Island Covered With Debris and All Inhabitants Killed.

Yokohama, Aug. 19.—The little island of Torishima was overwhelmed by a volcanic eruption between August 13 and August 15 and all the inhabitants, numbering 150 persons were undoubtedly killed. The island is covered with volcanic debris and all the houses on it have disappeared. The eruption is still proceeding and is accompanied by submarine eruptions in the vicinity which make it dangerous for vessels to approach the island. Torishima is one of a chain of islands extending between the Bonine islands and Honshu, the biggest island of Japan.

Had \$11,000 and Starved.

Salt Lake, Utah, Aug. 19.—The dead body of Peter Anderson, known as the "hermit proprietor of Park City," has been found in his lonely cabin near the Ancher trail in the Park City mining district. Anderson had evidently been dead for weeks. It is believed that he died from starvation, although \$1,700 in cash was found hidden in the cabin. It is believed that fully \$10,000 lies to his credit in various banks. His only known relative lives in Sweden.

No Successful Ordeal For King.

London, Aug. 19.—The "British Medical Journal" makes the announcement that it is authorized to say there is no truth whatever in the recent rumors that King Edward will undergo a second operation. The "British Medical Journal," declares that the King's recovery is complete and that his general health is better than for a long time past.

State Committee Meeting.

The formal opening of Judge Pennypacker's campaign will take place on September 3, at which time the Republican state committee will meet at the Philadelphia headquarters. Senator Quay will preside. A full attendance of the committee is expected, including the 12 members-at-large, who have been appointed by the state chairman. These are: Attorney General John P. Elkin, of Indiana; ex-Lieutenant Governor Louis A. Watres, of Lackawanna; County Recorder George M. Von Bonnhorst and George B. Oliver, of Allegheny; Colonel Jas. H. Lambert, of Philadelphia; ex-Banking Commissioner B. F. Gilkeson, of Bucks; Major General Charles Miller, of Franklin; Editor Hiram Young, of York; David H. Lane, of Philadelphia; David H. Thomas, of Lehigh; Homer Greene, of Wayne, and E. W. O'Leary, of Tioga.

Cuban Cabinet Officer Resigns.

Havana, Aug. 19.—At the meeting of the council of secretaries yesterday Emilio Terry, secretary of agriculture, presented his resignation. It was not accepted. Senator Terry will have four days in which to reconsider his step. Senator Terry says he resigns for family reasons and because he desires to go to Paris.

A Thousand Persons Drowned.

London, Aug. 19.—In a dispatch from Hong Kong the correspondent of the Daily Express says there have been terrible floods in Kwang-Si province, in which a thousand persons were drowned. Several houses collapsed at Hong Kong and 20 persons were drowned.

Coming Situations.

The pending Pennsylvania campaign will in its early stages deceive those who have not the opportunity to see below the surface. It will appear like a struggle between Pennypacker and Pattison, the leading rival nominees for Governor. An early statement of the truth will break misapprehensions. Judge Pennypacker is in advance assured of a large majority. No assault can injure him personally, nor can his fitness, ability or honesty be questioned. In these respects he is impregnable, and Republicans are fully satisfied. The Democracy, however, grub below this pleasant surface, and seek to undermine the Republican majority in Congress. The estimates of the two Congressional Chairmen are not far apart. A change of four from the Republican to the Democratic column in Pennsylvania might mean disaster. A like relative change in New York, Ohio and Maryland, would give the Democrats control of the next House at Washington. What would this mean? A block in the representative branches of the government. What would that mean? Doubt, uncertainty—a great pause in every onward business movement, and a sure depression. Look at the past when this condition obtained. Enterprise was halted, confidence shaken, a waiting period in which millions suffered.

The Republican battle cry is "Prosperity." It is here with us every hour and every day. We would keep it with us, and the better to do it we would let well enough alone.

What the Republicans of Pennsylvania desire, what they are struggling for, what they will achieve if all who desire rally to their aid, through every legitimate form of effort, is to keep things as they are—to keep a Republican majority in both the Senate and the House at Washington. Therein is confidence, continued prosperity. The Democratic way of dividing by detail will destroy both, and lead us into unknown waters.

The treasury of Pennsylvania is fairly gorged with cash. The balance in the general fund available for all expenditures of the Common-

wealth is about twelve and a quarter millions. This is good housekeeping on the part of the fiscal officers of the State and is a substantial answer to those critics of Governor Stone's administration who would have the people believe that every officer and employe on Capitol Hill has had his hand in the treasury for the last four years. We have a State of which we may well be proud. When our splendid Capitol shall have been completed and the city shall have provided the setting which such a magnificent building deserves other States will turn green with envy.

Judge Pennypacker's Boots.

The effort to make sport of Judge Pennypacker's boots suggests that the boot is a familiar object to Republicans in this State, one that has done campaign service for a long time. In the country districts the old time cuts of the G. O. P. elephant always pictured him in triumphant march arrayed in boots. It is a happy omen that Judge Pennypacker's opponents have made his boots such a prominent feature of the campaign. They will not only carry the Republican candidate to Harrisburg but will be in harmony with the old banner about which the party ever rallied.

Senator Quay as chairman of the Republican State Committee will take no chances in this campaign. He has returned from his outing in Maine to give personal directions to the State canvass. Many demands have come from the interior counties for meetings and these must be arranged before the campaign has progressed to the point where the assignment of speakers for effective work shall be made. The reports from the various counties are entirely satisfactory and indicate that the people are anxious for a discussion of the real issues. They are not to be fooled by any scheme of the Democrats to limit the effect of the campaign to Republican success in the State, but realize the importance of the campaign upon the greater questions affecting the election of members of Congress and a Republican President.

A YOUNG LADIE'S LIFE SAVED.

At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent physician of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by Middleburg Drug Store.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
