A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered, and is now (nearly a year since) a vigorous healthy girl. I have recommended this remedy frequently and have never known it to fail in a single instance." For sale by Middleburg drug store.

A YOUNG LADY'S LIFE SAVED.

At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent physician, of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by Middleburg Drug Store.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Medical Talk, a Family Magazine.

Medical Talk is the name of one of the most recent of popular medical magazines for the home before the public to-day. It appears in an unique, up-to-date magazine cover, an ornament to any library table.

Medical Talk is in the fourth year of its existence and covers a field never before accomplished in journalism. This magazine undertakes to interpret to the people what is going on in the medical world as revealed by the numberless medical journals intended for the doctors only. It brings to the household important facts hidden from the people by medical technicalities. It deals in a popular way with such questions as vaccination, sanitary laws, cremation, dietary rules, and all drugless methods of healing disease.

During the past three months almost every leading daily paper throughout the United States and Canada has had something to say about Medical Talk, either editorially or in their magazine and book department. The opinions expressed are of a most complimentary nature.

Michigan Millionaire a Suicide.

Honolulu, Aug. 18, via San Francisco, Aug. 26.—A. G. Mitchell, reputed to be a millionaire from Michigan, a passenger on the steamer Coptic, committed suicide August 12, when the vessel was three days out from San Francisco. On the morning of his death he was talking to two ladies on the promenade deck. Suddenly he ran to the side of the vessel and sprang overboard. The steamer was stopped and a boat lowered, but there was no trace of Mitchell. His mind, it was thought, was unhinged by illness.
