## MURDERED HIS BROTHER

William Brandt, of Newfield, N. J., Killed in Fight Over Money.

Woodbury, N. J., Sept. 16.—During a quarrel over the distribution of receipts from the sale of poultry, Peter Brandt, a farmer living on the road between Malaga and Newfield, shot and instantly killed his brother William, whose home was in Newfield. The crime was committed at the home of Peter Brandt on Sunday night, but it was not until yesterday morning that the shocking intelligence became known. Then Peter Brandt walked to the home of Township Constable Lauder and informed him of what he had done. Lauder immediately placed the man under arrest, and he was committed to the jail at Woodbury.

Details of the awful tragedy were only obtained from Brandt's own story of the shooting, and the murder was confirmed when Constable Lauder and his prisoner walked back to Peter Brandt's house and found the body of William lying stiff and cold in the back yard. The corpse was taken in charge by the coroner. The charge entered the murdered man's neck, severing the jugular vein, and death must have been instantaneous. Peter Brandt, after his confinement to jail, declined to discuss the affair, further than to say he killed his brother in a fit of passion. Both men are married, and William leaves a widow and three children.

So Says Mrs. Rose, of New York City, And Tens of Thousands of Other Women.

Mrs. Jennie Rose, 362 W. Twenty-Second Street, New York City, writes: The Peruna Medicine Co., Columbus, O.

Gentlemen: "Peruna is a blessing to suffering women. I suffered with female trouble since I began menstruation, and every month I suffered two and three days of untold agony, and had to arrange my work and duties so as to be in bed every month for two days at least."

"My brother was cured of Bright's Disease from the use of Peruna and so I determined to try it for my trouble."

"Imagine my great joy when I found that it relieved me quite a bit the first month and I was entirely without pain during that period after having used Peruna only four months."

"This is about two years ago and all during that time I have suffered no pain. I can now come and go as I like and consider Peruna woman's best friend and wish that every suffering woman might know that she can find relief through the use of this medicine."

Truly yours,

MRS. JENNIE ROSE.

# Lower Prices Than Last Year.

Not that manufactured articles have depreciated in value, nor is it because we have in any way sacrificed the quality, for in most instances the qualities surpass last years perfection. The reason is that we are buying cheaper than a year ago.

A few months back a number of large merchants—we among the number formed a buying syndicate, whereby together, and for cash, such immense quantities are purchased that price concessions are made that would be utterly impossible for a single merchant to obtain.

Through this means we are enabled to sell at a lower price than heretofore and give better goods for same money than ever before.
