Cannot be done.

It is not practicable to arrange a tariff which shall take the protection off goods made by a combination and keep it on the same goods made by an individual. You cannot prostrate A, B and C, who operate in a combination, and leave D, who is an individual manufacturer, unaffected. More-over, as very large sums of money are loaned to combinations, anything that prostrates them must seriously affect banking capital, to the great loss or inconvenience of all lines of business. Trusts and combinations can be regulated by a federal law and federal supervision, as suggested by President Roosevelt. They can be made to show their accounts, their real monetary standing and responsibility, but they cannot be destroyed if we remember the change of the name or even in some degree of method will not change the thing itself.

If half the time given by speakers and writers to advocacy of destroying the trusts were devoted to formulating a practicable scheme of regulating them, there would be an appreciable gain for the country in increased public realization that the trust question can be dealt with effectively only by dealing with it separately.

Secretary Shaw is right. The tariff changes found desirable should be made by the friends of American industry, and never by the enemies of the protective system.

NON-UNION MEN DESERT

Operators Say Workmen Quit Because of Lawlessness.

FOURTH REGIMENT ORDERED OUT

Sheriff of Northumberland County Called For Troops to Suppress Rioting—Strike Leaders Hold Mysterious Conference in Philadelphia.

Scranton, Pa., Sept. 30.—In remarkable contrast to last week, yesterday was wholly free from serious strike disturbances. Not a single act of violence worthy of note was reported. Sheridan Troop, of Tyrone, with 60 men arrived yesterday morning and is now encamped on the hillside above the Thirteenth Regiment's location. The Third Battalion of the Eighth Regiment arrived today to patrol the lower end of the valley, making 22 companies of infantry and one troop of cavalry, in all about 1,200 men, encamped in Lackawanna county. This would allow about a dozen men for each colliery in the Lackawanna district.

The United Mine Workers' leaders claim the nonunion men are deserting the companies and applying for admission, or re-admission, as the case may be, to the union. The leaders say this is due to the dislike the men have for working under guard of militiamen. The companies admit there have been some desertions by workmen during last week, but attribute them to the wholesale lawlessness which has recently prevailed. Now that the troops have suppressed disorder and are guaranteeing protection to any man who wants to work, there will be a big rush of men to get back into the mines, the companies say. No additional mines or washeries were operated.

Musical David Reese, of the Thirteenth, who is a Scranton letter carrier, refused to join his command and yesterday Colonel Waters had him arrested. He applied through attorneys for a writ of habeas corpus, alleging that an employe of the mail service cannot be compelled to do military service. Pending a hearing before Judge Newcomb, Reese was paroled. Major J. W. Oakford, judge advocate general of the National Guard, is opposing the habeas corpus writ.

Fourth Regiment Doing Strike Duty. Harrisburg, Pa., Sept. 30.—The Fourth Regiment has been added to the state force of troops on duty in the anthracite strike region. Sheriff Dietrick called upon General Gobin last night for troops to suppress the rioting in Northumberland county. The general called up Governor Stone by telephone and stated the situation, after which the executive ordered out the Fourth Regiment. A portion of the regiment is located at Shamondoh and the remainder at Mt. Carmel. Two of the companies of this regiment have been in the field for two months. The headquarters of one is at Potsville; the other is located at Pine Grove.

The remaining companies are located in Lancaster, Lebanon, Lehigh and Berks counties.

CONFERENCE IN PHILADELPHIA

Philadelphia, Sept. 30.—A mysterious conference took place in this city yesterday between President Mitchell, of the United Mine Workers of America, Secretary-Treasurer W. B. Wilson, District Presidents Nicholls, Duffy and Fahy, and an unknown person whose identity the other parties to the conference refused to divulge. At the office of the Philadelphia & Reading Railway Company it was stated positively that no official of that company had been present at the meeting.

A member of Mr. Mitchell's party who declined to allow the use of his name made the following statement: "Anyone can readily understand that only a matter of the first importance in relation to the strike would bring President Mitchell, Secretary Wilson and District Presidents Nicholls, Duffy and Fahy, who form the executive board of the United Mine Workers, to this city together. There must necessarily be continued conferences and negotiations with the coal operating interests before the strike can be settled."

At the conclusion of the conference Mr. Mitchell and the district presidents left for Wilkesbarre.

Alleged Lunatic Set Free.

Washington, Sept. 30.—George Klein, the alleged lunatic, who escaped ten days ago from the Maryland Hospital for the Insane, near Baltimore, where he was confined after he had killed his wife's stepmother, was declared a free man by Judge Love in the county court of Alexandria county. The Maryland authorities had caused his apprehension and sought to have him returned to their custody. Judge Love held that as no criminal act had been proved Klein could not be held.

White House Furniture Burned.

Washington, Sept. 29.—Upwards of 20 pieces of furniture, some curtains and portieres and several heavy plate mirrors, all belonging to the White House, were destroyed by fire of unknown origin yesterday in the upholstering establishment of A. E. Kennedy, on Connecticut avenue. The loss is estimated by the fire department at \$5,000. So far as known, none of the pieces destroyed was of any historic importance.

Skeleton in a Trunk.

Reppahannock, Va., Sept. 30.—Bayard Wright, local agent for the Weems Steamboat Company, yesterday discovered a skeleton in a trunk which had been stored in the company's warehouse here for about eight years. The skeleton was apparently that of a child twelve years old. Some tattered clothing hung around the remains. The trunk was rather more than medium size, and the body was considerably bent in order to get it inside. The trunk and contents were thrown into the river and were carried down stream by the tide. There was no name or address of any kind on the trunk.

Letter to Michael Blouch.

MIDDLEBURG, Penn'a.

Dear Sir: Most painters insist that lead and oil is good for three years; but they also insist that it needs going over again in three years. It is as much as to say it's a good job of paint that lasts three years.

Which is true; and a better that lasts six years. Lead and oil lasts three; Devco lead and zinc lasts six.

When a paint begins to let in water, then is the time to repaint. It may be one year; it may be ten. Lead and oil lasts three, if well put on; lead and zinc lasts six if ground together and well put on. But painters are better acquainted with lead than with zinc. Zinc is newer.

Devco lead and zinc is the proper mixture, ground in oil by machinery; same proportions as used by the U. S. Government.

Yours truly,

37 F. W. DEVCO & CO.
