

### CLARIFYING BEESWAX.

**Work is Done Properly a Product of Fine, Even Appearance Will Be Obtained.**

As it is generally clarified some beeswax presents a very clear yellow, while other wax when compared with it has a dirty look. This is owing to the proper method employed in one case and lack of thoroughness in another, albeit not always, for there is such a difference even in beeswax that it is questionable if some could ever be made clear. If clarified as it should be, however, the chances are nine out of ten of its all presenting the same fine, even appearance, says the Country Gentleman.

The way to do it is to take the comb one has to clarify and put it in a large iron kettle, such as is used on the farm outdoors, filling it with water. In this the comb should be allowed to boil for several hours. Meanwhile, a tub having been filled half full of water, on which is floated an old board of some sort, the mixture at the end of that period should be dipped out with an old pan or dipper from the kettle, and poured through a hump sack or other thin material that is allowed to rest on the board floating in the tub. The result is the wax runs through the sack into the tub, leaving considerable residue in the sack, which can readily be separated by squeezing or rolling the mass with a round stick or similar means of pressure.

The wax will float on the surface of the water in the tub and soon cool, and while this is taking place the kettle should be cleansed and filled with clean water; then the wax should be put back in it and boiled up a second time. It should next be strained carefully through a fine meshed cloth several times, and as the sack or cloth used for this purpose is of no special value afterwards it should be thrown away.

Beeswax clarified in this manner can be melted without water and put in moulds ready for the market, which otherwise might have been considered worthless and never used at all. Indeed, it pays to save all the scraps and pieces of old comb, and at the end of the season treat them as described, for thus will first-class beeswax be obtained, and that always finds a good market.

### TO PREVENT CROWDING.

Device Here Described is Said to Insure Absolute Immunity from Colds and Hoop.

To prevent crowding on the roost, the device here illustrated is simple and practical. Mr. Verditz says: "I ascribe the immunity from colds and hoop I have enjoyed this winter to this contrivance. The roosts are lifted up on cleats in the daytime, and the dropping board, which is

hing to the wall, is also pinned up against the wall, giving the entire floor space unobstructed to the fowls." On the roost pole, b b, which is two by two-inch stuff, are nailed pieces, a, nine inches apart, which gives enough room for one fowl. Beneath the roost is the dropping board, c, and below this the nests, d.—Orange Judd Farmer.

### AMONG THE POULTRY.

Regularity and moderation in feeding are two important points to be observed in poultry raising.

Ducks are timid and should be treated with gentleness, and if possible they should have the same attendant always.

Culling a flock improves it every year, as a much higher standard will result. By an observation of the individuals much can be learned.

Ducks will eat many weeds and other vegetables which other poultry will not, and they may be allowed the run of the "potato patch," when the potato beetle makes its appearance.

Plant a patch of sunflowers. You will find the seed very useful next fall and winter when you want to have the plumage of your show birds glossy and beautiful.

What looks nicer or points more directly to the general thrift and intelligence of the farmer than a flock of well-bred fowls, all of one color and character?

If the occupants of the duck house become alarmed at night from any cause they will not cease their loud quacking until a light is brought into the pen, when they will immediately settle down into quietness.—Farmers' Voice.

**Sorghum Cane for Fodder.**  
Sorghum sugar cane for fodder may be planted from April to July. Sow one to three bushels per acre either broadcast or drilled thickly. It will yield from 20 to 30 tons of green fodder per acre; four to six tons of the sweetest and best hay, every particle of which will be greedily eaten by stock. The thicker the seed is sown the finer the feed and the shorter the growth, consequently easier handled. Cut and bundle as green fodder, or leave spread on the ground if weather is dry. It does not cure quickly.

The excitement incident to traveling and change of food and water often brings on diarrhoea, and for this reason no one should leave home without a bottle of Chamberlain's colic, cholera and diarrhoea remedy. For sale by Middleburg drug store.

### His Life in Peril.

"I just seemed to have gone all to pieces," writes Alfred Bee, of Well fare, Tex., "biliousness and a lame back had made life a burden. I couldn't eat or sleep and felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run down people. Try them. ### Perhaps You Wonder

if the tormenting cold that made last winter one long misery will be as bad this year. Certainly not, if you take Allen's Lung Balm when tickling and rawness in the throat announce the presence of the old enemy. Do not expect the cold to wear itself out. Take the right remedy in time. Allen's Lung Balm is free from opium.

### A Typical South African Store.

O. R. Larson, of Bay Villa, Sunday, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about 25 miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All owing to their value in a household are a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the last twelve months, no less than seven have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by the Middleburg drug store.

### Goes Like Hot Cakes.

"The fastest selling article" I have in my store," writes druggist C. T. Smith, of Davis, Ky., "is Dr. King's New Discovery for consumption, coughs and colds, because it always cures. In my six years of sales it has never failed. I have known it to save sufferers from throat and lung diseases, who could get no help from doctors or any other remedy." Mothers rely on it, best physicians prescribe it, and the Middleburg drug store, Graybill, Garman & Co., Richfield, Dr. Sampson, Pennsereek guarantees satisfaction or refund price. Trial bottles free. Regular sizes, 50c and \$1.

### \$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., PROP., Toledo, O.

"Yes; favored his mother. His father, you know, is a Chicago man."  
"What has that to do with it?"  
"Well, if he had taken after his father, it would have been a silver knife."  
—Philadelphia Press.

### When to Eat Pie.

"I see Boston people eat pie in the morning, and New Yorkers have it at night. Which do you think the better way, doctor?"

"Well, I should say the New York style. The longer a man puts off eating pie the better it is for him."  
—Yonkers Statesman.

### Household Economy.

### WILL SEND \$4.00 FREE

Franklin Miles, M. D., LL. B., the Celebrated Chicago, Specialist, Will Send \$4.00 Worth of His New Special Treatment Free to Each of Our Readers.

When an experienced physician offers to give away \$40,000 worth of New Treatment for diseases of the heart, nerves, stomach or dropsy, it is conclusive evidence that he has great faith in it. And when hundreds of prominent people freely testify to his unusual skill and the superiority of his New Special Treatment, his liberality is certainly worthy of serious consideration.

That Dr. Miles is one of the world's most successful physicians is proven by hundreds of testimonials from well known people. One patient cured after failure of eleven Grand Rapids physicians, two after being given up by six and seven Chicago physicians, another after nine leading doctors in New York City, Philadelphia and Chicago failed. 1000 testimonials sent upon request.

The eminent Rev. W. Bell, D. D., of Dayton, O., Gen. Secy of Foreign Missions, writes editorially in The State Sunday School Union "We desire to state that from personal acquaintance we know Dr. Miles to be a most skillful specialist a man who has spared neither labor nor money to keep himself abreast of the great advancement in medical science."

Col. Tucker, late General Manager N. Y. L. E. & W. R. R., says: "Dr. Miles' success as a physician has been phenomenal." "My heart," writes Dr. M. Davis of Warren, Pa., "was so bad I was fearful of going to sleep lest it would be my last. Dr. Miles saved my life. I was completely cured in six weeks." Mrs. Abigail Chambers, of Chambersburg, Pa., states: "My trouble was in the brain and spinal cord. When I commenced Dr. Miles' treatment I could hardly walk across the room; now I am able to do all my own work." Mrs. W. A. Watson, of James, N. Y., reports: "For years I had severe trouble with my stomach, neuralgia, sinking spells, and dropsy. Dr. Miles cured me."

This new system of Special Treatment is thoroughly scientific and immensely superior to the ordinary methods.

As all afflicted readers may have \$4.00 worth of treatment FREE, we would advise them to send for it at once. Address, Dr. Franklin Miles, 203 to 211 State Street, Chicago, Ill.

When writing mention the Middleburg Post.

# Relief

**From Headache and Neuralgia**

**In a Few Minutes After Taking**

**Dr. Miles' Anti-Pain Pills.**  
Chronic Case Cured.

"I cannot speak too highly of your remedies and I will always tell my friends how much they have done for my husband and myself for sudden attacks of headaches, neuralgia and rheumatic pains. There is nothing equal to Dr. Miles' Anti-Pain Pills. They are simply splendid and give relief in fifteen or twenty minutes. I used to be subject to attacks of headache, which had become chronic, and I took a course of Nerve and Nerve and Liver Pills in connection with the Anti-Pain Pills. The result is I now have very little trouble in that way. My husband has also taken these remedies and praises them very highly. We always have some of both kinds of pills in the house, and do not feel that we could get along without them.—MRS. KATE K. JOHNSON, McClellandville, Delaware.

There are many reasons why you should take Dr. Miles' Anti-Pain Pills, but the best reason is that they will give you almost instant relief from headache or other pain. In cases of chronic headache, when the sufferer knows an attack is coming on, a Pain Pill will usually prevent it entirely. In cases of extreme nervous exhaustion, when the brain is too tired and the body too nervous to rest, an Anti-Pain Pill will soothe the nerves so that sleep may come. They never fail, yet contain no opiates and are non-laxative.

All druggists sell and guarantee Dr. Miles' Anti-Pain Pills. They are non-laxative; contain no opiates, never sold in bulk, 25 doses, 25 cents. Dr. Miles Medical Co., Elkhart, Ind.
