It was furnished by the Adams and Troxelville Cornet bands. Hon. A. M. Dis- Attorney M. I. Potter was introduced, who for the space of thirty-five minutes presented vital figures that were of vital importance in the present campaign. They were eagerly listened to and secured as gems of value. Although the hour was now getting late and the night air became rather cool, the large crowd conspicuous among whom was a good representation of prominent Democrats, determined to weather it through, were waiting for the next speaker. Prof. F. C. Bowersox Republican Candidate for Assembly to rise they were not disappointed. His ardent hopes and expectations were realized. DUNDORE.

Our farmers are hauling their potatoes to Sunbury market at a lively rate at fifty cents. Corn husking is in vogue now and is not shelling out as was expected. The Susquehanna Coal Breaker has appointed a receiver and put up this significant notice: In the strike we trusted, And through arbitration we basted. There is an abundance of cord wood to cut on the Bighill. Corn cribs and chicken houses ought to be kept locked as there is a good demand for those articles. W. S. Reichenbach of Toehill is on the sick list. Ed. Witmer is well pleased that he got more potatoes than he planted, while on Dundore's farm last year they got less. Rabbits can this season be counted by the thousand if every shot that falls counts one. The innocent quail must take it again this season, who are so nobly protected by law for the benefit of the expert town gunners. H. F. Blessing and Daniel Sholly made a trip to Selinsgrove on business after spending a few hours in town. S. B. Stauffer has a very extensive dairy and with the latest improved machinery is turning out a quality of butter unsurpassed any where. William Woodling of Port Trevorton spent a few hours in town. Widow of Judge Oniel died suddenly at Bloomsburg and was laid to rest aside her departed husband at the Witmer Cemetery. H. F. Blessing is supplying some of the people of Selinsgrove with choice potatoes. The managers of the poorhouse are putting their boarders to chopping wood for the benefit of their health. The Acqueduct is disappearing very rapidly and so far it was an eldorado for the Hoovers. There are several good farms to rent in this community. Day laborers are scarcer in this community than silver or gold and the Post is the best medium to advertise in.

AS TO BALLOT REFORM.

The Republican state committee at its recent session appointed sub-com- mittees to formulate new ballot and primary election laws. Their report was anticipated at an early date, but the chairman of one of the committees has been in the field with the National Guard, and the other committee, after giving full hearings to all interested, is awaiting the report of two distinguished attorneys, Hon. Alexander Simpson and Hon. Richard C. Dale, who are engaged in the preparation of a ballot reform bill. When these committees are ready to report the Republican organization will take position. Speaking for myself, the Van Dyke primary law, which passed the house of representatives at the last session of the legislature, was as fair and effective an instrument as could be framed. My own preference would be for a return to the old law, which permitted every voter to write or print his own ballot; with a proviso that each voter shall enter a private booth alone and in which he shall seal his ballot in an official envelope, which he shall hand to the election officers. This would prevent espionage upon the voter, secure an absolutely free vote and rid us of the present litigious and cumbersome ballot and mushroom parties. I regret to say that my views do not seem to impress the distinguished jurists now operating upon the issue.

Hard to Decide.

A FAMILY REMEDY.

Pe-ru-na in Use in Thousands of Homes.

Congressman H. Henry Powers, of Vermont, writes from Morrisville, Vt.:

HON. H. H. POWERS.

"Pe-ru-na I have used in my family with success. I can recommend it as an excellent family remedy and very good for coughs, colds and catarrhal affections."—H. Henry Powers.

John L. Burnett, Member of Congress, Seventh Alabama District, writes:

"I take pleasure in testifying to the merits of your Pe-ru-na. At the solicitation of a friend my wife used it, and it improved her condition generally. It is a remarkable remedy. I can cheerfully recommend Pe-ru-na as a good, substantial tonic, and a very good catarrh remedy."—Chicago Post.

Pe-ru-na Cures Catarrh.

Half the ills of life are due to catarrh and catarrhal derangements. Pe-ru-na is the only internal, systematic catarrh remedy known to the medical profession.

Pe-ru-na cures catarrh wherever located. Pe-ru-na is not a poison nor an experiment—it is an absolute, scientific certainty. Pe-ru-na has no satisfaction in no rivals. Insist upon having Pe-ru-na.

If you do not derive prompt and satisfactory results from the use of Pe-ru-na, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.
