SISTERS OF CHARITY

RELY ON PE-RU-NA TO FIGHT CATARRH WHEREVER LOCATED IN THE SYSTEM.

MISS BEATRIX CALLAN.

Interesting Letters from Catholic Institutions.

In every country of the civilized world the Sisters of Charity are known. Not only do they minister to the spiritual and intellectual needs of the charges committed to their care, but they also minister to their bodily needs. With so many children to take care of and to protect from climate and disease, these wise and prudent sisters have found Peruna a never-failing safeguard. A letter recently received by Dr. Hartman from Sister Beatrix B. Callan, 410 W. Thirtieth street, New York, reads as follows: "I cannot say too much in praise of Peruna. Eight bottles of it cured me of catarrh of the lungs of four

years' standing, and I would not have been without it for anything. It helped several Sisters of coughs and catarrh and I have yet to find one case of catarrh that it does not cure."—Sister Beatrix. From a Catholic Institution in Central Ohio comes the following recommendation from the Sister Superior. "Some years ago a friend of our institution recommended to us Dr. Hartman's Peruna as an excellent remedy for the influenza of which we then had several cases which treated to be of a serious character. "We began to use it and experienced such wonderful results that since then Peruna has become our favorite medicine for influenza, catarrh, cold, cough and bronchitis." Another recommendation from a Catholic Institution of one of the Central States written by the Sister Superior reads as follows: "A number of years ago our attention was called to Dr. Hartman's Peruna, and

since then we have used it with wonderful results for grip, coughs, colds and catarrhal diseases of the head and stomach. "For grip and winter catarrh especially it has been of great service to the inmates of this institution. SISTERS OF CHARITY

All Over the United States Use Pe-ru-na for Catarrh.

Dr. Hartman receives many letters from Catholic Sisters all over the United States. A recommendation recently received from a Catholic institution in the Southwest reads as follows: "A Prominent Mother Superior Says: "I can testify from experience to the efficiency of Peruna as one of the very best medicines, and it gives me pleasure to add my praise to that of thousands who have used it. For years I suffered with catarrh of the stomach, all remedies proving valueless for relief. Last spring I went to Colorado, hoping to be benefited by a change of climate and while there a friend advised me to try Peruna. After using two bottles I found myself very much improved. The remains of my old disease being now so slight, I consider myself cured, yet for a while I intend to continue the use of Peruna. I am now treating another patient with your medicine. She has been sick with malaria and troubled with leucorrhoea. I have not a doubt that a cure will be speedily effected." These are samples of letters received by Dr. Hartman from the various orders of Catholic Sisters throughout the United States. The names and addresses to these letters have been withheld from respect to the Sisters but will be furnished upon request. One-half of the diseases which afflict mankind are due to some catarrhal arrangement of the mucous membrane lining some organ or passage of the body. A remedy that would act immediately upon the congested mucous membrane restoring it to its normal state, would consequently cure all these diseases. Catarrh is catarrh wherever located, whether it be in the head, throat, lungs, stomach, kidney, or pelvic organs. A remedy that will cure it in one location will cure it in all locations. If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
