Catarrhal Diseases are Most Prevalent in Winter.

IS THERE NO WAY OF ESCAPE FROM THEM?

Pe-ru-na Never Fails to Cure Catarrh Wherever Located.

There are some things which are as sure as fate, and can be relied on to occur to at least one-half of the human family unless means are taken to prevent.

First, the climate of winter is sure to bring colds. Second, colds not promptly cured are

oure to cause catarris. Third, catarrh improperly treated is oure to make life short and miserable. Catarrh spares no organ or function of the body. It is capable of destroying sight, taste, smell, hearing, digestion, secretion, assimilation and exerction. It pervades every part of the human body, head, throat, stomach, bowels, bronchial tubes, lungs, liver, kidneys,

bladder and other pelvic organs, That Peruna cures catarrh wherever located is attested by the following teatimonials sent entirely unsolicited to Dr. Hartman by grateful men and wo men who have been cured by Poruna:

Systemic Catarrh. Mrs. M. K. Bousch, Richmond, Va., writes: "I had catarrh all through my system for two years and could get no relief. I was advisad to try Peruna and I have taken five bottles of it and am well and better now than I have been for years. I can advise any one who affected my lungs.
