John Garman's Will.

Through the kindness of Mrs, David Reed of Cassapolis. Mich., we are enabled to republish the following from the "Elkart Review" under the date of Jan. 21, 1903,

J. D. Garman, the well known farmser and dairyman of east of the city, highly prizes the official copy of the John J. Ulrich and J. A. Ludwig great-grand-father, John German (Garlast will and testament of his greatexecutors of Perry Ulrich to Wilfred man), filed for probate in 1822, in Union county, Pa. The copy was made by Peter Hackenberg, clerk of that county. The phraseology throgh-out, and in many instances the orthoteimling 2 lots in McClare, \$70.00.

Levi B. Matter adm'r of Joel Matter to the casual reader. Some of the ideas, too, are peculiar. For instance, the to Isaac Bickel, 52 A. 58 P. in Centre first clause of the will reads, "Principally and first of all, I recommend my soul into the h ands of Almighty God to be in mercy received and my body I give to the Earth to be buried in a Christain like manner. And as touch-ing my worldly estate wherewith it has pleased God to bless me in this World, after my Just debts and funeral expenses are paid. I give decise and bequeath in manner following:" To the testator's son, John German, he left his "plantation" exclusive of forty acres given to a daughter, Catherine Kerstetter; but reserved certain property rights for his widow, Margaret, who was to have the use of the house and its contents "during her widowhood," and "like-wise a right in the garden." The son was to give her yearly the pros-duct of a "quarter" planted in flax, "six bushels of good Wheat, six bush-port wheat els of Rye, four bushels of Buck-wheat, four bushels of Corn, a hog weighing adm'r., of George Schnee to Henry about one hundred weight, twenty-five pounds of good beef. fifteen bushels of Oats, six pounds of good wool, one Tun of Hay and one Tun of second crop Hay, of Cottee and Six pounds of Sugar and the firewood during her Widowhood, and my son John German shall weave one piece of Linen (flaxen) yearly dur-ing her Widowhoood." The word e pully is spetled "caqually," bequests is spelled "bequeasts," annul is indi-cated by "disannul," divide is spelled with an e in the first syllable, and oth-

Opportions and Answers.

How do coal and oda wood compare in heat giving power? W.H. Each varies much in caloric power. but the avarage proportion for equal weights is about 28 for oak to 75 for

Who buys old coins? 2. Is a quarter of 1853 salable for more than a quarter?

Dealers in, and collectors of, coins will buy rare sorts, and the latter at times will pay a little more than face value for old coins that they lack when Kreamer, they are not especially rare. 2. There is a very rare quarter of this date for which coin dealers will pay from \$1.50 to \$3.50, according to the coin's condi-Beavertown, tion. It is without arrowheads at the date. But most quarters of 1853 were minted with arrowheads, and these are not wanted by dealers.
