HEALTHY WOMEN

Praise Pe-ru-na as a Cure for Colds and a Preventive of Catarrh.

according to directions on the bottle, and the cold is sure to pass away without leaving any bad effects.
Unless this is done the cold is almost sure to end in the second stage of catarrh, which is making so many lives miserable. If Peruna was taken every time one has a cold or cough, chronic catarrh would be practically an unknown disease.
Miss Elizabeth Ueber, No. 71 1/2 St. street, Albany, N. Y., writes:
"I have always dreaded unusual weather because of my extreme liability to catch cold, when a cold had troubled me it quickly developed through my entire system, which it would take weeks to get away. I am thankful to say that when I have taken PERUNA I do not have any reason to dread this anymore. I have been at all exposed to the wet or cold weather. I take a dose of PERUNA, and it throws out all the sickness from my system."—Miss Elizabeth Ueber.

FIRST STAGE OF CATARRH.
A Serious Mistake Which Thousands Are Making.
The first stage of catarrh is what is commonly known as "catching cold." It may be in the head, nose, throat or lungs. Its beginning is sometimes so severe as to cause a chill and considerable fever, or it may be so slight as to not hinder a person from his usual business. In perhaps a majority of cases little or no attention is paid to the first stage of catarrh, and hence it is that nearly one-half of the people have chronic catarrh in some form.
To neglect a cold is to invite chronic catarrh. As soon as any one discovers the first symptoms of catching cold he should at once begin the use of Peruna

Miss Sara McGalan, No. 107 1/2 St. street, Albany, N. Y., writes:
"A few months ago I suffered with severe attack of influenza, which nothing seemed to relieve. My hearing became bad, my eyes became irritated and feverish. Nothing seemed to do me any good. I took PERUNA and within two weeks I was perfectly well."—Miss McGalan.
If you do not derive prompt and satisfactory results from the use of Peruna write at once to Dr. Hartman, giving a full statement of your case, and he will be glad to give you his valuable advice gratis.
Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.
