POSTOFFICE SCANDALS

Mr. Payne Says a Thorough Investigation Will Be Made.

NOT TO ACT WITH UNDUE HASTE

No Immediate Changes in Department Contemplated, and It May be Several Weeks Before Inspectors Complete Their Work.

Washington, April 14.—Postmaster General Payne gave out a statement in which he announced that the investigation of the affairs of the postoffice department will be continued and that any parties found guilty of wrongdoing will be dealt with summarily. The statement follows:

"During the months of January and February, information and reports reached me which I deemed it for the public interest to investigate, and I, personally, gathered such information and facts as would enable the proper officers of the department to undertake a thorough investigation as to the truth or falsity of these reports. I directed Fourth Assistant Postmaster General Bristow to take the proper steps to institute the necessary inquiry, using for that purpose the postoffice inspectors' division and such other methods as would thoroughly ascertain the truth or falsity of the charges or insinuations made, and he was instructed to proceed promptly and with vigor during my absence. Since my return this morning I have not seen General Bristow, so that I am not advised of the progress made. The investigation will continue, and if any wrongdoing is disclosed, the parties guilty of such wrongdoing will be summarily dealt with. If the system or method of doing business in the department is faulty, the proper remedies will be applied without fear or favor. I inaugurated the investigation with the determination that it should be exhaustive. It is proper for me to add that I laid before the president the information which I had in my possession, and that he fully approved of the action proposed by me."

The whole administration of the postoffice department is made subject to the investigation under Postmaster General Payne's directions, and every charge will be pushed thoroughly and the inquiry made as thorough as the department's most expert inspectors can make it.

At the same time, Mr. Payne's purpose is to give fair and just treatment to all concerned, and not to act arbitrarily and with undue haste. For this reason it can be stated that no immediate changes of importance in the personnel of the service are now contemplated, and changes will depend largely on the report to be made by Fourth Assistant Postmaster General Bristow on the investigation, although circumstances may necessitate some deviation from this policy.

It is learned that it may be several weeks or more before the postoffice inspectors will be able to complete their work. When they have finished, Fourth Assistant Postmaster General Bristow will prepare a comprehensive report on the whole subject. The report necessarily will embrace matters as to which publicity may not be warranted, so it is probable some parts of the report will be withheld from publication.

An Alleged Promotion Syndicate.

New York, April 14.—No arrests have as yet been made as a result of the investigation said to be in progress of the charges that an alleged promotion syndicate had been operating to secure payment from employees of the New York postoffice for increase in salaries. Postmaster Van Cott said that he had heard nothing official from Washington as yet concerning the alleged postoffice scandals. He is still loath to believe that any such alleged syndicate could operate in the New York postoffice without his knowledge, and he cannot see by what agreement the men were induced to part with their money, if such were really the case.

ANOTHER SCANDAL PROBABLE

Exorbitant Charges made for Shipping Soldiers' Bodies from Cuba.

Toledo, April 11.—Congressman J. H. Southard, of this city, has started an investigation which may bring to light a scandal among United States officials at Havana, Cuba. The charge is that exorbitant charges are being made for the disinterment and shipment of the bodies of dead soldiers from Cuba, when it should be done free of cost, according to Mr. Southard.

Homer Pugh, who enlisted in the navy last August, died at Havana on April 2. His mother here was notified on April 7. Two days later she received a cablegram stating that the body would be exhumed, embalmed, and shipped to New York for \$225. The mother brought the matter to the attention of Congressman Southard, who has started an investigation. The dispatches received here are signed Springer.

See Captain Drowned.

Philadelphia, April 11.—Captain Morris Barnes, one of the oldest residents of Camden, and the best known sea captain of this port, fell overboard from the steamship Mary M. Githens in the lower Delaware and was drowned. He boarded the Mary M. Githens at Bower's Beach for the purpose of visiting his daughter, who resides in Camden, and whom he had not seen for nearly five months. While walking on deck he was afflicted with an attack of vertigo and pitched over the side of the steamer into the water.

THE

PUREST WHISKEY

It has been frequently asserted by eminent authorities that nearly two-thirds of the crime and poverty of the world was directly traceable to intemperance.

The wise acres should have stated that these evils are due to the immoderate use of Whiskey and Liquors of questionable quality, for it is a well-known fact that intemperance is practically unknown where pure unadulterated whiskey is used.
