ENGINEER OF NOTE.

Panama Casal.

Isham Randolph, the chief engineer of the Chicago sanitary district, whose skill directed the work of building the drainage canal, is a self-made engineer. To use his own term he "broke into the engineering ranks something like 30 years ago with an ax." Engineers admit that there is scarcely a feat of engineering in the world which eclipses Chicago's drainage ditch. The Suez canal is not so great, and when the Panama channel is completed it alone will exceed in magnitude the great waterway which connects Lake Michigan with the Mississippi river.

The Hon. Benjamin B. Odell of Newburgh, N. Y, father of an illustrious family of sons, writes the following let-ter, which he hopes will be read by every man and woman in America:

Some years ago my life was fairly made miserable by the pain and distress I suffered from ACUTE INDIGES. TION. I was also constipated and run down. The down. This condition continued for about three years. A friend of mine who had suffered in a similar manner, and been much benefited by using DR. DAVID KENNEDY'S FAVORITE REMEDY, urged me to try it. I finally did, and IT HELPED ME FROM THE FIRST DOSE, AND I CONTINUED ITS USE AND WAS CURED

"I have recommended it to numbers of people, and in every single instance they have received the greatest amount of benefit from its use."

CAUSE OF ACCIDENT IN DISPUTE

Five Cars of Express Were Consumed by Fire and Seven Passongers were Burned Beyond Recognition-Tracks Stieven With Debria.

Jamostown, N. Y., April 21.-Eight persons are dead and 10 infurod, threaof them seriously, as the result of a collision: between a parts entry train and a freight train on the Liele Raisroad, near Red House, N. Y.

Of the dead only one, Robert N. Hotehkiss, of Membrille, a brakeman, has been identified. Seven bodies, apparently those of three men, three women and a child, were burned heyond recognition in the fierce first which followed the wreck. The women are said to have boarded the train at Youngstown, Oldo, and to have come from Pitt-burg.

R. S. McCready, a mail weigher of Mendville, Pa., and Frank Barhite, of Jamestown, a traveling salesman, are missing, and it is likely two of the unidentified bodies are those of the two men.

The wrecked passenger train was known yr No. 4, running from Cheanor to New York. It was detailed by striking a freight train who have takfur a siding at Red House. #### Two Smiles for a Quarter.

Delegate Mark Smith, of Arizona, entered the House restaurant in Washington and joined some congressmen, who were discussing an address recently delivered to an association of dry goods and other clerks on "The Commercial Value of a Smile." Mr. Smith was asked what he thought of the matter, and he answered: "I have just settled and my experience leads me to the conclusion that two smiles cost a quarter."

In my own experience years ago, I owned only one two-inch tire wagan. Since then I made a three-inch wagan out of old wheels by cutting it down a little lower and had the blacksmith put on three-inch tires, one-half inch

The wonderful effect this has is improving an otherwise worthless farm convenience no one knows unless he good as a new one, and it does not

Farmers should be sure to order wide tires when new wheels are needed on old wagons. A three-inch tire will do, but a four-inch is still better, as it acts as a roller on the road, and when once packed the draft is much lighter. This is my experience .- H. F. Jahnke, in Farmers' Voice,

## VANDERBILT CAN MARRY AGAIN

New York Supreme Court Modifies Divorce Decree Granted in 1895.

New York, April 21 .- Justice Giegerich, in the supreme court, signed an order permitting William K. Vanderbilt to marry again. The order modifies the decree obtained by Mrs. Alva E. Vanderbilt in 1895, by which Mr. Vanderbilt was forbidden to marry within the life of his divorced wife. The application for the order was supported by affidavits made by United States Senator Chauncey M. Depew and B. V. W. Rossiter, and sets forth the fact that Mr. Vanderbilt now is in Paris, France, and that he is desirous of forthwith contracting another marriage.
