OVER 2000 HOMELESS

Incendiary Starts Disastrous Blaze at Ottawa, Ind.

HUNDREDS OF HOUSES BURNED

Fire Started in Lumber Yards and Spread Over Wide Area Before It Was Checked—Break in the Water Mains Handicapped Firemen.

Ottawa, Ont., May 11.—A fire, suspected of being incendiary origin, yesterday afternoon and evening destroyed hundreds of houses and millions of feet of lumber in this city. John White, who has just been released from the penitentiary after serving a term of imprisonment for arson, was caught near where the fire was first discovered...

The fire originated within a stone's throw of where the great Hull fire of April 26, 1900, was checked. The Hull fire started on the opposite side of the river and spread to the Ottawa side, destroying millions of dollars worth of property. It burned out near where the Ottawa and Parry Sound Railway enters the western part of the city...

The fire was confined to the following area: The Ottawa and Parry Sound Railway on the south, Division street on the east, First avenue on the west and the Richmond road on the north. From the Parry Sound road to the Richmond road is about one mile, and from First avenue to Division street is about one-quarter of a mile.

While the fire was burning fiercely among the lumber piles the whole brigade of the city, which had been summoned, were forced to remain idle by a break in the water main. For an hour not a drop of water was thrown into the flames. A stiff south-west wind was blowing, and by the time the water main had been repaired the lumber yards were a mass of glowing embers...

Another lumber yard in a thinly settled section northeast of Rochester was swept by the fire in an incredibly short time. This brought the fire to the more thickly settled sections.

After leaving the lumber piles the flames swept over Pine street, which runs east and west down Willow Poplar, Anderson, Eckles, Somerset, Spruce, Elm, Maple, Albert and on to the Richmond road, or, properly speaking, Wellington street, where it was stopped, a short distance from the Canadian Pacific Railway depot.

Fifteen million feet of lumber were destroyed. It belonged chiefly to J. R. Booth and was sold. The loss on the lumber will be about \$300,000. The buildings burned were principally dwelling houses and stores. They were all built since the last great fire and were either solid brick or brick veneered, as the city would not permit of any other kind being erected.

The loss on the buildings is estimated at various figures. Mayor Cook said that there were from 500 to 600 families homeless, or about 2,000 individuals.

THE THIRD BACH FESTIVAL

Bethlehem's Great Musical Event an Unprecedented Success.

Bethlehem, Pa., May 12.—The third Bach festival was auspiciously opened in the large Moravian Church last evening after the announcement by the trombone choir from the church steeple. The church was well filled with many who are prominent in the musical work of the entire country. The programme comprised the cantata, "Sleepers Wake, For Night is Flying," followed by the "Magnificat in D," for the second time in America. Theodore Thomas' Cincinnati chorus rendering it in 1873.

The soloists, Miss Effie Stewart and Miss Lucy A. Brickenstein, sopranos; Miss Marguerite Hall, alto; John Young, tenor, and Herbert Witherspoon, basso, achieved a notable success. The large audience joined in the chorales. The first night of the Bach Festival was considered an unprecedented success, and Director J. Fred Wile was overwhelmed with congratulations.

This afternoon and evening the Christmas oratorio will be given, the chorus numbering 110 and the orchestra 50.

HAND IN HAND.

WHERE YOU FIND ONE, YOU'LL FIND THE OTHER.

Health and Dr. David Kennedy's Favorite Remedy are boon Companions; they travel together hand in hand, and where you find one you'll find the other. The countless testimonials received by the Doctor from sufferers who have been cured of the numerous diseases of the Kidneys, Bladder, Blood, Rheumatism, Dyspepsia and Female Weaknesses, is splendid proof of this fact.

Put some urine in a small glass and let it stand 24 hours; if it has a sediment; if it is pale or discolored, cloudy or rosy; your kidneys and bladder are sick and there is no medicine in existence that has made such remarkable cures as Dr. David Kennedy's Favorite Remedy. If you are doubtful, it will only cost you the price of a postal card TO DISPEL THAT DOUBT.

It is a matter of absolute indifference to us how many physicians or specialists have prescribed for you without bringing you relief, write your full name and address on a postal card and send it to the Dr. David Kennedy Corporation, Rondout, N. Y., and you will receive absolutely free, a trial bottle of DR. DAVID KENNEDY'S FAVORITE REMEDY, of sufficient quantity to convince you of its rapid relieving powers, and that a continuation of its use will cure any disease of the Kidneys, Liver, Bladder and Blood.

Druggists sell it in New 50 Cent Size and the regular \$1.00 size bottles.

Is it possible that the wise men who have given their lives to codding and tending the lobster, Concerning the Lobster, will not become extinct, have been on the wrong track? It was an English rhymester who wrote—

"Art stretches over the horrid scene Her skillful and remedial way. And when I speak of Art, I mean The Fish commission, U. S. A."

Now it has been a cardinal principle of this art that no one must molest the baby lobsters. Catch all you like, the bigger the better, says the Massachusetts law, but everything under 10 1/2 inches must either go back into the water or be smuggled to market in a special box, ostensibly containing seaweed. Now comes Representative Davis, of Salem, says the New York Post, with a proposition which amounts to turning the present law upside down. The inexorable limit he would keep at 10 1/2 inches, but the immunity, he believes, should be extended to those above the line, instead of below it. Mr. Davis appears to be supported in his novel proposition by a professor in the Institute of Technology, and by the chairman of the fishery game commission.

The idea would seem to extend the poultry-yard principle over the lobster fisheries. We do not habitually kill off and eat the veterans of the chicken coop (some may dissent from this proposition). On the contrary, we are nourished by the delicate and toothsome spring chicken. Why, then, should we not eat the fatted calf lobsters, and leave the moss-covered grandfathers and grandmothers to shift for themselves in the deep?

The weak point is that a creature which after a long experience with the perils of the sea, is foolish enough to walk into a lobster pot is not fit to be entrusted with the up-bringing of the rising generation of lobsters.

Statesmen and others with a large bowing acquaintance will probably welcome the self-raising hat recently invented in Paris. All you have to do is to incline your head gently and the hat raises itself with nice politeness, and then returns to its original position with proper dignity. A little practice perfects the wearer in a number of different degrees of cordiality, the deep, encouraging bow with which one greets a creditor, for example, or the graceful but hurried salute that is rendered to a fashionable friend who was just back from Europe.

Washington turns out too many anecdotes of public men for all of them to be good. Somebody ought to discontinue the practice.

THE CONCILIATION BOARD

Failure to Organize Causes Unrest Among Miners.

Wilkesbarre, Pa., May 12.—Who will call the new conciliation board together, or which side is to take the initiative in forming the organization of the board, are questions that are giving the miners' representatives on the board some worry at present. The miners are the parties with the grievances, and they want them adjusted as soon as possible, but now since the members of the board have been selected there seems to be no precedent by which they can be called together and organized.

The companies' committeemen seem to be also at sea as to what they should do. They seem to be waiting to learn the wishes of the miners' side as to the methods of procedure. As far as can be learned, they have taken no steps in the matter as yet. District President Nicholas, of Scranton, says the miners' representatives are still waiting to receive formal notice from the coal companies of the appointment of the latter's representatives. He said the only knowledge he has of these appointments is what he has seen in the newspapers. He further added that the miners are anxious to have the members of the conciliation committee organized as soon as possible, as there is considerable dissatisfaction and unrest among the miners over the delay. Mr. Nicholas said he expected the committee to be called together within the next week, and if the formal notification did not come from the Reading Company within the next few days he would have to accept the press reports as to the appointment of the operators' representatives and would notify them that the miners' representatives were ready to meet and organize.

NO THIRD TERM FOR GROVER

Cleveland Not Desirous for a Fourth Nomination.

Athens, Ga., May 11.—In reply to a direct inquiry regarding his supposed third-term aspirations, former President Grover Cleveland has written that he is "not desirous" of again carrying the Democratic banner. Recently the Athens Banner made a poll of business men of this city as to their preferences for the Democratic nomination, and found the overwhelming answer to be in favor of Cleveland. A copy of the paper containing this poll was sent Mr. Cleveland, with a letter from Editor B. F. Holder, Jr., in which occurred the question: "Are you now considering or would you consider making the race for the presidency next year on the Democratic ticket?" To this letter Mr. Cleveland sent the following reply:

Princeton, N. J., May 8.—B. F. Holder, Jr., Athens, Ga. Dear Sir—I thank you for your letter of the 4th inst. and for the editorial clipping from your paper which accompanied it. I am glad to be gratified by the kindly expressions which frequently come to me in these days from all parts of the country, and I desire to thank you for your loyal support in the past and for your exceedingly friendly expressions at this time. In answer to the question with which you conclude your letter, I can say no more than to assure you that at no time since the close of my administration have I been desirous of carrying the Democratic banner for the fourth time in a presidential contest. Yours very truly,

IRVING STEWART

Philadelphia, May 12.—The long legal controversy between the Rev. L. N. W. Irvine and Bishop Talbot and others has at last in all probability come to an end for the Supreme Court, in a per curiam opinion, has overruled the exceptions taken by Irvine to the judgment of Common Pleas Court of Huntington county in his suit against Emma D. Elliot, Ethelbert Talbot and Alexander Elliot. The opinion sets out the facts and is in part as follows:

"Plaintiff brings this appeal, assigning many reasons, but there are in substance only two: 1.—That defendants conspired to have plaintiff unlawfully deposed from the ministry. 2.—That they conspired by unlawful means to injure his reputation and standing as a Christian minister."

"There is no law which imposed upon a common pleas jury the duty of passing upon the capacity or impartiality of a church court. That court believed the evidence against Irvine; therefore, their judgment, even if not approved by Irvine and his friends, and even though not impartial, is not unlawful. He had full notice of the charges, appeared and was heard; the proceedings were lawful and pronounced by a lawful court. This court, as we have said time and again, is not a court of review of the proceedings of ecclesiastical courts."

"Nor can we see any objection that defendants conspired by unlawful means to injure the reputation and standing of Irvine. They conspired to have charges preferred by a judge tending to disgrace him. There is nothing in this that would constitute an unlawful conspiracy. It is a matter of fact that the members of the court were men of integrity and could not have been corrupted. They may have been mistaken, but they were not dishonest as appellant charges. If so, we can do nothing to set him right."

"All the assignments of error are overruled and the judgment is affirmed."

OPPOSITION TO CANAL TREATY

Three Elements in Colombia Fighting Against Ratification.

Washington, May 12.—Private advices from Colombia state that there are three elements opposed to ratification of the Panama canal treaty. One element antagonizes the United States having perpetual control, another that an indemnity and annuity is not sufficient, and the third element consists of revolutionary spirits who fear that with the Colombian treasury enriched with \$10,000,000, the government's strength will be so increased as to destroy any hope for the revolutionary movement.
