Letter to F. E. Bower.

Middleburg, Pa.

Dear Sir: Two and two make four not always depends upon what "two and two" are.

Two gallons of water and two gallons of milk don't make four gallons of milk.

Neither does four gallons of paint that's half lime whitening, clay and kerosene oil, make four gallons of red paint.

That's what we mean by saying "Fewer gallons wear longer." It takes fewer gallons of Devco Lead and Zinc than of mixed paints to paint a house, and it wears twice or three times as long as lead and oil, mixed by hand.

Prowse & Pelton, Herkimer, N. Y. writes;

Mr. Chas. Ayer, of Herkimer, N. Y., bought 51 gallons of Devco Lead and Zinc to paint his five houses, his painter having figured that it would require at least that amount; 36 gallons did the work and he returned 15 gallons.

Yours truly, F. W. Devco & Co., New York.

P.S.—P. P. Smith of Sunbury sells our paint.

Soak the feet in hot water with a few teaspoonful of Perry Davis' Painkiller in it. Take a teaspoonful of Painkiller in hot sweetened water at bed time and be thankful for so simple and speedy a way to break up a cold. There is but one Painkiller, Perry Davis'.

HOW A BEAUTIFUL WOMAN ESCAPED SPRING CATARRH BY USE OF PE-RU-NA.

Nothing Robs One of Strength Like Spring Catarrh -- Spring Fever is Spring Catarrh.

MISS HELEN WHITMAN.

Miss Helen Whitman, 308 1/2 Grand avenue, Milwaukee, Wis., writes: "There is nothing like Peruna for that tired feeling, which a year ago I felt unable to regain my health, but four bottles of Peruna made a wonderful change and restored me to perfect health. As long as you keep your blood in good condition you are all right and Peruna seems to fill the veins with pure, healthful blood. I thoroughly endorse it."

Have you got nerves? Well, you ought to have nerves. But they ought to be strong nerves, good nerves. Does your hand tremble? You are living too fast. Does your heart flutter at times? You had better call a halt. Americans live too fast. They crowd too much into a single day. They have too little leisure. The hospitals and insane asylums are filling up. The quiet, pastoral scenes of yore are becoming rare. It's time that we quit this sort of business.

How to Get Strong Nerves. First, repair the injury already done to your nerves. The way to do this is to do exactly as did Mattie B. Curtis, secretary of Legion of Loyal Women, Salem, Boston, Mass. She said in a recent letter: "I suffered for over a year with general weakness and debility manifested in severe headache and backache. I took four bottles of Peruna, and for two months have been entirely free from these maladies."

Nervous Prostration. Thousands of cases might be quoted in which Peruna has been used to rescue people from the perdition of deranged nerves, and put them on the good, solid foundation of health. The County Auditor of Erie county, New York, Hon. John W. Neff, in a recent letter written at Buffalo, New York, stated: "I was persuaded by a friend to try a bottle of your great nerve tonic, Peruna, and the results were so gratifying that I am more than pleased to recommend it."

A Spring Tonic. Almost everybody needs a tonic in the spring. Something to brace the nerves, invigorate the brain and cleanse the blood. That Peruna will do this is beyond all question. Everyone who has tried it has had the same experience as Mrs. D. W. Timberlake, of Lynchburg, Va., who, in a recent letter, made use of the following words: "I always take a dose of Peruna after business hours, as it is a great thing for the nerves. There is no better spring tonic, and I have used about all of them."

Catarrh in Spring. The spring is the best time to treat catarrh. Nature renews herself every spring. The system is rejuvenated by spring weather. This renders medicines more effective. A short course of Peruna, assisted by the balmy air of spring, will cure old, stubborn cases of catarrh that have resisted treatment for years. Everybody should have a copy of Dr. Hartman's latest book on catarrh. Address The Peruna Medicine Co., Columbus, Ohio.

Mrs. Lulu Larmer, Southampton, Wis., says: "For two years I suffered with nervous trouble and stomach disorders until I learned that there was nothing to me but a bundle of nerves. I was very irritable, could not sleep, rest or console myself, and was certainly unfit to take care of a household. I took Peruna and pills without benefit. When I began taking Peruna I grew steadily better, my nerves grew stronger, my rest was no longer fitful, and to-day I consider myself in perfect health and strength. My recovery was slow but sure, but I persevered and was rewarded by perfect health."

If you do not derive pronounced satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.
