The plan of allotment will be as follows: On joining the Club you \$22.50, and get a deed for your Lot, or have a year (under contract) to pay the balance in monthly payments.

Each Certificate of Membership in the Club entitles the holder there of to one of these Lots and in some cases we have set aside two Lots and same will be given as one Lot bers will get 2 lots for \$32,. 50, 28 bers will get 2 lots for \$32,. 50, 28 A recent expression from T.) members will get 3 lots for \$32.50. Each Member inducing seven menbers to join will receive a Lot free, also it one member buys seven receipts, thus getting one lot free in this way, the total cost for the eight would be only \$227.50, out of the eight you would no doubt get at least three that would be worth from \$100 to \$150 each, and the balance averages about \$75, thus making a splendid investment.

Of course we loose on this disposal of these Lots; but we calculate that the extra building that will be done on these Lots will increase the value of our holdings and thus make up the loss in the end.

Should be pleased to have you join the Club, as a great many have already joined, would also be pleasof Sunbury are visiting her mother, ed to have you interest your friends in this splendid opportunity.
