

A Weekly Income of \$20.00. The breadwinner is sick the family income stops, but the expenses multiply. There is the doctor and medicines to be paid and medicines to be bought besides the cost of providing usual necessities. In time of health a man provides for the dark days of sickness. Such provision relieves the anxiety of his family when he is unable to supply them; thus saving him from worrying the ill, and actually helping him to well. If you should be sick and unable to attend to your business would you have the necessary means to support your family during the period of illness? The well-known Pennsylvania Life and Accident Association (Walnut Street, Philadelphia, now a Health Insurance contract paying \$10.00 weekly indemnity, at a cost of \$5 a year. This is doubtless the liberal insurance ever offered, and suited to both men and women of occupation, without medical examination. All claims are immediately paid so that the holder of one of these insurance contracts is able to get the money when he and his family most need it. As no agent has yet been appointed in this locality, any of our readers who desire to avail themselves of this opportunity should write to the home office in Philadelphia for application blank and full particulars. Some enterprising young man of good character could obtain the agency here and secure a large number of applications in a short time. Such an agency would pay him well and give him a permanent income. 6-4-14

Letter to Steninger Bros. Middleburg, Pa. Dear Sirs: You can afford the best and your experience has shown that it is also the cheapest. Men would learn this, they'd get a lot of money. Lead and Zinc costs a more per gallon than mixed, but it takes fewer gallons to a house, and it wears longer. The cheapest paint in the world. Frank A. Morse, druggist of Rutland, N. Y., writes: "I ordered 15 gallons of your thinking, from experience mixed paints, that it would reduce the amount to cover my house. Only 8 gallons. Austin Delcher, of Winthrops, bought eleven gallons; he said it could make this letter a hundred times as long with such examination." Yours truly, F. W. Devoe & Co., New York. P. P. Smith of Sunbury writes: "I have sold, Devoe Lead and Zinc has given good satisfaction and has taken a less quantity than expected." "I could make this letter a hundred times as long with such examination."

Another Accident on the Big Hill. "Millsburg Telegraph." As Jesse Roland and a companion named Wensel, both of Snyder county were coming down the big hill in a wagon on Thursday morning, of last week, the harness and bit broke, when the horse ran down the hill at a terrible pace, throwing Roland out, severely injuring his ankle and bruising and cutting his head. At the foot of the hill the wagon collided with a buggy just about ascending the hill and containing Mrs. Samuel Boyer, her two children, and Miss Mable Keiser, her sister. The buggy and the ladies' horse were upset, but happily, the occupants were uninjured. Wensel who retained his seat in the wagon, jumped out and succeeded in quieting his horse, while Mr. Daniel Moss, who was near, rushed to the scene and cared for the ladies and their horse. Their buggy being damaged, they secured another and proceeded on their way to New Berlin to visit friends. Mr. Roland's injuries were dressed by Dr. Chas. H. Dimm. Later in the day he and his friend Wensel returned to their home in Snyder county, with a bad opinion of "Longtown Hill."

THE TRIUMPHS OF PE-RU-NA INCREASE.

Thousands of Chronic Ailments of Women Cured Every Month—Disguised Internal Catarrh the Enemy of Women—Pe-ru-na the Only Internal Systemic Catarrh Remedy Yet Devised—Prominent Cases in Illustration.

Nervous Depression.

Summer months are peculiarly the months of nervous diseases, especially nervous prostration and other depressed states of the nervous system. People who are not at all inclined to be nervous or suffer from weak nerves find this time especially trying. Sultry heat and electrical disturbances of the atmosphere are probably the cause of this. Invalids need to be particularly careful to fortify the nervous system by the use of Peru-na.

Miss Helen Roloff, Kaukauna, Wis., writes: "Several times during the past two years or more my system has been greatly injured by a bout, and at those times Peru-na has been of great help in building up the system, restoring my appetite and securing restful sleep. I know a great number of women who are using it for the troubles peculiar to the sex, and with the best results." -Helen Roloff.

MISS HELEN ROLOFF.

Now, the medicine only is obtained by such patient at her own drug store. These "curing" in business persons patients have only to send address, duration of disease and treatment previously received, and directions for the first bottle's treatment will be sent at once. "Over half the medical profession are some form of impostor. And yet, probably the most successful of these impostors is the man who sells you a bottle of medicine, and tells you that it will cure you." -Miss Jennie Finley.

Miss Jennie Finley, 25 Madison Street, Memphis, Tenn., writes: "I wish to thank you for the medicine which you sent me. I had been suffering from a chronic catarrh of the bladder for several years, and had been treated by several physicians, but without any permanent benefit. My health was very poor, and I was unable to do any of my usual work. I had been told that Peru-na was a good medicine for such cases, and I had bought a bottle of it. I had not used it long when I felt that it was doing me good. I had no more backache or headache, and I was now in perfect health, and was able to do all my usual work. I am now in perfect health, and I have never had an ache or pain, thanks to Peru-na." -Lucy M. Riley.

MISS LOUISE BERTSEL.

MISS JENNIE FINLEY.

Miss Louise Bertsel, 191 1/2 Second street, Brooklyn, N. Y., writes: "My health was excellent until about six months ago, when I seemed to have a collapse from overworking socially, and the doctor ordered an entire change of scene and climate. As this was an absolute impossibility at the time, I had to try and regain my health in another way and was induced by a friend, who gave Peru-na such a good recommendation, to try Peru-na. I cannot tell you the condition of my nerves when I began to use it. The least noise irritated me, and I felt that life was not worth living, but Peru-na soon changed me into a well woman, and now I do not know I have nerves." -Louise Bertsel.

A newspaper contributor was lately admitted into the extensive suite of offices which constitute the headquarters of Dr. Hartman, who treats catarrh patients by the thousand. Among the busy swarm of assistant doctors, clerks, stenographers and bookkeepers, Dr. Hartman stopped long enough to say a few words. "A large number of female patients visit me every year, but the number who are entered on my books as regular patients and are treated by correspondence is very much larger. Hundreds of letters are received and answered free every day. A yet greater multitude take my catarrh remedy, Peru-na, and are cured, of whom I never hear. Some of this latter class write me years after their cure. "I never allow a name published except by the written consent of the patient. We make no charge at any time." -Dr. Hartman.

Miss Lucy M. Riley, 33 1/2 Newport street, Cleveland, Ohio, writes: "I wish to thank you for the medicine which you sent me. I had been suffering from a chronic catarrh of the bladder for several years, and had been treated by several physicians, but without any permanent benefit. My health was very poor, and I was unable to do any of my usual work. I had been told that Peru-na was a good medicine for such cases, and I had bought a bottle of it. I had not used it long when I felt that it was doing me good. I had no more backache or headache, and I was now in perfect health, and I have never had an ache or pain, thanks to Peru-na." -Lucy M. Riley.

ably not a tenth of the women know that their disease is catarrh. To distinguish catarrh of various organs it has been named very differently. One woman has dyspepsia, another bronchitis, another Bright's disease, another liver complaint, another consumption, another female complaint. These women would be very much surprised to hear that they are all suffering with chronic catarrh. But it is so, nevertheless. Each one of these troubles and a great many more are simply catarrh—that is, chronic inflammation of the mucous lining, of which organ is affected. Any internal remedy that will cure catarrh in one location will cure it in any other location. This is why Peru-na has become so justly famous in the cure of female diseases. It cures catarrh wherever located. Its cures remain. Peru-na does not palliate—it cures. "Health and Beauty," sent free by The Peru-na Medicine Co., Columbus, Ohio.
