6,000 Homeless at Des Moines.

Des Moines, Ia., June 1.—Once more hope has been inspired in the breasts of the 6,000 flood refugees by the report that the river has begun to slowly decline. So far as is known but seven authenticated fatalities have been reported. For over two days it has rained constantly and the mercury has stood close to the freezing point. Scores of men, women and children have spent hours at a time in soaking wet garments, sitting on the roofs of their homes awaiting the arrival of rescuers. The last of these was removed last evening. More fatalities will result from exposure than from drowning. The property loss will mount into the millions.

Hundreds of Houses Carried Away.

Lawrence, Kan., June 1.—The water here is falling. Half the houses on the north side are washed away, but the people have all gone to high ground and are safe. The river is six to seven miles wide here. Hundreds of homes have been carried down the river. There are only two or three small spots on the north side not under water, and most of the 3,000 people over there are homeless and have lost all their personal property. There has been much loss of live stock.

The Flood in Nebraska.

Lincoln, Neb., June 2.—The flood situation is greatly improved in Lincoln. The water in the western lowlands is between five and six feet below the high water point of Saturday, and some of the drowned-out residents have moved back to their homes. A short distance outside of Lincoln conditions are still bad and railroads are making little effort to run trains on regular schedules. There is some improvement at Beatrice, and the worst is thought to be over, but the town is still isolated except by wire.

ALMOST A LYNCHING

Negro Gambiers Caused Riot at West Liberty, Pa., Ball Grounds.

Pittsburg, June 1.—In a riot at a base ball ground at High Bridge, in West Liberty Borough, one negro was killed, two were probably fatally shot, a third was badly beaten and thrown over a hill and three white boys were severely but not fatally wounded. One of the negroes escaped lynching by a very narrow margin.

Six negro trap shooters attempted to do business, and when warned to leave opened fire with revolvers and wounded several persons. A mob quickly formed, and two negroes took refuge in a chicken coop, from where they continued firing on the crowd. One of the mob climbed to the roof and the next time the negro inside opened the door to fix a huge rock fell and landed on his head. The negro, who was identified later as Charles Kelley, fell forward, and at the same instant both arms went out and from his hands flew two revolvers. There was a rush at the prostrate form, and the man was literally pounded to death with clubs and stones.

The other negro was dragged from the coop and a rope was procured. He was dragged at least 300 yards with the rope around his neck, and the mob was about to hang him when the officers arrived. The negro was wounded in a dozen places and cannot live.

Eric Police Force Resigns.

Eric, Pa., June 1.—Mayor Hurdwick has accepted the resignations of the city police force whose signatures were affixed to the ultimatum sent to him last Tuesday, in which the 34 patrolmen stated that unless their salaries were increased from \$60 to \$75 before June 3 they would leave the employ of the city. This morning the force consists of Chief Sullivan, Captain Colburn, Special Officer Marshall and Clerk Lustin.

SWEPT BY A CYCLONE

Over 100 Killed by Terrific Wind Storm at Gainesville, Ga.

BIG COTTON MILL DESTROYED

Employees Were Caught Under Wreckage and Many Were Killed and Injured—Others Met Death in Falling Stores.

Gainesville, Ga., June 2.—This city was struck by a terrific cyclone, killing over 100 persons, unroofing the city hotels, other large buildings, and destroying the Gainesville cotton mills. The greatest loss of life was in the destruction of the cotton mills, where 84 persons were killed and scores injured.

Eighteen persons were killed in the city between the centre of town and the railroad station, where four large stores were blown down. The storm had driven many persons into these stores for refuge. There were 500 persons at work in the cotton mill when the cyclone struck. The mill was a three-story building. The first story was left standing, but badly wrecked. With a terrific crash the two upper stories of the building were swept away, leaving 32 operatives dead in the room. The cyclone then swept around the outskirts of the city to the suburb of New Holland, two miles away, where are located the Pacolet cotton mills, one of the largest institutions of this character in the south. The plant of the Pacolet Company was not seriously damaged, but probably 100 cottages standing nearby, occupied by the operatives who were employed in the mills, were completely demolished, killing 33 people. These were mostly women and children, as the heads of the families were nearly all in the factory at work.

The store of Joseph Logan, near the Gainesville cotton mill, was crushed to ruins by the wind, and eight men who had taken refuge in it were instantly killed.

The Jones general store met a similar fate, and in the ruins two people, one man and one woman, were crushed to death. The woman was Mrs. Jones, wife of the proprietor.

Reports from White Sulphur, seven miles from Gainesville, are to the effect that the storm struck there with terrific force, killing a dozen people. This, however, is not absolutely confirmed.

Dr. Smith, city physician of Gainesville, says he has visited 100 wounded and has personally seen 100 dead.

The physicians who have assisted in the work of relief say that the scenes at the mills were appalling, the victims being crushed and mangled in every conceivable manner.

The tornado struck the town in the southern portion. It came with a frightful roar, and the day was turned into night. As people fled from the storm they were caught in the wind and bodily thrown in all directions.

Some houses were torn into fragments; others were lifted from their foundations and carried intact for blocks; roofs sailed like leaves in the air, and many persons were picked up in the storm and carried over trees and houses for long distances.

The Richmond Hotel was wrecked, and several perished along with it. One hundred and twenty-five cottages, a schoolhouse and a church were blown away in the negro section of the town.

Five brick stores on the main street of Gainesville were swept away. In all 200 buildings are demolished here.

Killed His Affianced Wife.

Pittsburg, Pa., May 29.—Because his affianced wife, Mary Mucenska, was nursing a friend's child, Albert Dobrydno, a Pole, shot and killed her. After shooting the woman Dobrydno attempted to kill himself with a razor, but was prevented by some of his countrymen, who almost ended his life by beating him unmercifully. They finally dragged him through the street by the heels to the police station. In spite of the investigations of the police they have been unable to find any specific cause for the crime beyond that of a lovers' quarrel. The couple came here from Poland about a week ago and were to have been married on June 14.

Short in His Accounts.

Princeton, N. J., June 2.—I. E. McGretick, of Trenton, who during the past two months has been manager of the Western Union Telegraph office here, has been arrested, charged with being several hundred dollars short in his accounts.

Man's Body Found in River.

Laureator, Pa., June 1.—The badly decomposed body of an unknown man was found floating in the Susquehanna river at Chickies. It had evidently been in the water a long time.

Deafness Cannot be Cured

by local application as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is not a dangerous or incurable condition, but an inflamed condition of the mucous membrane.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

PRESIDENT SPEEDING HOME

Presented With Beautiful Saddle Horse at Cheyenne, Wyo.

North Platte, Neb., June 2.—President Roosevelt is speeding homeward. He left Cheyenne, Wyo., yesterday and made but one short stop between that place and this. The stop was made at Sidney, Neb., where he delivered an address on good citizenship before a large crowd. He ran into a rain storm here, but notwithstanding that a large number of people turned out to greet him. The stop here was but half an hour, during which time he was taken for a drive about the city and made a short address. The president spent today in Iowa and tomorrow and Thursday will be devoted to Illinois. The only stop scheduled for Friday is Pittsburg, where he will spend 10 minutes that morning.

The wild west exhibition in honor of President Roosevelt at Frontier Park in Cheyenne, Wyo., was a big success. The first event was the presentation to the president of the beautiful saddle gelding, Hagalona, supplemented by a complete riding outfit. The present was from the people of Cheyenne and Douglas, and was tendered by Senator Warren. The president responded in a happy vein, saying the gelding was the best riding animal he had ever been astride, and asking permission of the people of the state to rechristen the animal "Wyoming." The beautiful animal, at the command of Senator Warren, fell on its knees and saluted his new owner.

Worst of All Experiences.

Can anything be worse than that every minute will be your such was the experience of H. News on Deatur, Ala. For years she writes, "I endured a terrible pain from indigestion, stomach and bowel trouble, which seemed inevitable when doctors' remedies failed. At length I induced to try Electric Bitters, the result was miraculous. I was cured at once and now I'm completely recovered." For Liver, Stomach and Bowel troubles Electric Bitters is the only medicine. It's guaranteed by Middleburg drug Middleburg Drug Store, Garman of Richfield, Dr. Sampson of Penna Creek, Dr.

Farmers' Institutes.

The County Board of Farmers' Institute Managers, will meet at County Commissioners' office on second Tuesday of June, to arrange the place where Institutes are to be held this season. All of our people who desire Institutes, ought to attend this meeting and present their names. This Board is composed of the Members of the State Board of Agriculture, and one representative from each County Agricultural Society. The County Agricultural Society, Monona Grange and County Agricultural Society, are invited to attend the meeting, and to present their suggestions to Chairman Linen and Institute Managers, care of County Commissioners.

Miss Roosevelt's Exciting Experience.
Washington, May 31.—Miss Alice Roosevelt, who left here for Albany, N. Y., to become a bridesmaid at the wedding of Miss Ruth Franz, a college friend, had a somewhat exciting time on the railroad. She occupied the seat of the chauffeur in a new automobile of the "red devil" type which she had just purchased, and while proceeding down Pennsylvania avenue was overtaken by a number of fire engines and both and ladder trucks on their way to a fire. None of them struck the new vehicle, but there were several close calls. Miss Roosevelt saved herself by bringing the vehicle to a halt, while the fire wagons rushed on past her.
