Advertising Brieflets.
 Proper advertising is to business what kerosene is to fire.

The time to advertise is all the time. The unyielding tenacity of the advertiser brings the yielding product.

The correctness of advertising is shown by the size of the balance in your bank book.
 Printers ink covers a multitude of sins in advertising, but it will not bring happy results without intelligent forethought and systematic plans.

A buyer is not always in a receptive mood. Hence you should advertise long and often to strike the happy moment.

The strongest point that can be made in an advertisement is the one that shows the greatest advantage to the buyer, provided of course the truth is told.

Every newspaper has its friends. A new concern, who uses it as an advertising medium, has the advantage of being introduced by an "old friend of the family."

Advertisements are not like wine that improves with age. In advertising, change your beverages often and it is even safe to "mix your drinks."

An advertisement of long standing indicates a sleepy merchant and is almost as undesirable as the so called business man who hides his candle under a bushel by never advertising.

The man who does not believe in advertising is almost synonymous with the man who does not believe in the commercial value of the possession of ready cash.

It takes a large amount of money to advertise on a large scale, but it takes a liberal amount of good judgment to advertise successfully even on a small scale.

Twentieth Century Land Club.

To Editor of Post.

You can state that the plot referred to where the allotment of Lots is to be made is located at Jersey Shore Junction, opposite Depot.

The Allotment will be made on or about June 20th, parties will be notified in due time. We have set aside 300 Lots which are selected from different parts of the plot and the lots run in value from \$50 to \$200.

The plan of allotment will be as follows: On joining the Club you pay \$10 and receive the Company's receipt for same, which amount will apply on the \$32.50. At the time of allotment you can pay balance, \$22.50, and get a deed for your Lot, or have a year (under contract) to pay the balance in monthly payments.

Each Certificate of Membership in the Club entitles the holder thereof to one of these Lots and in some cases we have set aside two Lots and same will be given as one Lot to the holder of ticket bearing numbers corresponding. (42 members will get 2 lots for \$32.50, 28 members will get 3 lots for \$32.50.)

Gray Hair
 "I have used Ayer's Hair Vigor for over thirty years. It has my scalp free from dandruff and has prevented my hair from turning gray."—Mrs. F. A. Billings, Mont.
 There is this peculiar thing about Ayer's Hair Vigor—it is a hair restorer, not a dye. Your hair does not suddenly turn bald, but gradually the color comes back, all the faded, dark color it used to be. The hair stops falling out. \$1.00 a bottle. All druggists.

Startling Evidence.
 Fresh testimony in great quantities is constantly coming in. Dr. King's New Discovery for Coughs and Colds is the best. A recent expression from Farland Bantorville, Va., example. He writes: "I have been afflicted for three years and all the time without being cured. Then I began taking Dr. King's Discovery, and a few bottles cured me. Equally effective for Lung and Throat troubles, Croup, Whooping Cough, and other ailments. Middleburgh Drug Store, Graybill & Gorman, and Samquell of Penns. Creek. Trial bottles free. Regular and 1.00."

Letter to C. A. Bolender.

Middleburgh, Pa.
 Dear Sir: Everybody considers painting a necessary nuisance, and you are probably no exception. You can't abolish it altogether; but you can make it come half as often, and costs only two-thirds as much each time, and have your house look better all the time.
 Everybody knows that the seashore is hard on paint. The Farrington residence at Rockland, Maine, a sea-coast town, was painted with Devco seventeen years ago. The house has never been repainted, and it seems to be well painted yet.
 If you want to take the trouble to be convinced, we can send you a hundred other instances; but none so striking as this.
 This is not all. Devco Lead and Zinc not only wears longer, but it paints more square feet to the gallon than any other paint—especially mixed paints. It is the "Fewer gallons; wears longer" paint.
 Yours truly,
 F. W. Devco & Co.,
 New York.
