Chronic Delaware
The little state of Delaware has been rather seriously disturbed during the past two weeks.

We can not help but feel that the negro received his just dues at the hands of an infuriated mob, but the mob acted without the authority of law and are as guilty under the law, though not morally, as was the negro.

Two wrongs never make a right and in this case has raised insurrection and a disturbance that would lead the outside world to believe, was beyond the power of the officers to control and subdue.

Justice sometimes is slow and its ends frequently have been miscarried and it is a warning to Judges not to postpone trials on cases as clear as this one.

Causes of the Scarcity of Teachers.
EDITOR POST:—Allow me to express my views to the readers of your worthy paper on this all important subject which confronts the people of Snyder County at this time.

people are afraid to admit, if they do know. I am fearless to say that one of the foremost causes which brought about this deficiency is due to politics.

Mr. Editor, you remember, as well as I do that during the last ten to twelve years our schools were taught by from forty to fifty per cent of young men and young women who had never taught before and who had no training as teachers, and yet were licensed to supersede the professional and experienced teachers—All for the purpose of gaining political influence.

The last cause is that of prosperity in all lines of business. Young men and young women can get positions and realize a large salary than the average teacher secures.

I have used Ayer's Hair Vigor for a great many years, and though I am past eighty years of age, yet I have not a gray hair on my head.
Geo. Yellott, Towson, Md.
We mean all that is dark color your hair to have. If it's gray no matter; for Ayer's Hair Vigor always restores color to gray hair. Sometimes it makes hair grow very heavy and long; and it stops falling out of the hair, too.
