Deafness Cannot be Cured

unless the diseased part of the ear is reached by the direct application of the medicine. There is only one way to reach the diseased part, and that is by the use of the medicine. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube is inflamed you have a humming sound or imperfect hearing and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are cured by catarrh, which is nothing but an inflamed condition of the mucous lining of the tube. We will give the Handkerchief Catarrh Cure for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

INSANE MAN'S AWFUL DEED

Stabbed His Aged Wife Four Times and Then Hanged Himself.

Admission—\$1.00. A frightful tragedy occurred at the home of Farmer John Clear, two miles from Baker Summit, Bedford county, Va. Clear suddenly went stark mad while in bed, imagining that an army was approaching his home. Possessing a big butcher knife he attacked his wife, stabbing her four times in the region of the heart and lungs, inflicting fatal injuries. She was in bed at the time.

Going down stairs after this bloody work he found an axe, and searching out his son Justin, who was still in bed, the old man attacked him. The son overpowered his father after a struggle and succeeded in taking the weapon away from the old man. The son then made his escape from the house. Making his way to the nearest neighbors he roused them and related their services to capture his father before he could harm others. The party returned cautiously to the house and finding no signs of life about entered.

Mrs. Clear was found in bed, bleeding from her wounds in a helpless condition but still living. A search for Clear was made. The old man had gone into the woods back of the home, about a quarter of a mile and there hanged himself with a bed cord to a walnut tree. He was quite dead when cut down.

Mrs. Clear, who is 75 years old, cannot survive her wounds. Clear has been acting queer for a week past.

FOR SYSTEMIC CATARRH

Peculiar to Summer Pe-ru-na Gives Prompt and Permanent Relief.

C. S. Rhoads, Indianapolis, Ind., writes: "For the past two years I have hardly known what it was to have a restful night's sleep. Cares and overwork seemed to weigh me down more than it should or would had I been able to get my proper rest. My doctor was unable to help me and ordered me South for a complete rest and change. As this was simply out of the question, and as I had heard several of the men under the name of how much Peruna had helped them, I decided to try it and am glad to say that I did. Six bottles made a new man of me. I eat well, sleep well and am feeling refreshed and rested."

"My official duties are not half so hard and I certainly have good reasons to heartily endorse Peruna."—C. S. Rhoads
