MISCREANTS WRECH TROLL Plunged Down Embankment Near V kesbarre-One Killed, 11 Injured.

Wilkesbarre, Pa, Sept. 7 -- One of the large trolley cars on the Wilkesbarre and Harvey's Lake railroad, returning from the lake, was wrecked in a mountain gorge five miles from this city and plunged down a 30-foot embankment, killing one passenger and injuring 11 others. The wreck was caused by a stone being placed on the track at a sharp curve by some unknown miscreant, who so far has made

good his escape. The forward end of the car rested in a creek below, and the passengers were injured by jumping out of the car when it went over the embankment.

Mrs. Michael Wolfe, who was killed. was thrown out of the car, falling on her head, and her death was almost instantaneous. The motorman and conductor escaped with a few slight bruises. Detectives were hurried to the scene where the accident took place, and efforts are being made to locate the perpetrators of the fiendish deed.

The dead: Mrs. Michael Wolfe, of Luzerne borough.

The injured are: William Epstein, Scranton, seriously injured on side; Frank Rogall, Wilkesharre, scalp wound, arm and leg seriously injured, back injured; Thomas Haley, Old Forge, Pa., cut on head.

The following were slightly injured, bruised and suffering from shock Morris Epstein, Scranton; W. B. Pourt, Wilkesbarre; Fred. Matthews, Scranton; C. E. Moore, Wilkesbarre; J. R. Little, Wilkesbarre; Mrs. J. R. "illiams, Westmoor, Pa.; Mrs. L. F. Frodhome, Annapolis, Md.; John Reynoi is, Towanda.

President Approves Leave of Absence For Commander R. E. Peary.

EXPEDITION LEAVES IN APRIL

Washington, Sept. 7 .- Commander Robert E. Peary, U. S. N., the Arctic explorer, will make enother dash for the north pole. Leave of absence for three years has been granted him. with the permission of the president.

4 Wherein they (Bink it strings that your not with) them in the string store of In his letter of application for leave of absence Commander Peary briefly outlined his plan of action in a suitable ship built in one of our best shipyards, strengthened to the maximum degree and fitted with American engines, Commander Peary hopes to start with his expedition about the 1st of April.

In his letter of application to Act. ing Secretary of the Navy Darling for leave of absence, Commander gradging Peary says:

'I should expect to accomplish the distance to the pole and return in about 100 days, or a little more, an average travel of about 10 miles a day. Returning, I should break the ship out late in the season and return home

"If ice conditions the first year were such as to prevent reaching the northern shore of Grant Land. I should winter as far north as practicable and force the ship to the desired location the following year. In this event the expedition would be gone two years." Distinctive features of Commander

Peary's plan are the use of individual sledges with comparatively light loads, drawn by dogs and the adoption of Eskimo methods and costume. Acting Secretary of the Navy Darling says in his letter to Commander

"The attainment of the pole should presiding hishop of the Episcopal he your main object. Nothing short church in this country, as well as the will suffice. The discovery of the poles oldest bishop in the Anglican com- Is all that remains to complete the map to visit Paul in his imprisonment, and,
