Emanuel S. Bowersox, who has been spending the past eight months in Snyder County, left Tuesday for his home in Lindsey, Ohio. When he came East he had expected to stay only a short while, but he liked Snyder Co. so well that he prolonged his stay. He will stop at New Castle, Pa., and Cleveland, Ohio, on his way home. He is highly pleased with the kind treatment of friends here and thinks he may return within a year. Mr. Bowersox is a widower and his children are all married, so it is very lonely in Lindsey for him, so he may return East both for business and domestic felicity.

A Large Order.

Probably the largest order ever given for paint in the State of North Carolina was received by the Odell Hardware Co., of Greensboro, N. C., from W. A. Irwin, Esq., of Durham.

The order was for 5,000 gallons of Devoc lead-and-zinc paint, to be used on the large Irwin Mills and their cottages now being built in Hartnett County.

Many of the leading paint manufacturers were eager to secure this order, and it speaks volumes that the preference was given to Devoc lead-and-zinc which is undoubtedly the foremost paint in this country to-day.—Greensboro (N. C.) "Record."

McKees Half Falls. WARD—HERBOLD.

Our quiet little town was aroused from its slumber when the wedding bells began ringing for Jacob Ward and Kathryn Herbold, the former a contractor and liveryman of Millerstown and the latter one of our esteemed ladies of our pretty little town. This was a quiet home wedding yet quite a number of friends were present. The bride's sister played the wedding march after which the bride and bride groom were met in the center of the room by the Rev. E. E. Haney, who performed the wedding ceremony.

After the ceremony and congratulations the guests numbering 30 marched in the Half Falls House and partook of an elegant supper which deserves special mention due to the pains taken by the honorable Host Jumbo Kerstetter and wife.

The occasion was enlivened by a string band from far and near which added enjoyment to the occasion.

Milton's Big Fair.

Nineteenth Annual Meeting will be held October 7th, 8th, and 9th. The annual fairs of the Milton Association have always attracted the people, because there is always a good show there. There are plenty of exhibits and fine stock, which always interests the farmer and stock-raiser; there is always a magnificent line of fancy work—the culinary department and domestic products—that always please and interest the ladies, and the interesting races and entertaining attractions that please everybody. Every feature that contributes to the success of a well managed county fair is found at Milton, not even excepting the gaudy fair and the midway shows. There is an entire absence of gambling and gambling devices and the best of order is always maintained. This year's fair promises to eclipse them all. Among the attractions will be the celebrated Myrtle Park combination, the most daring equestrian exhibitions ever given. Everybody is going to the Milton fair—join the procession.

All Can Help.

A newspaper man is blamed with a lot that he can't help, such as using partiality in mentioning visitors, giving news about some people and ignoring the coming and going of others, etc. He simply prints the news he can find. Some people inform him about such things while others do not. An editor should not be expected to know the names of all your uncles and aunts even if he does see them, any man, woman or child can be an associate editor.
